Derek & Bonnie

Within four years of high school, students experience many problems. The problems from year to year constantly change, but so does every student. As the solutions are found, the students can find gratification in conquering their problems.

It begins with a student's induction to the high school. The Freshmen have to adapt themselves to a whole new environment. They are no longer the oldest in the school system. They must begin once again from the bottom and work for the top. Many believe that the top is easier to climb to with a popular name behind them. The first year prepares them for the next few years to come. The Freshman finally made it to the high school and now must begin to feel like a high school student.

The now veteran sophomores feel like the world is at their feet. This is usually about the time they try to attain their driver's licenses. A car is a valuable tool in the socialization of the teenagers. A magic power is brought out in the second year students with a new class ring. Owning their own class ring makes them carry their head high throughout the high school hallways. They are part of their school, and its unity can be shown on their hands.

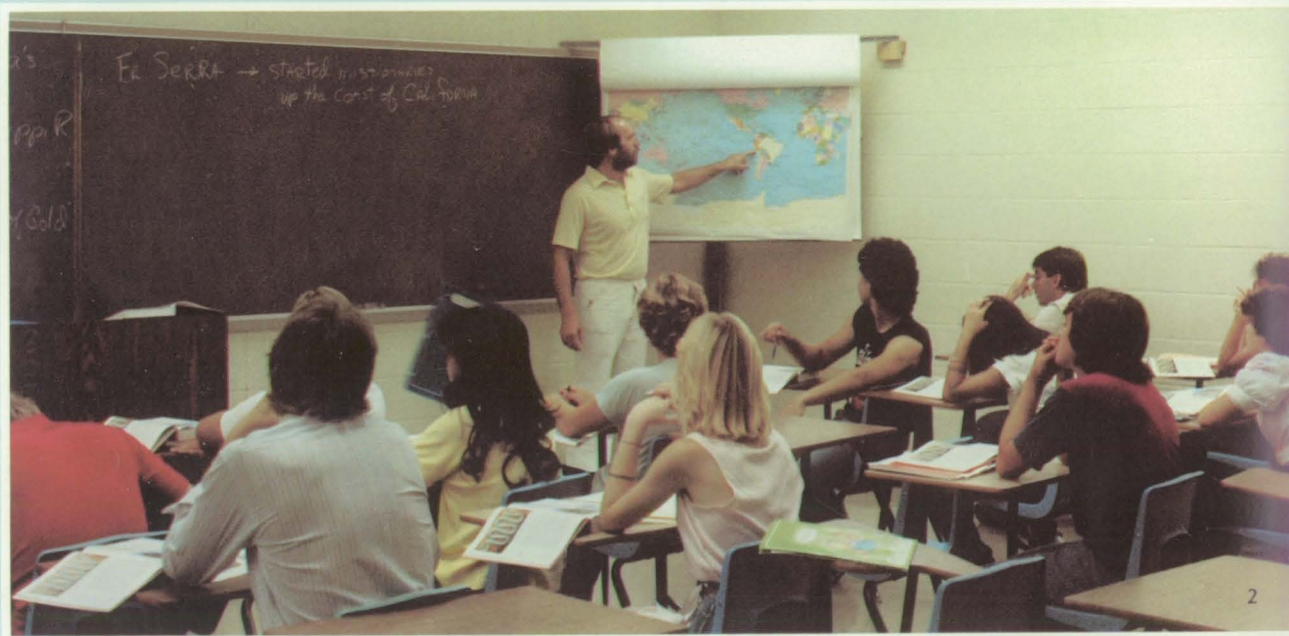

A feeling of nobility is acquired when the third year student hears someone refer to him as an upperclassman. Unfortunately, most feel that they have the work load to match. In this year, students must explore their career potential. This can be quite a decision for these young people; after all, planning their future is not an easy task. The school system understands this problem faced by young people, and it has provided counselors to make information available to the students.

This leaves the Senior class. It is the seniors who must leave the school. Seniors now meet the end of their school years, but they meet the beginning of their lives. "Where shall I go from here?" is a popular question to them at this time. The question should be, "Where shall I find my future security?" They now make their final life decisions. They look for a job, spouse, go into the service, or maybe even go to college. They may go separate ways, but they all leave together and all look for their own home and own happiness.

Staff, Students Take Time To Do It Right

Academically speaking, our most important goal during high school should be to receive a good education. A good education prepares a student for the real world, whether he chooses to attend college or join the work force. Whichever choice a student makes, a good education is necessary to attain a well-paying job or to promote success while in college. Academics are the most important of all choices. Good academic standings provide a sense of well-being, as well as a sense of self-value. Receiving a good education is just as challenging as any sports event. A student must overcome the obstacles which stand in his way to secure a good future. While in high school, academics may not be the major part of a student's life, but when looking back in later years as an adult, a person remembers the feeling of receiving good grades and especially a good education.

1. Kathy Irwin and Tina Giffin study diligently in the hall.
2. Mr. William Angle points out a South American country to his sophomore history class.
3. Mr. Bob Sater discusses demerits with Dave Winters.
4. Underclassmen show off their typing skills to Mr. Al Haschak, new assistant principal.

Bosom Buddies

Friendship provides stability which is needed especially through the teenage years. A person encounters new experiences, and a friend adds to the enjoyment by sharing the good times as well as the most trying times. True friendship is found when a person can accept himself for exactly who he is and also accept others for the qualities they possess. A person must fully understand himself for true friendship to blossom. Without friends, a person is forced to face the everyday happenings by himself instead of sharing these experiences with someone who truly cares. A good friend will stand by his friend through thick and thin and understand why he is so very special.

1. *The grumbellies attack* Tammy Chaffe, JoMarie Loucek, Julie Bavetz, and Heather Smith.
2. Mike Santarelli, Theresa Bohinc, Debi Russell, John Slovik, and Craig Sill *share special moments together.*

3. *Once again, the three musketeers Todd Tinley, Mike Warren, Mark Welch, prove the proverb, "One for all, and all for one."*

Seniors Lead The Way

Over the past years, sports at Madison High School have been an every day activity for students. Not only have the various sports been an outlet for book-bored students, but sports have also been a place for exceptional athletes to display their athletic talent. Without the competition of sports and the spirit generated by them, school would not be as lively or enjoyable.

1. Tim Wilson tries to elude the North defenders.
2. Doug Knauf tackles for the ball.
3. The Madison cheerleaders hold up the banner before the North game.

1. Dean Corbissiero prepares to "tee off" on teammate Greg Hayden.
2. The Madison Bluestreak Football team breaks through the banner.
3. Madisons Girls' Cross Country team warms up before their race.

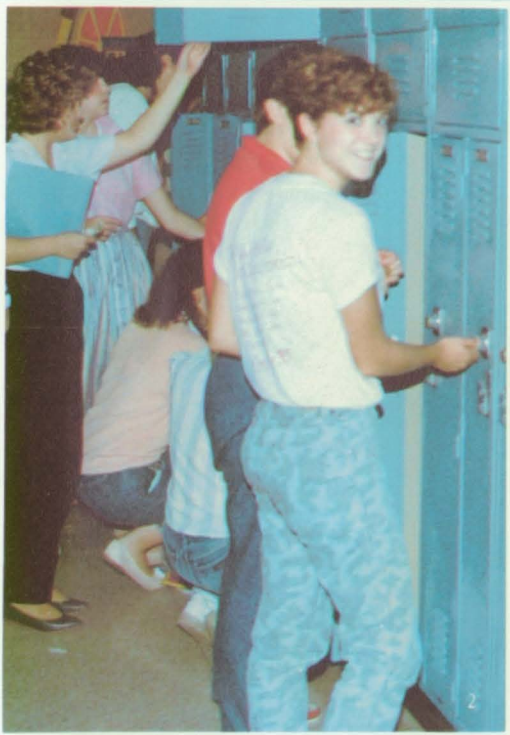

It's Home Away From Home

School is a type of home to the students. Family consists of all their friends, and teachers are a moral guide like parents. Students learn together and dine together, but best of all they grow up together. To feel at home, they create murals, and students even make their lockers interesting. Pictures of friends or comic strips are used to remind students that life is not so hard. Even a magazine ad can express an intimate dream. This home will be one remembered in the future.

1. Mr. Jerry Deel teaches the basics to his freshman science class.
2. Dana Hudec and Vicki Reed share a humorous moment.
3. YOU MADE IT!

1. Mr. George Opron *stretches through freshman gym.*
2. Kari Ashton *enjoys her time before class.*
3. Shannon Kriegmont *strolls through lunch.*
4. Crinnie Hummel *finds a quiet place to study.*

Students Earn A Living

Whether it's in one of Madison's numerous fast food restaurants, nearby nurseries, or just around home, Madison High School students carry on work outside of the class room. These jobs include summer, part time or personal employment and give the student a feeling of responsibility. Accompanying this is the regular paycheck. With this money, the students earn a level of independence where they need not ask their parents for money. Jobs outside of the home prepare students for life after school. They are taught basic mechanical skills as well as how to deal with people in the community. There also exist low paying jobs such as cleaning the house, mowing the lawn, or working on the car. Although these jobs don't pay much, these chores are still necessary.

1. Kristen Downs checks over the receipt to make sure she included everything.
2. Phil Platz assists a customer with his groceries at Chapeldale IGA.
3. Kevin Heglund takes a special order from Kurt Karis at McDonald's.

The Fad Is Casual

FADS AND FASHION

With the changing of every year, new fad and fashion standards are created. Like every year before, these fads are more outrageous than its predecessors. The "In-Things" at the beginning of this year were by far the varieties of wrist wear found throughout the school. These include SWATCHES, the colorful, interchangeable approach to wristwatches. Another example of modern wrist apparel is the plastic bracelets that are available in every conceivable color, from your favorite neon to the standard black. White-woven cloth bracelets were the choices of those falling into the preppie category.

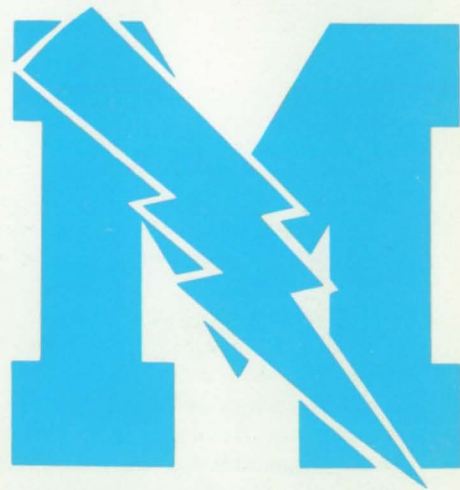

In the clothing department, plaids were the pattern. Taking the form of pants or shirts, plaids could be found in every student's wardrobe. Cardigan as well as Varsity sweaters were added to Argyle as the standards for sweater apparel. Girls' pants took a special twist this year with the addition of stirrups to the cuff.

As the high-top rage cooled in the footwear department, it was replaced by flats in all shapes and sizes. Docksidlers, the most popular of the flats, added new colors to its spectrum as they came in white to black.

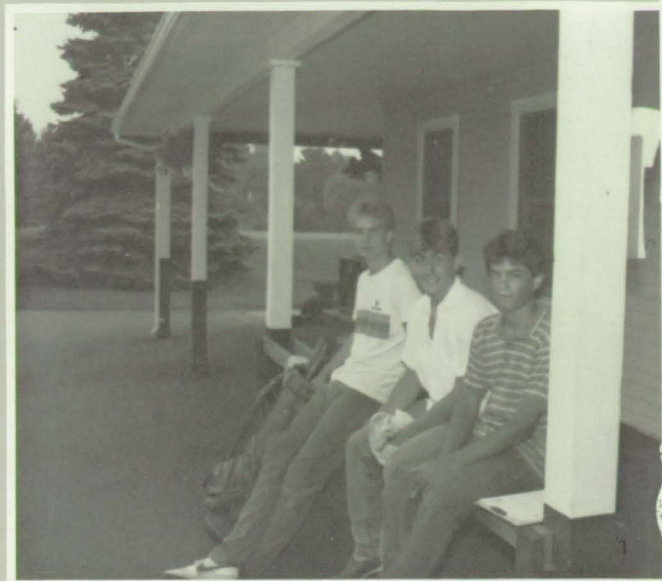

For hairstyles, the word was short. Butches and Punk cuts were very popular with the kids here at MHS. The impact of this was quite evident, but the majority of students kept their subtle, conservative looks.

Looking back upon these fads, they will probably seem lax and/or moderate upon this book's publishing date. But it just shows the constant desire of people to be different and stand out as an individual. And remember, you, the masses, dictate fashions, so keep in mind, YOU made it TRENDY.

1. Lisa Kline brings out one of the popular colors this season.
2. Chuck Hanusosky shows us one fine piece of his wardrobe.
3. Sally Ditchcreek displays her totally awesome outfit.
4. Even though safety glasses aren't "in", Joe Gandee demonstrates with Greg Hayden that they really can be fashionable.
5. Jerrard Brichford shows the "Hawaiian" look while Craig Rowan prefers the "casual" look.
6. Doug Knauf feathers his hair without using a comb.
7. "Well is this fashion, or is this fashion?" asks Craig Sill.

The senior year isn't what it seemed to be when the senior was a freshman. The idea of being head of the school is almost mind boggling. When a senior, a person must think about his or her future plans.

Even though the senior must face this fact, he then makes up for it by all of the fun he has. The senior usually sticks with his senior friends, and they do things together, such as going to the movies, driving around, and going to parties. He tries to make it his most memorable year.

The senior is now facing the adult world. He finds himself socializing with older groups. Seniors are also finding more responsibilities that he never had to face before; he must make decisions he never had to make. These decisions include what college or what armed service, to go into.

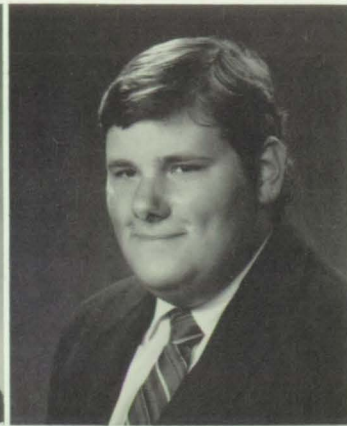

Being a senior, like being a junior or any other grade, means confrontation with responsibilities. In addition, Seniors, must also face the thought of not returning the following year.

Foot Prints

One night a man had a dream. He dreamed he was walking along the beach with the LORD. Across the sky flashed scenes from his life. For each scene, he noticed two sets of footprints in the sand; one belonged to him, and the other to the LORD.

When the last scene of his life flashed before him, he looked back at the footprints in the sand. He noticed that many times along the path of life there was only one set of footprints. He also noticed that it happened at the very lowest and saddest times in his life.

This really bothered him and he

questioned the LORD about it. "LORD, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during the most troublesome times in my life, there is only one set of footprints. I don't understand why when I needed you most you would leave me."

The LORD replied, "My precious, precious child, I love you and would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you."

ACADEMICS

Administration Sets New Goals

"Providing the right education for every student", says Mr. Leitch, "is the main priority of the Madison High School administration." To accomodate this goal, the administration would like to allow social and emotional growth, along with the ability to have fun and enjoy school.

As a tool to encourage more student input, Mr. Leitch would like to see a merit system instituted in the school in contrast to the demerit system. He feels that the school should have a form of reward for the deserving pupils. But the goal that the administration emphasizes the most is that every freshman would graduate when he is supposed to.

Wonders With Numbers

The Madison High School Math department has come a long way. Mr. Jerry McIntyre is the head of the department. The juniors that are going to be seniors have a choice of Calculus, Trig, or any other kind of math.

The sophomores that are going to be a junior can take Algebra 2 or Geometry. They can take any class that they want to. Students are fit to their own kind of math. Some are slower than the others, but there are classes for them, too.

Special Ed., Social Studies Educate

Brushing up on History of the World and current events of today's society is the Social Studies department of Madison High. Headed by Mr. Jim Deering, the department offers a variety of classes to help enlighten students' knowledge of other world cultures, our own country's background, and the latest crisis taking place right now. Of the courses offered, which are World History, Government, U.S. History, World Cultures, Problems of Today, Social Studies, and Inquiry, Sociology is the newest. Although it is not Social Studies oriented, Sociology deals with relationships and causes of past and present events of our country. As a result of all of these classes, Madison High school students graduate with a fairly knowledgeable account of the world's features and history.

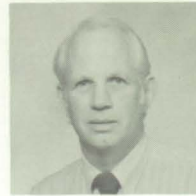

Helping those students who need a little extra attention in their academic studies, the Special Education department seeks to provide these students with a complete education. Mrs. Debbie Morgan and Mrs. Karen Wirtzberger are the two instructors of the department. While Mrs. Wirtzberger's class includes those who tend to be slow in understanding, Mrs. Morgan's class deals with the students that simply have slight learning disabilities. The two classes instruct the students in the basics of math, English, history, and science, although each student may have different obstacles to deal with. As a result of Mrs. Wirtzberger's and Mrs. Morgan's willingness and cooperation, everyone is offered the opportunity of a good education.

Writing Works!

As much as we dread going into English class, it can be fun. The boring literature books have been upgraded by new books that have taken their place. The English teachers are trying to push a positive attitude by encouraging the students. The main area of study this year is in composition. There will be an aptitude test on a student's writing abilities. Now students are starting to use their grammar skills which they have learned over the years to improve their writing skills. Using these skills is, for the students, a refreshing change.

Languages Come Alive!

Learning a different way of communicating is what the Language Department of Madison High School tries to help students to accomplish. Three different languages are taught at M.H.S.: Spanish, German, and French. Mrs. Karen Battes, a Spanish teacher, teaches Spanish 1, Spanish 2, and Spanish 3. Mr. Don Strother, the school's only German teacher, instructs German 1, 2, and 3. In charge of directing students in French 2 and French 3 is Mrs. Ruth Ann Strother. A new addition to the language department is Mr. John Kist, a teacher of Spanish 1 and 2. Another new face belongs to first year French teacher, Mrs. Sharron Griffith.

Mr. Ken Heichel

Mr. Frank Ashton

With only two teachers in the art department, there are a surprisingly large amount of art-related classes offered at Madison High School. Mr. Frank Ashton, who teaches part-time at M.H.S., is the instructor of Senior Art Survey, a class many take to get a credit of fine arts, painting, and art foundation. The school's full-time art teacher is Mr. Ken Heichel. Mr. Heichel directs students in many fields of art, including art foundation, beginning drawing, textiles and ceramics, jewelry, sculpturing, and commercial art.

Learning Is Diversified In Sciences

Diversification is the key to the Madison High School Science Department. Freshmen entering the school are placed in either physical or general science. Mr. Winfield handles the more difficult science courses while Mr. Pelich, Mr. Deel, Mr. Grimm, Mr. Piker, and Mr. Richmond handle the freshman general science classes. In the sophomore year, the choices are not as open, the only option being Biology I taught by Mr. Grimm, Mr. Hanes, and Mr. Richmond. For the sophomores and freshmen this year, 2 years of science is required to graduate. However, the present juniors and seniors only need one year. If a student wishes to continue in this field, he has several options. Going into the junior year, Mr. Mallick oversees all of the chemistry classes. Mr. Mallick expressed satisfaction with the department's achievements but also felt that the announcing of a department head would improve the coordination between programs. The senior year offers Physics with Mr. Winfield, Biology II with Mr. Deel, and computers with Mr. Pelich as options. This course is not, however, limited to seniors. Overall, the science department at Madison offers the opportunity for students to excel in many branches in the field of science.

Good Health Comes From Physical Education

Physical education and Health classes at Madison High School are both required courses during the freshman year. During the sophomore year, Phys. Ed. must also be taken. Both courses are a semester in length and must be completed for graduation. These are not just mandatory, but they contribute to the mental and physical development of each student.

While in gym class, students can release stored energy through competitive activities which also supply fun and enjoyment for everyone in-

involved. In Health class, students are taught the fundamental aspects of human awareness concerning their emotional and physical needs. In addition to the time spent with classwork, students are encouraged to express themselves openly and honestly regarding a certain problem or a questioning idea.

Another activity offered during the semester of Health is CPR. Here, the students learn the technique to save a person's life in an emergency situation.

Band Makes New Rhythm

Stage Band is a lively, jazzy band that is made up of very talented and expert musicians. The Stage Band attends all the concerts that the other Bands play in, as well as the Jazz Festival in February and performances at the Middle Schools. They also play in concerts with other schools and are judged according to their sound, instrument composer and rhythm in their performances. The Madison Stage Band competed against some of the best High Schools, such as Riverside and Geneva, in Ohio.

The 1985-1986 Madison Chorus, directed by Mrs. Lori Eppler, has had an active and intense year of singing. The Chorus has doubled in size as well as in the number of concerts performed, compared to years in the past. Some of these concerts were the Fall Concert, Lake County Vocal Festival, Christmas concert, and the Spring concert. Their talent has broadened to become a fuller and more delightful sound. Other events the Chorus has participated in were such things as Christmas Caroling around the community and in the nearby hospitals, and carrying out fundraising events.

1. While playing his trumpet, Jeff Fisher watches Mr. Joe Acerra for his cue to rest.
2. Jeff Sandru plays in the jazz section of the band.
3. The flute section tunes their instruments before proceeding to play.
4. The 1985-1986 chorus

... And Fills The Air With Song

The Concert Band of 1985-1986, under the direction of Mr. Joe Acerra, practices and develops their skills daily. They give a concert, for which they play for the community and for small groups. Concert Band is for those who are interested in improving their skills and want to continue in the music profession. They obtain knowledge to get a more intense understanding of the music they play and to improve their ability to play.

1. The 1985-1986 Band Council (l. to r.): Natalie Stollings, Amy Retsch, Tina Stapleton, Joe Acerra, Dave Ferguson, Matt Quirk, Ted Reed
2. The percussion section keeps to the rhythm.
3. Dave Ferguson gets into the groove.
4. Concert Band tries sight reading a new song.
5. The band puts the finishing touches on their almost perfected song.

Marching Band Keeps Busy

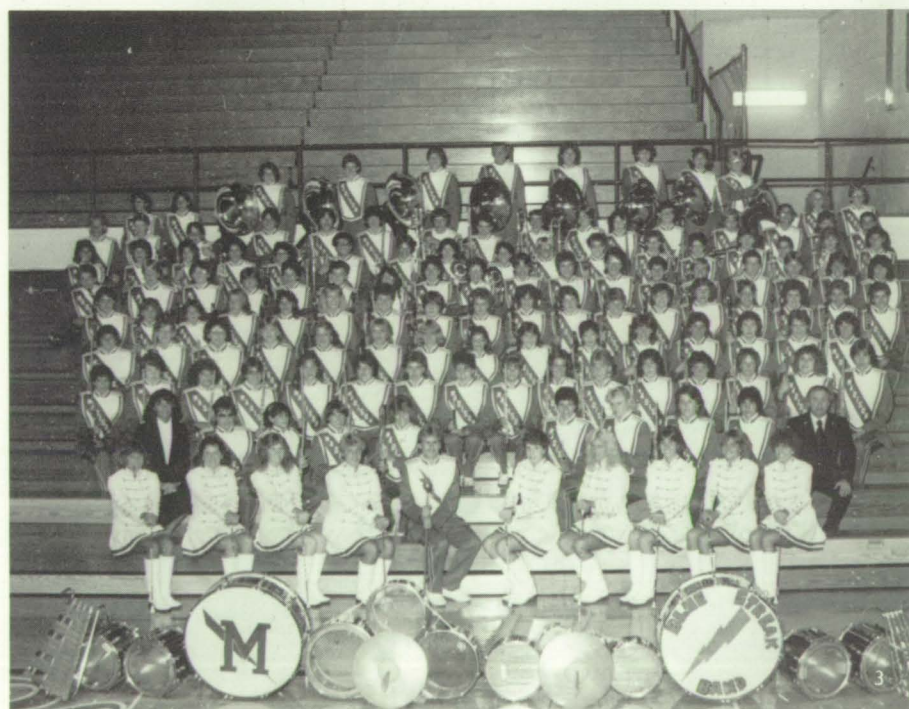

The Marching Blue Streaks, directed by Mr. Joe Acerra and Drum Major Jeff Sandru, kept up a busy year. Besides playing at all football half-time shows, the marching band also played in several parades and festivals, including two Old Fashioned Days parades, The Geneva Grape Festival, The Parade and Marching Band Festival, The St. Patrick's Day Parade in Cleveland, the Memorial Day Parade, and the Lake County Marching Band Festival. Fundraisers, including selling candy bars, pizza, and beef and cheese, helped the band to raise enough money to purchase new Marching Band uniforms. The band's time and dedication has shown greatly throughout the year.

2. Band director Mr. Joe Acerra watches as his gift from the senior band members rolls across the field towards him.

Majorettes Add Touch Of Class

Working with the Marching Band, the majorettes contribute extra entertainment to shows, parades, and festivals. The majorettes also help the band with fundraising. Being a majorette takes time, dedication, and lots of hard work. Their long-practiced routines make them a main attraction on the football field during half-time shows. With the help and direction of Drum Major Jeff Sandru, the majorettes have shown their skills and talents during the year.

1. Majorette Vicki Reed dances the Alley Cat at a half-time show.
2. Drum Major Jeff Sandru marches up the field.
3. Senior majorettes: Aimee Fraley, Lauri Robison, Sherry Donch.
4. Diane Szabo performs her routine as Jeff Sandru marches up behind her.
5. The MHS majorettes: (clockwise from bottom left) Vicki Reed, Aimee Fraley, Sherry Donch, Diane Szabo, Cheryl Piks, Lauri Robison, Dana Hudec, Traci Weema, and Ann Square. (In middle) Jeff Sandru, Drum Major.

Blue Streaks Disappoint

Madison High School's football players went into the nineteen eighty-five season with a lot of high hopes, only to end up with a lot of disappointments. The team's varsity squad suffered throughout the season with lots of injuries to its starting players. The team did have a strong point: its defense, led by co-captains John Sandru and Keith Smith. This small but very aggressive defense held some of the best offenses to very few yards.

The Madison J.V. football team went undefeated in the N.E.C.. They started the season on a 14-12 victory over Perry. The next two games they lost, but after that they went on a winning rampage with six straight wins.

Over all, the J.V. team had a great season. Even though they had some injuries, they still dominated the N.E.C..

2. Doug Bailey sweeps around left end for a first down.

The freshmen football team ended up with a five-hundred record. They opened up the season with a 6-0 win over Conneaut, the game after they beat Geneva 20-12.

The rest of the season was an uphill struggle for the Streaks, but they ended up 3-3-1.

Varsity Soccer Team Fares Well

Under the watchful eye of Coach Earl Delp, the Madison Varsity Soccer Team finished with a 10-9 record. Big wins were knotted this year against Mentor 1-0 (who went on to win the sectional title) and a 4-1 beating of Hawken. The team, reporting the most sophomore lettermen in its history, was led by seniors. Thom Boles led all scorers with 15 goals and 11 assists. Tod Baker was next in line with 8 goals and 11 assists. Defensively, the "Sweeper" position is reserved for the best athlete on the team. During the 1985 season, this spot was filled more than adequately by Duff Taylor. Jeff Sandru, a converted front-liner, held the goalie position. It was new for Jeff, but he still finished with a fine season. With the upcoming sophomores, Coach Delp is anticipating a good 1986 season.

J.V. Soccer Still Going Strong

This year's J.V. Soccer team wrapped up the season with a nine-win, eight-loss, and two-tie season. Although being one of the toughest seasons ever, the team was able to capture first place in the J.V. tournament held at Grand River Academy. This was a first in Madison's J.V. soccer program for the coach, Mr. Geof Gates. With many key players moving up to Varsity, Coach Gates was left with many freshmen and some sophomores. He still was able to put together a strong team and have his fourth winning season in a row.

Young Junior Varsity Team Grows Through Season

The 1985 Junior Varsity Volleyball Team had a slow season, under Coach Dick Fullmer, head director of the East End YMCA. Each year a new group of freshmen come in to the picture without the experience of having played competition volleyball. Coach Fullmer believes the J.V. squad is an important building block for the Varsity Squad. As in all high school sports, the Varsity team is the more important team that represents the school. Coach Fullmer felt that his Lady Bluestreaks showed a lot of improvement. The Team came back to beat three teams that they had lost to earlier this season. The Coach feels the score really doesn't compare to the experience that the J.V. Squad received. The team enjoyed the fun and experience of playing Madison High School Volleyball.

Madison Varsity golf team finished with a 7-7 record in the N.E.C. and a 8-8-1 record overall. Madison's team was led by senior Dean Corbissero. The Bluestreak Grapplers Capture Seventh Title

The 1985-1986 Wrestling season was a winning season for Head coach Gene Melin and assistant coach Bob Sater. Although the team fought a lot of hardships such as with eligibility or injury, the team was able to capture its' Seventh North East Conference.

The Bluestreaks came in with new faces, young and old. Wrestling for them and the team had good results for the 1985-1986 season. Starting the season were; Mike Domiter, Jake Reihner, Kipp Bonner, Ted Ransom, Scott Chaffee, Craig Rowen, Jason Reihner, Scott Morgan, Richard Hall, Dave Eland, Micke Lackner, Ed Graf-ton, and Jim Hall.

J.V Wrestling Builds A Future

Coach Mr. Robert Sater and the J.V. Wrestling Team finished its season with a 7-4 record. Although their record may be of some value, the real importance is stressed on the individual. J.V. Wrestling is set up as a feeder program to the Varsity, aimed at building up the individual step by step. They go to the same camps and clinics as the Varsity Wrestlers. They also show the same willingness to do the same intense work. These facts came to be evident when the JV Wrestlers were moved up into Varsity positions during the season. With their determination and hard work in this building program, those individuals were able to pick up and take the open spots with pride.

Madison Has Mild Season

The Madison Boys Basketball team had an up and down season. They started out really strong with a 3-1 record in the N.E.C. After the injury to Ben Kriegmont, the team started to go down hill from then on.

The team was led by team co-captains Mike Warren and John Josza. Mike hit the baskets when the team needed them, and he was leading scorer on the team. John was the leader in rebounds and dominated the boards every game.

The Blue Streaks might be losing most of their starters next year, but they have the juniors to fill the spots, and Madison should have a very good team next year.

Junior Varsity Aims High

The 1985-86 Junior Varsity Basketball team finished with a 12-8 record. Head Coach Jack Austin helped improve and inspired his players. Made of mostly sophomores that showed a lot of varsity potential in playing and the amount of sportsmanship, the team lost eight very close games in their regular season. The high points leader for the J.V. team was Paul Siperke,

and the top rebounder was Dave Abert. Other star players of the team were Todd Emmett, John Davis, and Curtis Warren, who was known to be the play maker. The team was also made up of many other good athletes who improved their skills in basketball. The team should come back and dominate the varsity team.

Swimmers Pull To Sectionals

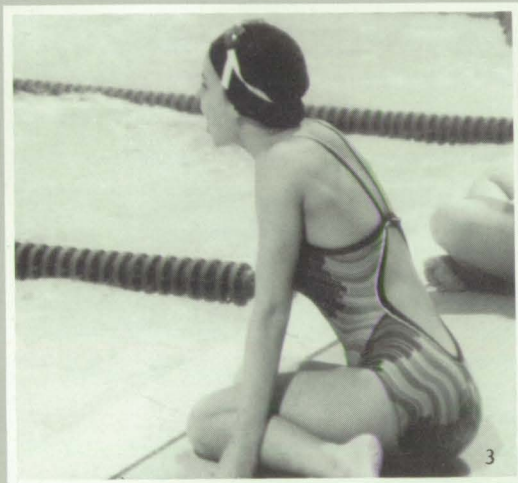

This year's Madison Swim Team, coached by Mrs. Terry Crow, earned an impressive boys' record of nine wins, one loss, and the girls with seven wins, three losses. The team, led by co-captains Keith Smith, Randy Norman, Shannon Kriegmont, and Robin Stauffer, improved dramatically during its second season. With hours of hard work both in and out of the pool, the Blue Streaks amazed many people with their improvement. To end their successful season, the team travelled to Cleveland State to compete with other area teams at Districts. Both Mark Scheller and Beth Reichenbach made it to finals in the hundred Breaststroke. Almost everyone left with improved times and great expectations for the future.

Varsity Baseball Has A Trying Season

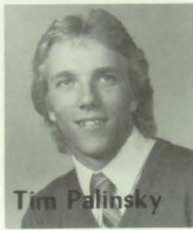

Guided by Mr. George Opron in his 27th year of coaching, the Madison Blue Streaks Baseball team played a tough season and finished with a 10-9 overall record. The team's strong point was hitting strength, though they were lacking in pitching. The emergence of sophomores with their outstanding skills helped the team throughout the season. Looking forward to next year, there will be seven lettermen returning, including John Andrikanich, Tom Clark, Jack Crouse, Matt Hanna, Phil Platz, Steve Snopel and Tim Wilson. The team will also be strong contenders for the championship.

J.V. Baseball Had A Winning Season

After exploding over their competition, the J.V. Baseball team ended the year with an 8-win, 4-loss record. Coach George Herrick was very impressed with the outstanding offense and powerful pitching of John Andrikanich (4-1) and Scott Whitehouse (3-1-1 save). From the new Freshmen comes Tom Edgerton, Dave Francis, Brian Hughes, Dev Kovats, Bob Rose, Paul Siperke, Tom Slovich and Scott Whitehouse. Because of the variety of players, the team became stronger and gave us hope for a successful season next year. Returning Sophomores were John Andrikanich, Miles Dotson, Charles Hilderbrand, Mike Horvath, Derek Judd, and Pete Repko. The only returning Junior, Keith Scheibelhoffer, showed leadership and dominance. The team's remarkable batting average was .333. Overall, the team showed potential for becoming Champions.

Lady Streaks Capture N.E.C. Title

Beginning earlier in the year, the coach of the Girls' Softball team, Mr. Hance, conditioned the pitchers for the bullpen. As the saying goes, "practice makes perfect," and the extra practice put in by pitcher Amy Hull contributed to the North Eastern Conference Title. The Lady Streaks' record was 10-3 in the N.E.C. and 19-5 overall. The team only lost three seniors, and the players are looking forward to the 1986 season.

Highlights of the season were, of course, the N.E.C. crown, but individual effort by team members also deserves recognition. Marsha Adams led the team with a .486 batting average and a .694 on-base percentage. She also led the team with 39 stolen bases, 40 walks, and 50 assists. Becky Crawford was second with a batting average of .396 and 33 R.B.I.'s. Julie Chandler led the team in R.B.I.'s with 44 and had a .387 batting average. Another statistic was the fielding percentage of first baseman, Jackie Bell. She had a field percentage of .976, and her batting average was .333.

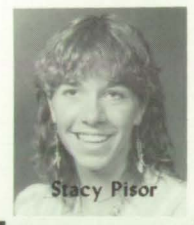

Three girls were placed on the first team N.E.C. The girls were pitcher Amy Hull, catcher Julie Chandler, and shortstop Marsha Adams. Becky Crawford made second team.

Boys' Track Finishes Well

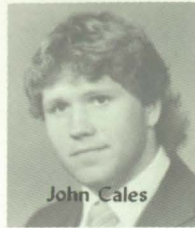

Madison's 1985 Boys' Track season was very fulfilling for the team and many individuals. The track team finished second overall in the N.E.C. meet and finished respectably in Ranger and Wickliffe Night relays. The boys' 3200 meter relay team qualified them for regionals, and they took eighth. The team only lost one league duel meet to Riverside High School. A lot of Madison's success came from the talents of many freshmen. Gregg Klein and Doug Bailey were very strong in some of the sprints while Matt Mead did very well in the 400 meter dash and high jump. Good job Streaks!

Lady Streaks Stride For Victory

Finishing second in the NEC meet and breaking nine school records, the 1984-85 Girls' Track team had an excellent season with a 6-3 overall and 5-1 NEC record. The team also went to three indoor meets at which they made a very good showing.

Helping lead the team to its outstanding season were junior Tammy Chaffee, who was the NEC highjump champion and placed fifth at Districts, and freshman Kim Layman, who was the NEC 800-meter champion and also placed fifth at Districts. Lisa Pierce, Karin Gagliardi, Michelle Klein, Gina Leone, and Brenda Daugherty were all Regional qualifiers.

Looking forward to next year, there are 21 returning lettermen, only seven of which are seniors. Coach Jim Pelich said, "The team is young and has a lot of enthusiasm and good leadership."

Varsity Squads Add Spirit To Winter And Fall Sports

Cheering every Friday night was a typical routine for both varsity squads this year. Under the supervision of Miss Leslie Trbovich, the football and basketball squads worked hard in supporting their teams. Each squad consisted of four seniors. Cheering for the last time were for football: Debbi Russel (Capt.), Lyn Jacobs, Keli Rose and Joanne Ribinskas; for basketball: Dana Smith (Capt.), Michele Sykora, Julie Chandler and Cindy Cauntner.

Students Float Through "Sea Of Love"

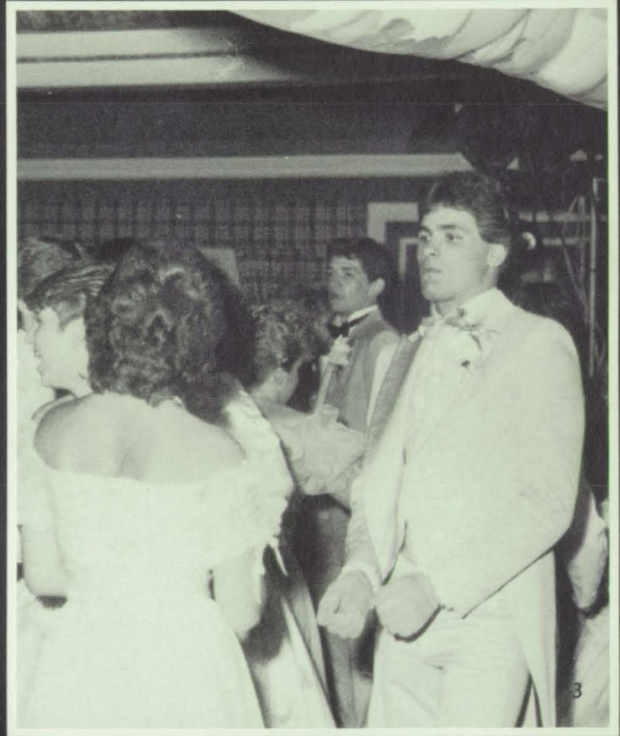

On May 11, 1985, students drifted into the Madison Country Club for the Junior-Senior Prom. This year's theme was "The Sea of Love" by the Honeydrippers. Pieces of Eight was the band which supplied the students with the rhythm of the night. Through their selection of music and the atmosphere provided by fish nets filled with balloons, the evening was enjoyable for all who attended.

The 1985 Prom Court consisted of John Cales, Lorie Clark, Becky Garbark, John Kurila, John Lackner, Todd Palinsky, Stacy Pisor, Jayne Wanio, and Kelly Yoe. Selected by the senior class as King and Queen were Lorie Clark and John Cales.

Love Swings Through The Jungle

Serenaded by the music of the band, "J.K. and the Class", Madison High danced to the 1985-86 Homecoming theme of Jungle Love by "The Time". Held in the high school cafeteria, homecoming was decorated with vines strewn around the gates and trees sprouting up in various places. Elephants on the walls named each senior. All in all, the students seemed to enjoy their well-spent evening.

The 1985-86 Homecoming Court consisted of Julie Chandler, Lisa Dame, Cindy Gaunter, Cathy Pivonka, and Debbie Russell. Crowned queen by the 1986 class president, Mike Santarelli, was Cathy Pivonka. The senior class elected Cathy due to her sweet personality and friendliness towards everyone. The football team played Geneva for the Homecoming game but lost 7-3.

Polls For 1986

Whether a person knows it or not, the student contributes a great deal to society. For instance, when every weekend comes along, one can find half the chairs in a cinema filled with high school students. Also, as one saunters through the mall, he is faced with the fact that students are wearing concert T-shirts or purchasing the latest albums. Noticing this observation, the year-book staff decided to take on a poll to see what exactly was the favorite movie, performer, and group for the year.

Chemical Abuse

Trying to make the Madison community aware of chemical abuse and to help those who are dependent upon drugs and alcohol is Mr. Frank Haibach. In helping him accomplish this task, various groups have been formed. They are Alateen, which meets on Wednesdays during fourth period in Room 210, Abstinence/Support, Students Against Drunk Driving, Straight, Concerned Persons, Teen Institute, and MADCAT, which involved parents. These groups involve students and parents who

learn more about chemical abuse and how to help friends or relatives that need it. Some of these groups also plan chemical-free activities to help others. While Mr. Haibach presents this program to the junior and high school levels, Miss Beth Hanusosky handles the presentation in the elementary levels. Various teachers also help with the students.

Thanks to Mr. Haibach and his outstanding effort, our community has become more free of chemical abuse.

New Activities Brighten Our School

Lisa Incurvati
 There's not only more going on at school, but new activities to brighten our school.
 Mr. Don Strotter, chairman of the new activities committee, announced the new 100th anniversary survey last May. The survey was based on the school's 100th anniversary.
 The big survey organized an idea for a new activity, possibly "Streak," "Streak," and "Streak." The survey was organized by Mr. Don Strotter, chairman of the new activities committee, and Mr. Frank Ashton, secretary of the new activities committee. They are currently in the process of organizing the new activity.

The Streak

Just how did our school get a newspaper? Well, last year Mr. Frank Ashton talked to Mr. Leitch and told him that many positive things were happening and that a newspaper would be an ideal, communicative thing to let the students know what is going on in their high school. It wasn't until June of '85 that the Board of Education passed the proposal for a newspaper. Then Mr. Ashton applied for the job of advisor for the newspaper. After being accepted as the advisor, Mr. Ashton called teachers for recommendations for staff workers. A number of students were referred to him, and as a result, there are now 12 students on the Streak staff. Mr. Ashton's goal was to "give students a voice and forum for things happening in school." Well, it certainly has, because the "response is fantastic."

The staff orders 500 copies each month and has very few left over. Mr. Ashton is "proud of the staff and pleased with the product." He believes that The Streak could easily "compete with any other high school's newspaper." The staff's teamwork is what makes it such a good paper.

This summer, Mr. Kevin Snyder was chosen by the International Sports Exchange to travel to Kenya, Africa. Mr. Snyder is an English teacher and has coached our boys' track team for the past several years.

Mr. Snyder's trip began on July 24th. He took a bus to New York, and then from there he began a 20-hour flight to Kenya.

After landing in Kenya, he noticed how the African people felt so privileged to meet U.S. citizens. One of the other

things he noticed was how there was such a change from old to new. Mr. Snyder stressed how strange it was seeing people living in grass shacks and seeing modern cities of glass and steel.

Mr. Snyder's trip ended on August 3rd, and he is looking forward to going again this summer.

This year, Madison High School had the privilege of having Congressman Dennis Eckart come and speak to our High School Seniors. He spoke on what his responsibilities were as a Congressman and what districts he represents.

Congressman Eckart is from Madison and then moved to Mentor where he attended Mentor High School. He then went to college and received a degree in Psychology.

Halloween started out as being a day to dress up as something scary, like witches, ghosts, ghouls, and goblins, but now, people dress up as anyone or anything, and Madison is no different. In the past, only the seniors were given permission to wear costumes, but this year the entire student body was urged to dress up in their choice of a costume. Many students did participate, dressing up in anything from punks to nerds. Everywhere one looked there was something different. All in all, it was a fun day for everyone.

As the Christmas season approached, Madison High School got into the spirit. This season, many special activities were held for the students. The Mistletoe Ball was held for the first year. The ball was a formal dance given by Mrs. Donna Sabo, who was also responsible for the beautifully decorated courtyard. Mr. Al Haschak and Mr. Jim Dolan decided to do something special for the student body, so they gave the students a party. The party was held December 20th, the last day of school before Christmas

vacation. Pop and snacks were served to the students in the cafeteria while the chorus and band played Christmas songs. Then everyone was invited in to the gym to see impersonators of Bruce Springsteen and the E-Street Band singing "Santa Claus is Coming to Town." Santa heard about the event and spend the day at Madison.

Shuttle Explodes

On January 28, our nation mourned the death of seven heroes when the space shuttle Challenger suddenly exploded into a ball of fire. The 1.1 billion dollar aircraft weighing 4.5 million pounds took off from Cape Canaveral, Florida, at 11:39 A.M. in 24 degree weather, when 74 seconds into flight, the craft exploded, killing all seven astronauts. Within two days, the President had assembled a national committee to review the disaster and decide who was at fault in giving the launch decision and also what exactly caused the shuttle to explode so violently only 10.35 miles off the ground. The astronauts killed were Francis R. Scobee, Navy Cmdr. Michael J. Smith, Judy Resnik, Ronald McNair, Air Force Lt. Col. Ellison S. Onizuka, Gregory B. Jarvis, and Christine McAuliffe, teacher

Friday, January 31, an earthquake measuring 5.0 on the Richter scale shook Ohio and several surrounding states. The epicenter was within 15 miles of the Perry Nuclear Power Plant, whose operator declared a precautionary site-area emergency. The plant was shut down and about 1500 workers were evacuated. No major damage was reported at the plant. Madison High School was also closed and evacuated. A few walls now have cracks in them, including the wall in back of the stage in the gymnasium. The earthquake began at 11:47 A.M. and lasted about thirty seconds. According to experts, the severity of the quake was unusual for this area.

During the year, they research the country and prepare to discuss its views on world problems. They met with other schools at the Kent State University Ashtabula Branch on March 27-29 of this year.

The highlight of this year was their trip to New York City, New York. Students boarded the buses on Wednesday night and returned Saturday morning. While in New York City, they visited their respected missions. During the time, the students had the opportunity to ask questions about their designated countries. Information learned at these meetings is used in the conference at Kent. In addition to visiting the foreign missions, the students also allotted time to tour places such as the Statue of Liberty, Statton Island Ferry, and much of Manhattan.

Students Care About Each Other

Students Against Drunk Drivers are advised by Mr. George Herrick and Mr. Frank Haibach. Members of S.A.D.D. are concerned with their schoolmates. S.A.D.D.'s Friday morning announcements warn students, if they are going to drink- Do Not Drive. They have gone to the Elementary schools to put on skits and puppet shows trying to educate students. They will also be trained as clowns, make-up and all, to help get the point across. S.A.D.D. members have also presented Contracts For Life to the freshman Health classes and also to the Drivers' Education classes. They are hoping a junior chapter of S.A.D.D. will start up in the Middle schools. This should increase the number of members in years to come.

Teen Institute is advised by Mrs. Laura Wiles. This group is to help present alcohol and other drug abuse by young people. Student members are all trained by adult "Teen Institute Advisors". These students educate their peers about alcohol and drug abuse by handing out pamphlets and just talking. They sold carnations for Valentine's Day to cover the cost of the pamphlets. They plan to hand out the pamphlets at Red Bird Middle school at the Health Care Day. The officers are co-president, Becky Bodnar and Julie Reichert; treasurer Matt Hawes and secretary, Dave Dibble.

Co-presidents are Sally Ditchcreek and Dan Snyder; vice presidents, Lorna Dille and Stan Gradomski; secretary, Lisa Incorvati; treasurer, Dave Eland. Key Club sold mums for Homecoming. They will hold elections in May to replace the seniors that will be leaving. The students are looking forward to the faculty against club members softball game in the spring.

Students Help Out

A.V. Aids

Student aids help teachers do the little things that bog teachers down. The A.V. aids help Mr. Linhart, the A.V. director, by making sure the equipment is in working condition. Another part of their job is taking equipment to the class rooms and setting it up for a teacher if he or she does not know how. Athletic Aids help Mr. Greenwald, the athletic director. They type for him and help him with the phone in his office. Outside the office, they clean athletic equipment, rearrange the trophy cases and put schedules in the display case. Students are a big help, and they should know that they are recognized and appreciated.

Athletic Aids

Basketball Stats

Statisticians are very important behind the athletes. They have to be interested in and learn about the sport. They give their time for home games and take the bus ride to away games. Along with the athletes, they have to maintain a grade point average of 2.5. They are also fans of the team, show school spirit and cheer the team on. Basketball stats keep offensive and defensive rebounds, assists, steals, turnovers, shots attempted and shots made. Wrestling stats keep score with escapes and takedowns. The team and coaches should appreciate these special people.

Vo-Ed Prepares Students

Auburn Career Center is the opportunity for students to earn credit while learning the trade. Auburn is composed of two different parts. OEA, Office Education Association, and VICA, Vocational Industrial clubs of America, are these two divisions. There are many areas of training within these two divisions, like electronics, offset printing and stenography, as pictured here. There are fourteen courses in all at Auburn, and they all have to include a three-hour period of lab work and one and a half hour class study period. If Vocational Education is the question, then Auburn is the answer.

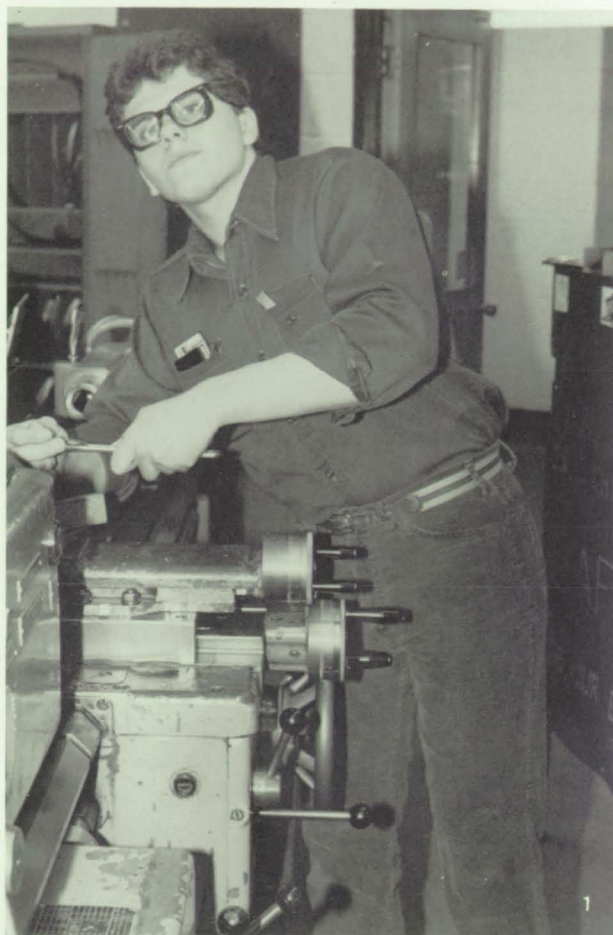

1. From left to right: Andy Spaulding, Sue Gibson, Joe Congrove, and Kevin Kovach. They are part of the electronics program.
2. The two offset printers here are Alex Kleps and Dan Powell.
3. Holding trophies from left to right are Vivian Jones, Pam Heart and Tonya Raines, all from stenography. Vivian's trophy was for placing fifth in Typing. Pam's was for a first in Job Interview, and Tonya's is a first in Typing.

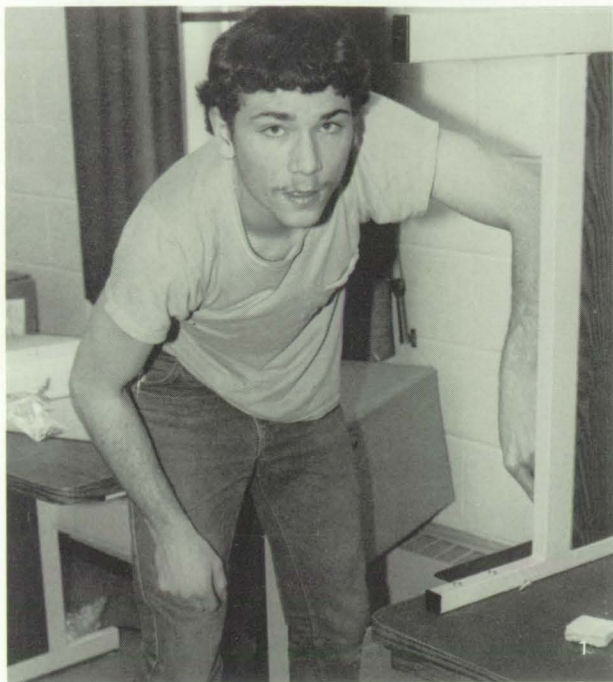

Going to Auburn does not mean that these students will not go to college. College scholarships are granted to many Vo-Ed students because of the experience and expertise they have shown in a particular field. The military is also an organization that recognizes the valuable skills taught at Auburn.

Auburn is a valuable first step in getting a job after high school. The necessary skills are taught here, and eighty to ninety percent of these students are getting jobs.

Auburn is composed of many groups. Helping the community, Autobody works on cars and Cosmetology serves the people while learning. There is even a restaurant open to the community. DCT, Diversified Cooperative Training, sends students to work in the community. Here students gain actual job experience. These are the jobs that Auburn does not provide for that the community does have to offer. D.H.O. even attends the Red Cross bloodmobiles.

Auburn students have reasons to be proud of the school they are learning from. The Welding Department is rated the best in the state. They are a school created from people of six different schools. V.I.C.A. elects officers every year and this year two students from Madison made the ballot. Michele Thronhill in cosmetology is a parliamentarian, and Mark Wood is the president. Mark is involved in electronics. These students are getting a trade behind them before they graduate. They are to be commended.

The MHS Drama club presented two plays during the 1985 year. The Spring musical, "You're A Good Man, Charlie Brown", was directed by Mrs. Laurie Eppler and Mrs. Georgean McLellan. As Madison High's first comedy musical, it was a great success. The play showed several different episodes from Charles Schultz's "Peanuts" series. Helping out with the play were Rae Laufenberger and Michelle Elliot (Stage managers), Barb Teleha, Jason Fordu and Darren Foote (lights), Michelle Black and Mike Dick (publicity), Stephanie Spencer, Amy Van Gilder, and Kathy Buehn (house crew), Lori Reese, Amy Wickert, Mary Bohl and Mary Ann Guy (musicians) and Diane Szabo (choreographer).

The Fall play, "Headin' for a Wedding" was a comedy written by Leroma Greth. Directed by Mrs. Sandy Jaroscak, the play was certainly a "humdinger"! The play was about a hillbilly family living in the hills. A severe snowstorm brought in some unusual guests. The technical crew consisted of Melanie Shemkunas (student director), Michelle Elliot

Aids, Activities Make A Difference

Office aids are a valuable asset to the faculty of the school. Besides pulling people out of classes, office aids do favors for teachers, counselors, secretaries and many others. Always on their feet, the office aids have made running a school much easier.

Office Aids.

Library aids are hard workers. They check out and put away books, file information, help out students and do other odd jobs. They take a lot of weight off the shoulders of librarians Mrs. Jean Caruthers and Miss Dee Carlson.

Library Aids.

Adding to one of the many new activities this year is weightlifting. Instructed by Mr. Al Haschak, weightlifting is an activity open to boys and girls interested in keeping their bodies in shape.

Weightlifting Club.

Another newly formed activity this year is pep club. This club is organized by Mrs. Lori Hyers. Pep club attended most basketball games and cheered the teams to victories. Pep club, named the "Blue Wave," also contributed to pep assemblies by making posters and leading the crowd in cheers.

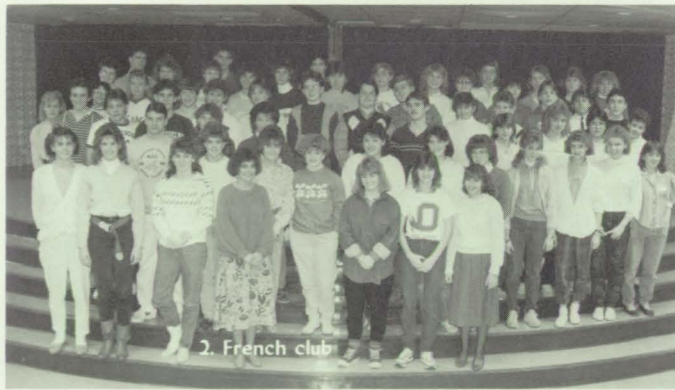

Pep Club.

Language Clubs Have Active Year

This is the first year for Madison High's Spanish club. Under the supervision of Mr. John Kist, Spanish club has sold Blow Pop suckers before school and during lunch, raising five hundred dollars. They have attended several Spanish dances, such as one in Geneva and the "Flamingo Dancers" in Edgewood. There will be several more dances and a dinner at Chi-Chi's yet to be planned and attended.

During its second year, the French club has been quite active. Starting off the year with a bonfire, the club has been having meetings regularly. Some of the many activities planned for the year were skiing at Alpine Valley, a French dinner and a Mardis Gras party in May. Officers for French club are Brad Shaddock (President), Tracy Dickson (Vice President), Heather Anderson (Secretary-Treasurer), and Lorna Dilley (Programs).

In and out of social activities and events, the German club has been involved in many new environments. In order to provide for such activities, the German club sold German candy. The club has visited the Cleveland Art Museum and dined at the Hofbrau House Restaurant. There was a German meeting held to welcome the seven German exchange students. German camp was held on May 18th and 19th. The officers of German club are Taylir Linden (President), Maria Ashton (Vice President), and Diane Szabo (Secretary-Treasurer).

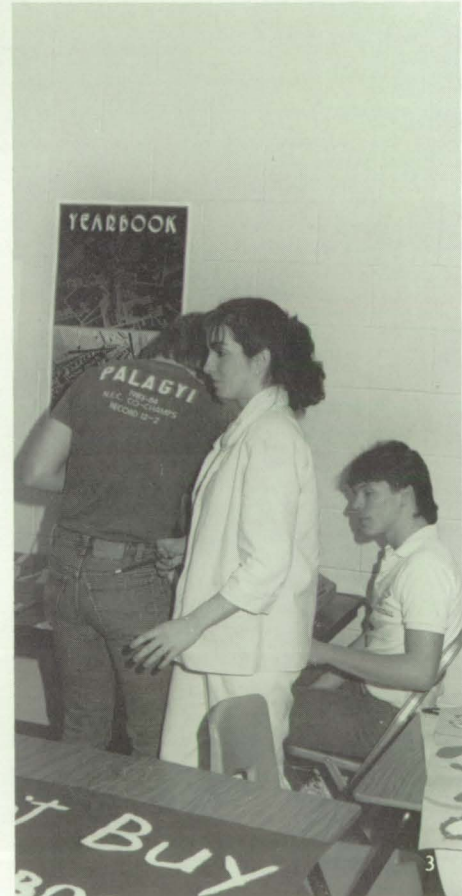

Yearbook Beings It All Together!

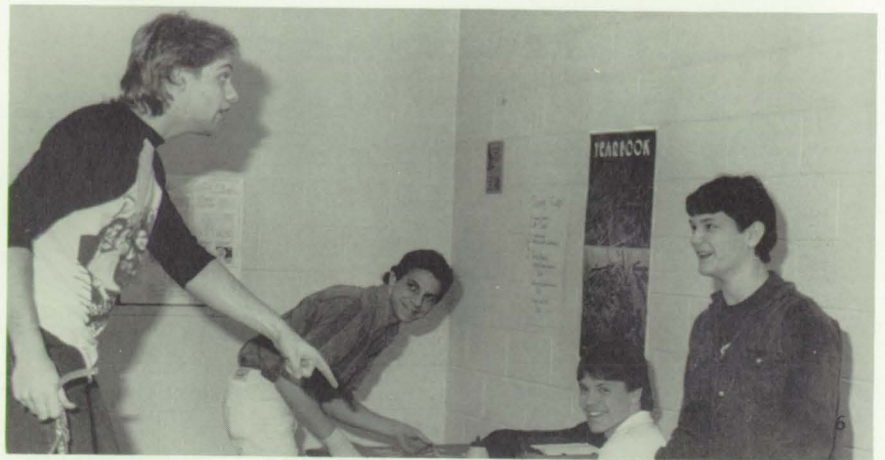

The yearbook staff worked hard all year to put together one of our school's finest yearbooks. The staff consists of twenty-four hard working students, with Kim Bower as the Editor. Kim commented that this year's staff was a very productive one, and she enjoyed working with everyone.

This year the staff tried something new by having section editors, which took a big load off the editor. The section editors basically were there to answer any questions concerning a particular section and made sure the work was completed on time.

Many evenings, weekends, holidays and occasionally skipping lunch were spent putting together layouts, finding needed pictures, and writing last-minute copy. Without the cooperation of Mrs. Bangerter and all the staff members, there wouldn't be such a wonderful book.

The staff worked diligently and consistently throughout the year. Old staff members did a great job at teaching and helping new staff members. Being on staff was a new experience and an exciting challenge.

1. Mrs. Jill Bangarter, Adviser, explains to Becky Crawford, Scott Morgan, and Jackie Bell the importance of working hard.
2. Practice makes perfect to Todd Fisher when it comes to making posters.
3. Paul Palagyi, Chris Fedele, and John Crockett rush to meet the final deadline.
4. John Crockett works hard to finish typing up last minute copy.
5. Paul Palagyi and Jackie Bell enjoy some free time in yearbook.
6. George Hollister keeps control of Jim Bradbury, John Crockett and Brian Anulies while Mrs. Bangarter is out.
7. The 1986 Yearbook Staff shows their enthusiasm at Christmas.
8. Chris Fedele and Mike Winters work well as a team.
9. Brian Anulies, Kim Bower, George Hollister, Jim Bradbury and Mindy Baxter work hard at selling the yearbook.

New Activities Interest Students

Students Bowl

Picture 1. Under the supervision of Mr. James Deering, six students made the trip to North Ridge Lanes for Bowling. This gave them the opportunity to learn a new sport or sharpen their own skills. Participating in this activity were as listed: top row (L. to R.) Chris Petro, Kelly Farrel, Billy Potler, Becky Tarone, Chris Palmer, Bill Roedecker.

Archers Practice

Picture 2. Another one of the after school activities at M.H.S. was the Archery Program, under the supervision of Mr. Gene Melin. While only sporting three members, Mr. Melin taught the skill and safety behind archery. The members in this group were Rich Easterbrook, Mark Skokan, and Don Falkenburg.

And Promote School Spirit

Picture 1. Throughout the season, Ski Club members have been hitting the slopes and countrysides developing their talents. Many of the people in this year's Ski Club were first-time skiers. There were also many experienced skiers who enjoyed the season. The advisors were Mr. Don Strothers, Mr. Frank Ashton, Mr. Doug Winton and Mr. Gary Piker. Participating in this activity was Bottom row (Left to Right): Bob Katona, Scott Stewart, Julie Rankin, Kim Kelly, Gail Hixon, Melanie Shemkunas, Jenny Thompson, Maria Ashton, Kathleen Strong.
