CAULDRON

Cauldron 1991
Madison High School
3100 Burns Rd.
Madison, OH
Volume 62

"Students of Madison High, welcome to the first day of school. I'm Mr. Keener, your new principal. Life at school will be slightly different this year. A couple of students have expressed to me their confusion on some of the rules, so I will "briefly" outline some of them. First of all, no excuses will be tolerated for tardiness. You are all adult enough to get up on time to catch the bus. Early dismissals will be permitted for medical or legal purposes only. Appointments with Fritz, your hairdresser, can be arranged on your own time. Lunch trays will no longer be transported by faculty members. Any student that does not take care of his own tray is practicing slob-like behavior, and this will not be tolerated. Any violation of these rules could result in Saturday School. Saturday School consists of no eating, no talking, no listening, no games, no magazines, no books, and no sleeping. Basically, all that's permitted is homework.

You may be wondering why you're being bombarded with all these new rules. Well, I'll tell you why . . . because . . .

**IT'S THE SAME
OLD PLACE AT A DIFFERENT PACE**

By George I think I've got it! Diligently at work in Chemistry 2, Senior Christine Cook attempts to measure the boiling point of the substance for her lab report.

Beauty is in the eye of the beholder. With pencil in hand and accuracy in mind, Senior Steve Theus works carefully on his art foundations project while Freshman Bill Mallory concentrates on adding just the right touch to his.

From sea to shining sea ... Because he enjoys school and the American people, German exchange student Holger Dewes smiles broadly with the future in mind.

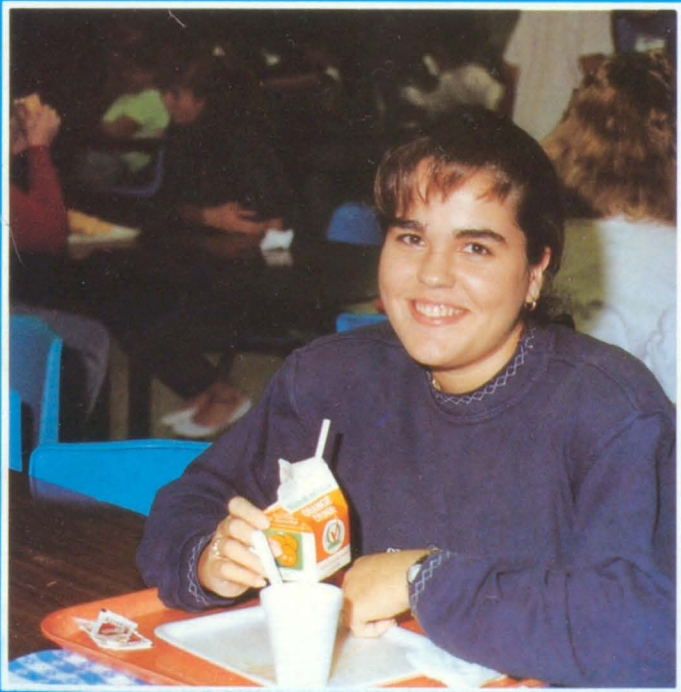

We the people ... Rarely seen untalkative, Mr. Herrick's 5th period government class actively participates in a class discussion focused on the Constitution.

The Year is Here!

Finally it's here! The year we've all been waiting for! The year that is full of good friends, great times, and fond memories! It's the class of 1991's senior year! Actually, it was not as fun-filled and exciting as it seemed. In fact, it could be very stressful at times. The year primarily consisted of choosing college, sending in applications, and applying for financial aid. Kim Cool said, "Senior year was full of hard work and determination." Most seniors diligently worked all year on their GPA's to meet their college's standards. Melissa Doland summed it up best when she said, "Seniors are getting ready for the future while enjoying the present." This was the year to accomplish everything that hadn't been done in the past, to live each day fully and productively. It was also the last chance to make a difference in the overall "high school experience." The new administration contributed to making that difference when they handed the student body a booklet of new rules and regulations. Sara Asbury commented, "I think it's about time they got stricter to straighten out our school!" Christy Lyons said, "I don't like them, but I think they'll help the school in future years." Erik Overberger had a different opinion: "Even though the administration tried to make changes for the better, they made them a little too drastic." At first it was difficult to adjust to the new rules and regulations, but seniors remembered that it was their last year in high school and their only year at "the same old place at a different pace!"

A smile is worth a thousand words. "I like the people and the teachers," said Spanish exchange student Maria Sanchez. Maria had a chance to enjoy her senior year of high school in the United States.

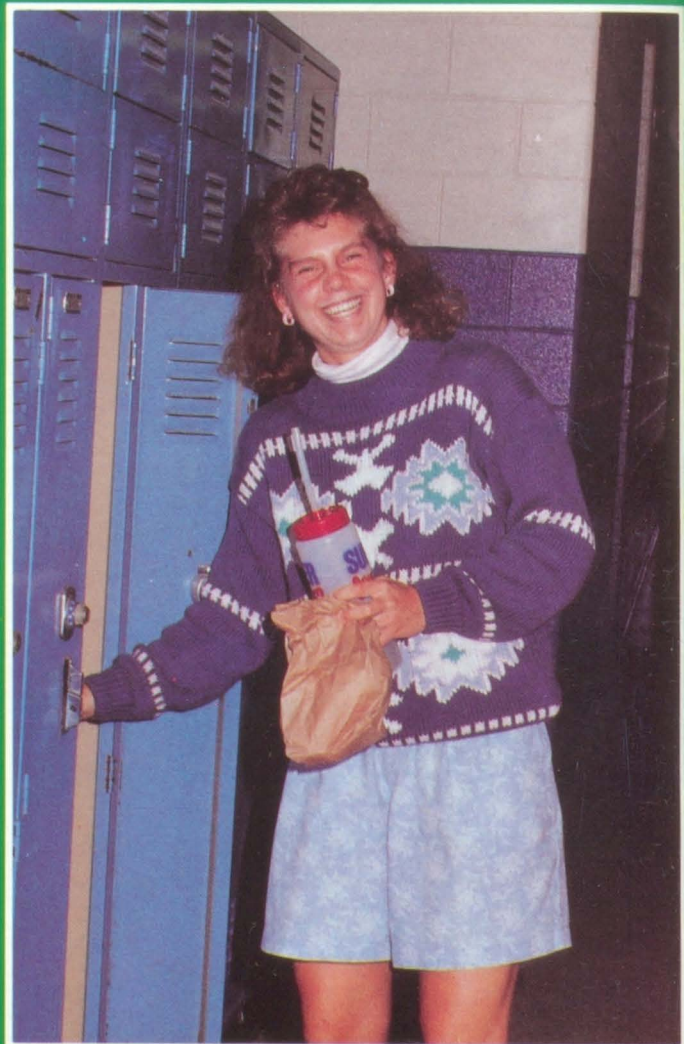

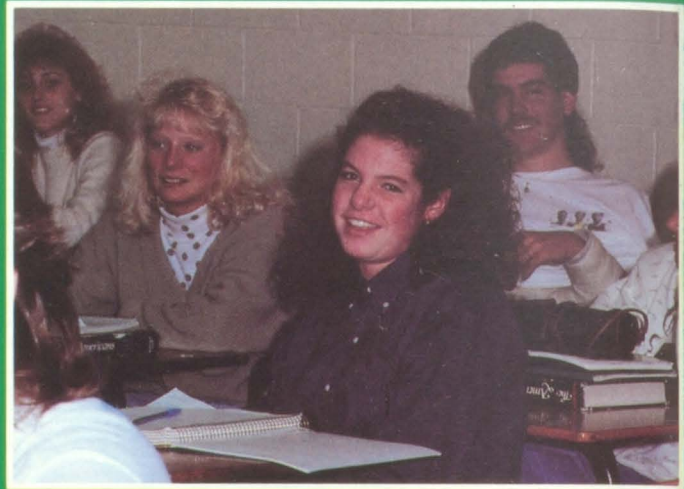

Becoming a Junior

"I feel that some of the changes are necessary, and then again others are ridiculous," class president Melainie Floyd said. These are also the feelings throughout most of the junior class. Melainie went on to say, "I like the training table because of the healthy food, and the new no-smoking rules." There were many changes that happened, but one of the most influential changes was 'becoming a junior.'

A lot more events started happening when "becoming a Junior." Juniors faced many more responsibilities. Some students needed to find money in order to pay for some expenses. Many students got jobs after school to pay for these expenses. One student, Terri Depoy, commented, "Working after school was nice because it gave me extra money to do things. On the other hand, I didn't have much time for homework and doing other things. I guess it has its pros and cons like everything else." Having a car was also an expense that must be paid. Insurance and gas money had to be earned. Although there was still one more year of school left, looking into colleges was another area that needed attention. It was important to decide what type of college to go to. "Where should I go to college? What do I want to major in? Do I want to go to a state or private college?" These were some of the questions which needed serious thoughts after "becoming a Junior."

These changes seemed scary to some, but exciting to others. For example, deciding about the future ahead seemed scary, but was also very exciting. Juniors planned many uncertain steps toward the future. Many important tests, such as the ACT and SAT, were taken. But basically, Juniors felt the excitement through the events and changes when they 'became Juniors.'

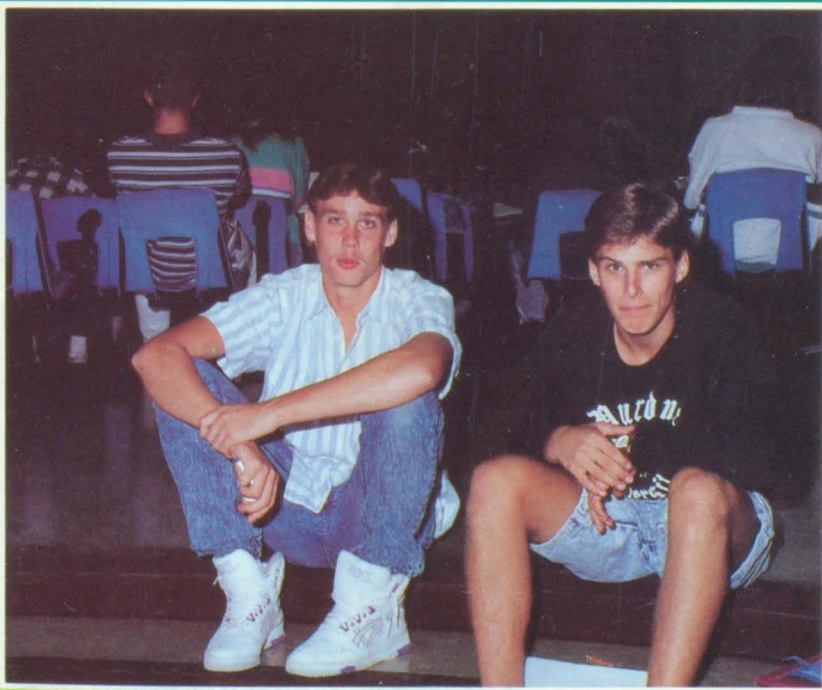

Think, think, think. In the midst of studying her notes, Junior Amanda Kelsy looks up in exasperation as her classmates Michelle and Larry Davis show they have the same feelings.

A head start. During a lonely moment, Junior Jenny McIntyre is caught trying to get into her locker before the bell rings and the mad rush of students begins to overwhelm the halls.

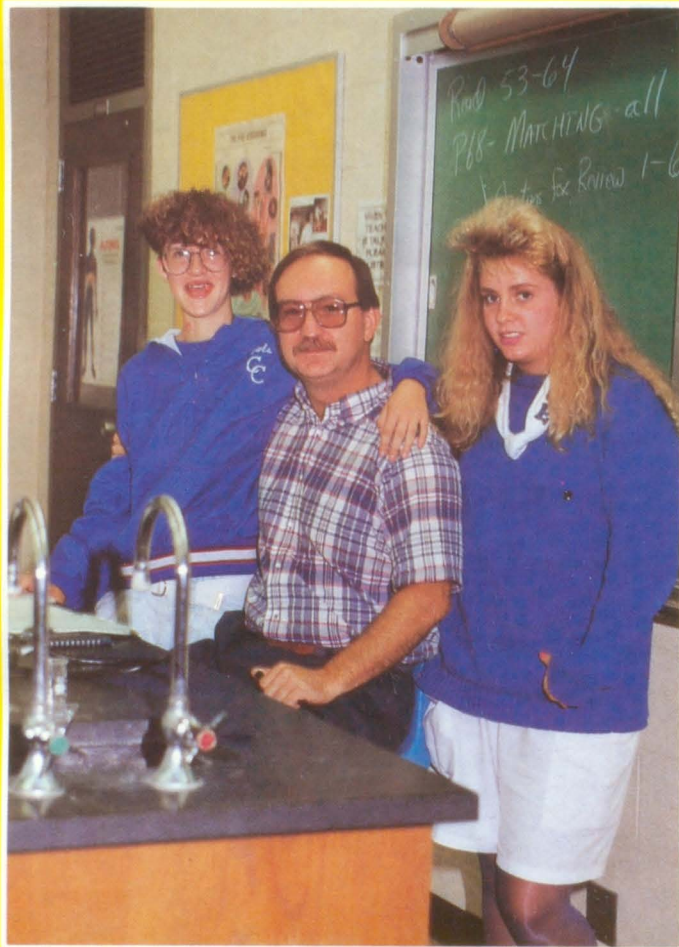

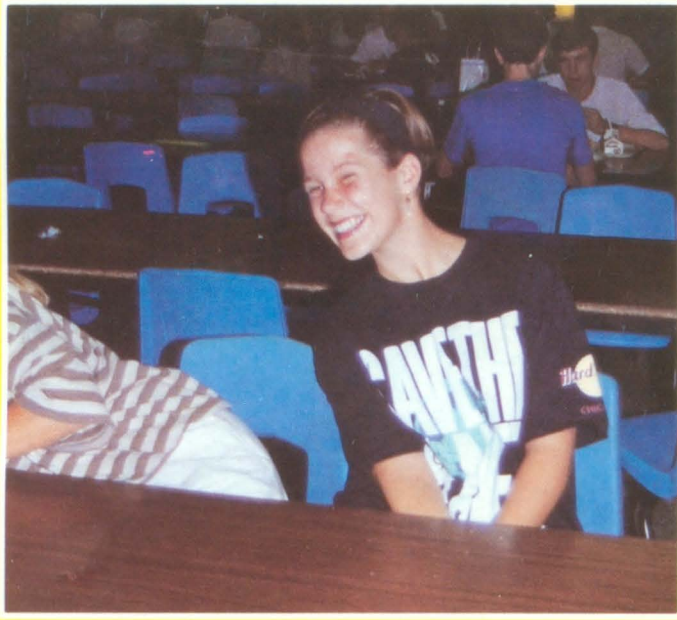

The three musketeers. L. to R.: Suzy Thompson, Deana Lilly, and Dawn Crnjack show their vast friendship, which developed through being cheerleaders together. (Above)

You deserve a break today. Although they're not at McDonald's (L. to R.), Jim Reidle and Paul Leitert take a break from their intense studying during fifth period study hall. (Left)

Caught in the act. Hiding from the camera is almost impossible. Rachel Gates laughs at her unsuccessful ducking attempt during B lunch.

Goin' fishing. Kim Miller (left) and Becky Boggs wait anxiously to see what John Sill's next catch will be during 5th period Biology I.

Hard at work. Study Halls are a good way to catch up on homework. Jane Hash, Laura Engelis, and John Adler concentrate on finishing before the bell rings.

What a guy. Robin Ryan (left) and Renee Foster take time in class to thank Mr. Jim Pelich for their weekend Biology assignment.

At First Blush

The room seems to be getting a little warmer. Heartbeats race. That well-known rosy glow begins its journey. Starting at the neck, it slowly creeps and doesn't stop until its job is over. The result? A red face and a room full of laughter. This involuntary action is known as embarrassment. Although in most cases it only lingers for a very short time, the memories last forever.

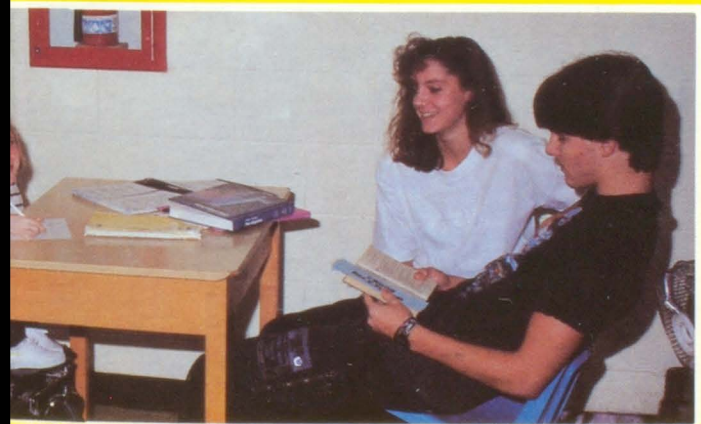

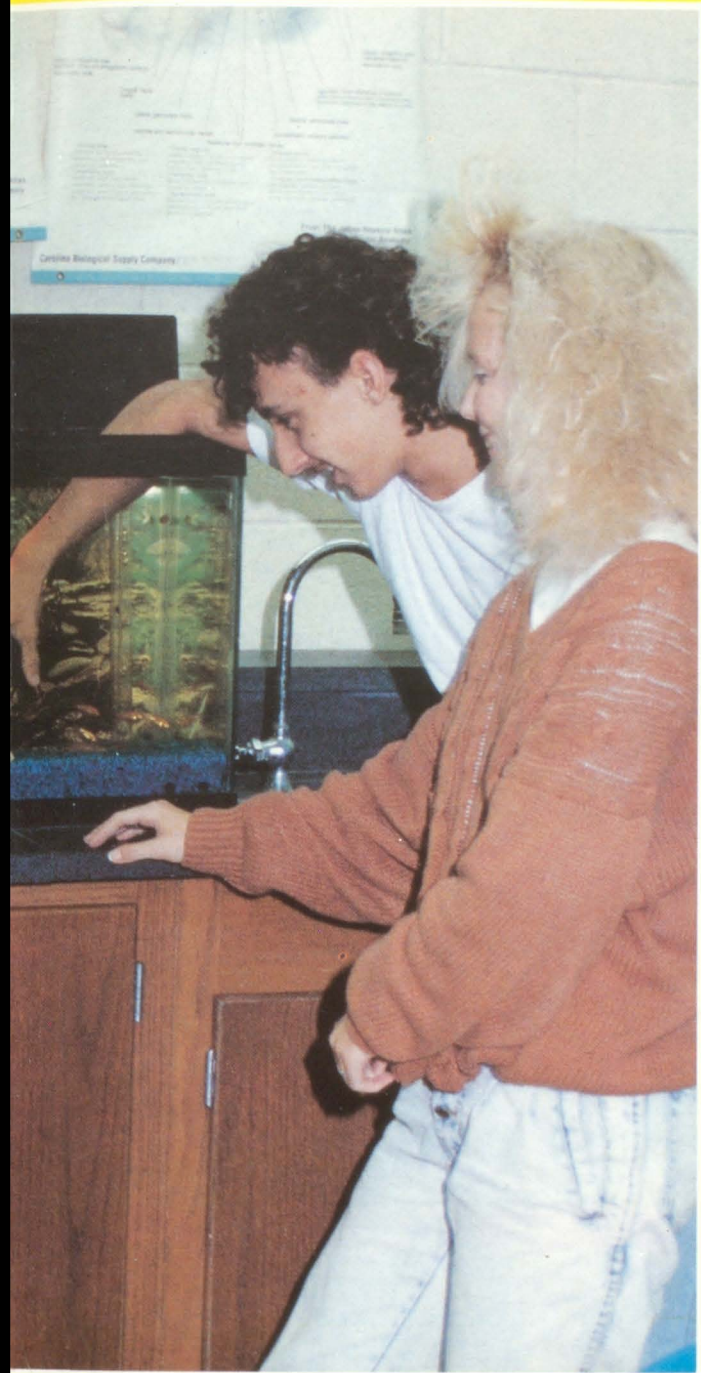

The sophomore class revealed their familiarity of these moments by describing their own situations. "In eighth grade, my friends gave me a piece of candy which they had just picked up off the floor. When I realized why they were laughing, I quickly spit it out. I was so mad!" said Heather Hoffman. Leslie Solden recalled, "In sixth grade Mandy Lewis asked me a question. I leaned over to talk and my whole desk fell over . . . along with me! It was really funny!"

Being embarrassed in the company of friends is one thing, but when situations occur within a crowd, the end results are doubled. Jenna Meister displayed a perfect example of this. While standing in the cafeteria, she was taken by surprise when her pants were suddenly jerked to her ankles. That devilish act would cause anyone to blush.

Meghan Wirtzberger and Beth Hupertz shared an incident on their first day of high school. "Beth and I accidentally walked into the boys' bathroom. We quickly ran out . . . right in front of a group of seniors. I heard about it the whole day!" commented Meghan.

"I was walking along the edge of a pond, and fell in," said Eric Berman as he told about his graceful stunt during a school field trip. "I was so embarrassed! I had to go the whole day all wet, and I smelled like fish!"

These illustrate just a few examples of how an ordinary day turns into memories to share. These events create flashbacks to your teenage years. Although they may be embarrassing and somewhat humiliating at the time, they will bring laughter into your future.

Sharing ideas. In some classes, working together is the best way to get homework completed. Nicole Prussia and Leslie Solden show signs of relief and excitement after finishing their questions for 5th period Biology I.

Cash or Charge?

"Will that be cash or charge?" A question often heard by students preparing for the first day of high school. To incoming freshmen, finding the right styles for the right prices is sometimes almost as hard as learning the symbols on the periodic table of elements. Not to worry though; after a few weeks, things start to settle down and students begin to concentrate on school work.

Being a freshman doesn't mean it is too early to start thinking about career plans and which colleges to apply to. Although it seems like a long way down the road, freshmen with these goals in mind should be thinking of the future. Achieving a high G.P.A. the first year is vital to their success in high school and the future years.

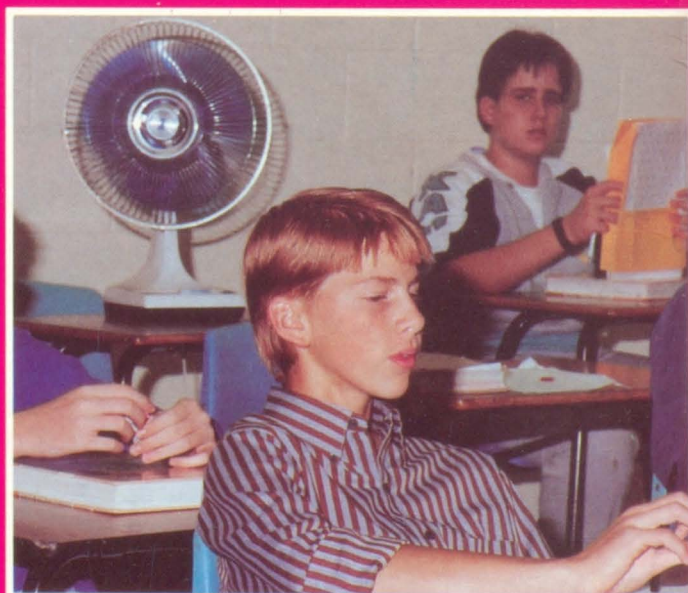

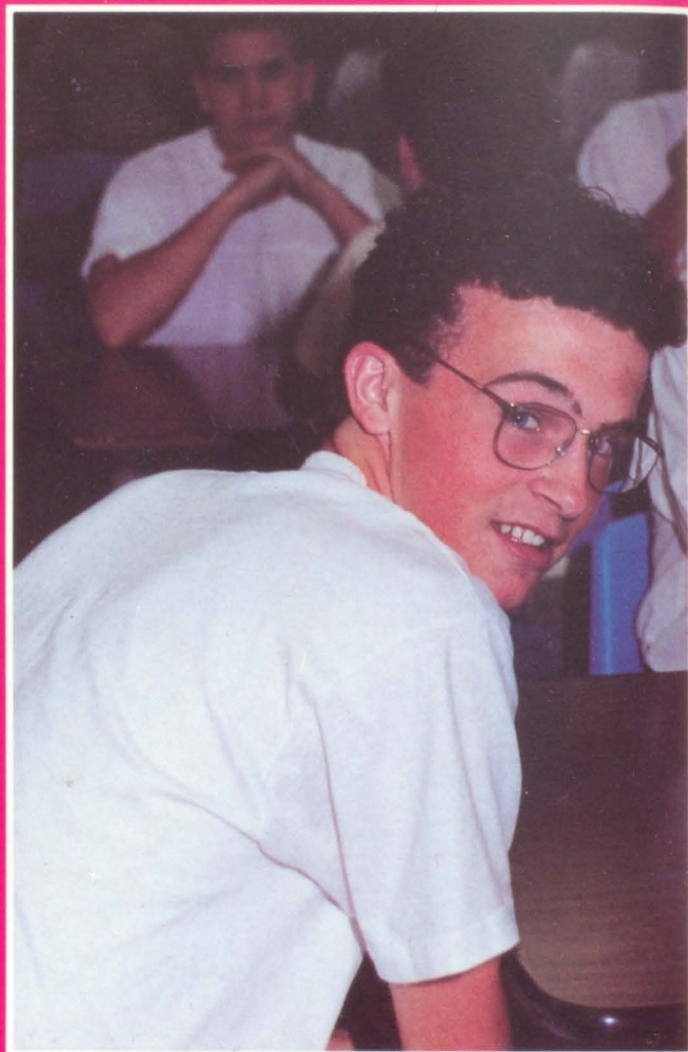

For students playing fall sports, the hard work begins many weeks earlier. Practice schedules take up a good part of the last weeks of summer. Getting in shape requires a lot of determination and perspiration. Playing these sports, which include volleyball, football, soccer, golf, and cross-country, gives freshmen a chance to meet new people and feel a little more comfortable with the "high school scene."

Extra curricular activities are offered for those not so athletically oriented. For example, Student Council gives students the chance to become more involved in what is happening and what they can do to make the school a better place for all of us. Class President Nicole Kurilko wishes for the freshmen to have more school spirit and participation. This goal was achieved at the second pep rally of the year. The freshman class won the "Spirit Award" with great excitement. Brett Doland, vice-president, hopes to achieve better publicity of sports through area businesses. Along with Gina Somppi, secretary-treasurer, they want to encourage people to show pride in their school and also have a fun year.

Along with all the new teachers and administration, there was a new test that will be a graduation requirement. A law was passed by the state that requires all students to take a standardized test of basic reading, writing, math, and citizenship skills. The sections of this test that they do not pass will be retaken until completed successfully. The test will eventually be taken by seniors, but as for now, it is starting with freshmen.

I'm thinking! I'm thinking! Brian Wirfel seems to be at a loss for words as Mr. Pat Murray asks him a question during 5th period English class.

Hey! Over here! Responding to the camera, Steve Rybacki turns and flashes a winning smile.

Seeing a ghost. Sandy Hejuk and Jessica Marinella are taken by surprise by the flash of the camera during B lunch.

Group Effort. L. to R.: Steve Kensinger, Mr. Spohler, Roberta Schneider, Leslie Harper, and Misty Vlieg are working together to get the job done in 5th period science.

Mmm-Mmm Good! Enjoying their lunches, Bruce Mullen and "the hand" sit quietly during C lunch.

Move to the beat. Excitement soars as the student body dances away the night at the Homecoming dance, held in the school cafeteria on October 6. (Above)

Line 'em Up. The Homecoming court, voted in by the senior class, is Kevin Stansak, Lisa Zimmerman, Steve Sobe, Trista Linden, Jeff Loof-boro, Cheryl Graper, Dave Hughes, Amy Boback, Brian Bosworth and Stephanie Baldwin.

Somebody

Homecoming, the first big event of the school year, kicked off with laughter, excitement, and much anticipation. The festivities began Friday morning with the Homecoming assembly. The classes sat patiently as the choir started a new tradition of singing the "Alma Mater." Senior Melissa Photo shared the meaning of homecoming. Finally the time came to announce the homecoming court. Two by two, they paraded through the crowded gym. As they took their designated seats the beauty pageant, replacing the alternative court, began. One by one, senior guys dressed in women's clothing waltzed across the gym floor causing roars of laughter from their friends. The court held up numbers to rate the participants and announced Simona Love-U-Lot, a.k.a. Jim Rosciszewski, the winner.

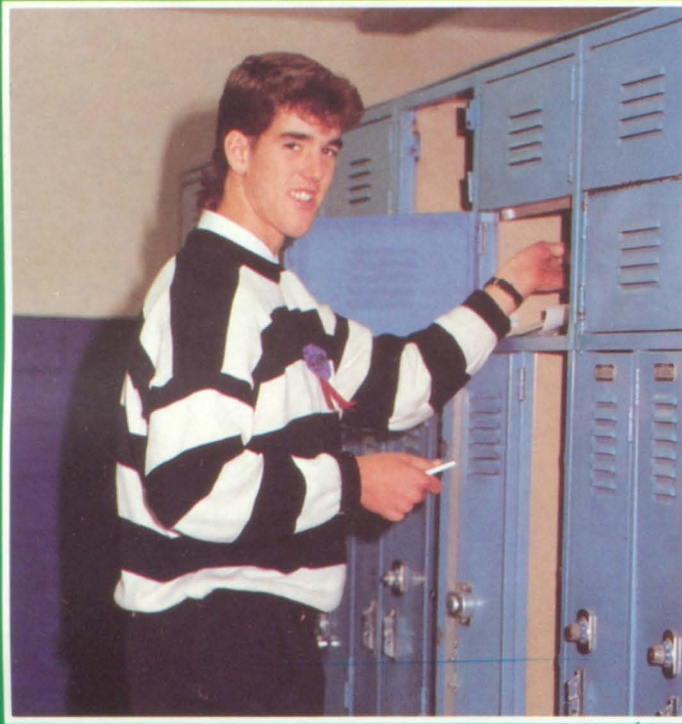

Later that night, the football stadium was packed. The band kicked off the pre-game show. Excitement and anticipation rose as the candidates for homecoming queen drove by the bleachers in the sports cars and finally walked across the field as the band played "Wind Beneath My Wings." The band stopped and all eyes were focused on the court as they waited for the traditional crowning of the homecoming queen. Finally, the announcement sounded over the loudspeaker that Cheryl Graper was Homecoming queen. The game was a success, with Madison's 21-6 victory over Ash-tabula City, and that put the icing on the cake and made the following night's dance a real success. Saturday night came and couples started filling up the dance floor. One last time, the homecoming court came out for the crowning of the king and the court's dance. Steve Sobe was announced king and danced with the queen to the theme song, "Somebody" by Depeche Mode. The seniors' hard day of work in decorating paid off, resulting in a wonderful atmosphere and an overall exciting time.

Look of surprise. Senior Cheryl Graper shares the special moment with her sister, Kim Farrell and her brother-in-law, Jim Farrell, as she is announced Homecoming queen.

Say cheese. Steve Sobe and Cheryl Graper begin their reign as Madison's Homecoming king and queen with a picture together.

What A Day! Smiling because the day's over, Senior Will Grover gets ready to go home after a tough day.

The Sound of Music. "Unskinny Bop" rang out beneath sophomores Gary Blacky and Travis Yocum as they leaned on the new jukebox in the school cafeteria.

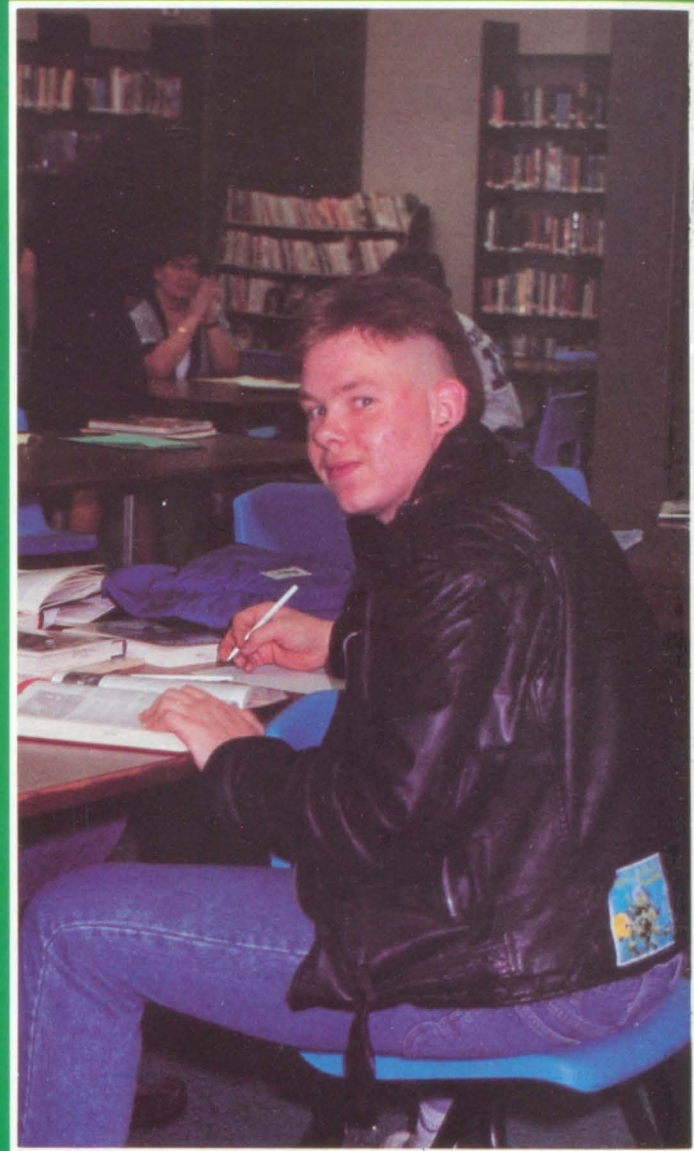

What's That?

Students passing by the boys' locker room could hear a sizzling sound. They smelled a different aroma, and it definitely wasn't lunch. It appeared to have been some of the girls spraying their hair up just a little bit more between classes. The 90's brought about many new hair styles. For instance, girls spiked their hair up to make them look a couple inches taller. The guys went for the shaved look. They shaved it into a bowl, a smiley face, a football, an M, or sometimes they just shaved it all off. Also, girls pierced their ears all the way up. Besides the new styles in hair and clothing, other things were new.

Wait, what was that noise being heard from the cafeteria? Was it a bird? Was it a plane? Was it a fight? No, it was the jukebox. For the students' enjoyment at lunch, it was placed right in the middle of the cafeteria. O' no not that song again. Was it "Fascination Street" or "Unskinny Bop?" Who knows? Students played these two songs constantly at lunch. Everyone in lunch clapped, though. No one knew if they clapped because they liked it or if they hated it. The jukebox let students listen to their favorite songs while chowing down to their favorite foods.

All through the years, Madison has had many changes, but this time the school went crazy. Now, the school has a new administration, a jukebox, a new lunch line called the Training Table, and a new rule breaking process. Besides the new looks in hair styles and in the school, it is still "the same old place!"

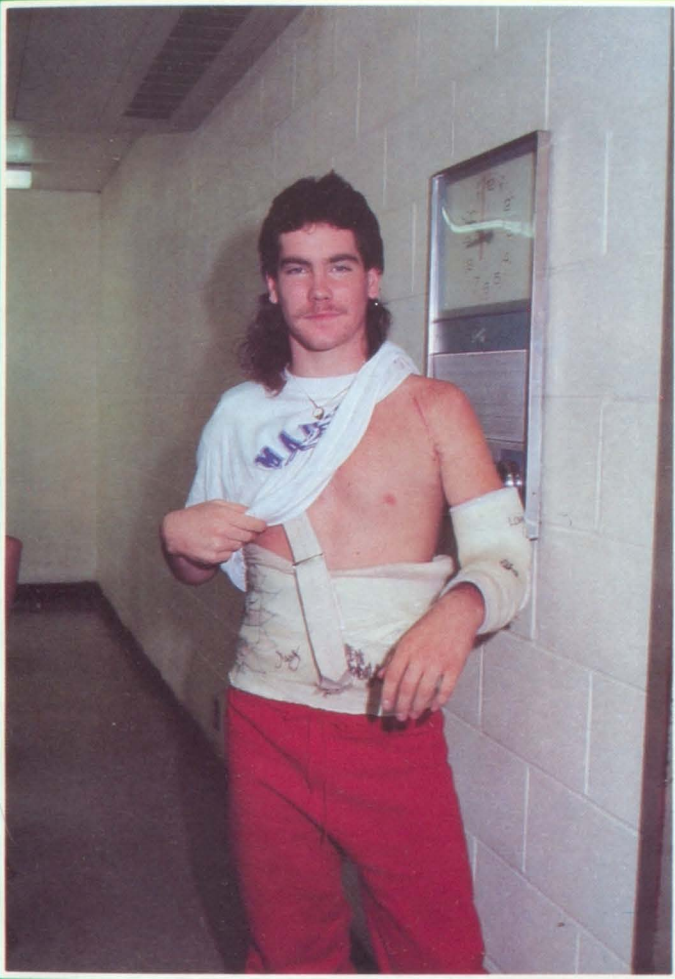

I Hate Studying! Believe it or not, the library is used by students (such as sophomore Peter Begley) for studying.

Put on the Spot!

There were many giggles coming from the back of the room. One of the guys in class threw a paper airplane at the teacher's head. What's the wastebasket for? Well, of course, it's to shoot baskets with crumbled paper from 30 feet away. These types of pranks occurred every day in student life. When asked about their pet peeves, students spilled out many answers. Sophomore Robin Tingue hates it when people crack their knuckles. Junior Nina Jameson feels like killing someone when she hears them chewing their gum like a cow. Senior Tom Owen said that he hates Sunday drivers. Wearing college sweat-shirts and not belonging to that particular college is what bothers senior Jenny Burgwald. Not being able to hear the song on the jukebox because everyone puts their money in first is what senior Erin Spears doesn't like. On the other hand, senior Eric Newton's pet peeve was the jukebox. Severe mood swings and short tempers were what really bothered some people, but especially Tony Kwiatkowski. Junior Jenny Hupertz, however, hated it when senior Brian Bosworth stood in her locker bay and said in his best deep voice "hey hoops." Last but not least, sophomore Brad Bower disliked nosy people that asked stupid questions at lunch. Very funny! Well everyone had pet peeves. But hey, we are all human, right?

Faces Only A Mamma Could Love! Showing off his haircut, junior Joe Pavetto gives the peace sign around his partner in crime, senior John Gishnok.

Five Heads Are Better Than One. Showing off their beautiful and creative hairdos are seniors Trista Linden, Mason Williams, Dale Struhar, junior Chris Brown, and freshman Erin Sherwood, who smile willingly.

Ouch That Hurt! During football practice junior Larry Davis hit Eddie Szabo and broke his shoulder. He had to wear this body suit for a couple of months.

Sports Leave Their Marks

Remember the feeling of sinking the game-winning shot or nailing that go-ahead goal? Maybe it was the opposite, feeling the frustration of dropping the winning touchdown pass or spiking the opponent's game point into the net. Those moments are the ones people usually remember throughout their sports careers. Maybe the thing that sticks out in an athlete's mind when he looks back isn't so serious, but humorous. Maybe they stumbled over nothing in front of a large crowd or as sophomore Matt Bosworth said, "I'll remember scoring Ledgemont's only goal for them when we beat them this year, 5-1." Senior Stephanie Baldwin laughed as she said, "I'll never forget the time at our Perry volleyball scrimmage, where I passed the ball up a little too hard and delayed the game by breaking their light."

Then there are more serious ones. Some are dramatic and others are heartbreaking. Like during the golf season, something happened that usually happens only once in a lifetime. Senior Guy Titler will probably never forget his hole in one on the 7th hole during the N.E.C. tournament. Junior Brandon Marshall said, "I was down in my match at a wrestling tournament, but came back to beat the kid." Senior Julie Jenks explained one of those examples of a time where the memorable moment was upsetting. She said, "My freshman year at the district swim meet, I false started in the 50-free, my favorite event."

Freshmen may not have too many memories of sports in high school right now, but by the time they're seniors, there will probably be plenty. Although freshman Karen Sutyak said, "I'll never forget all the teasing I got from seniors Lynn Hrbek, Stephanie Baldwin, and Jeny Gerred at my practices." Beside memories, everyone should remember one other thing from their high school sports careers: the confidence of knowing what they can do and how well they can do it.

Stacking Up! The senior volleyball players, Top: Cheryl Graper. Middle: Beth Billington and Emily Kriegmont. Bottom: Lynn Hrbek, Jeny Gerred, and Stephanie Baldwin, take time out from their lunch time activities to give each other support.

Just Monkeying Around! At the Wadsworth Invitational on September 15, the boys' cross-country team takes a little time before the races to climb around on the jungle gym.

The Play Stops Here! Junior Bryan Horowoski, 34, assists on the tackle of the Harbor ball carrier, while senior Mason Williams, 10, runs in to help. The Streaks beat the Mariners at the home opener, 35-8.

Lori Zimcosky lays down to recover after bravely donating blood in November's Bloodmobile.

Mason Williams and **Kevin Cocca** slip into study hall from their duties as A.V. aides to get a little help in and share a few laughs with Mr. Spohler.

Melissa Doland pages through an assortment of popular fiction books in search of just the right one.

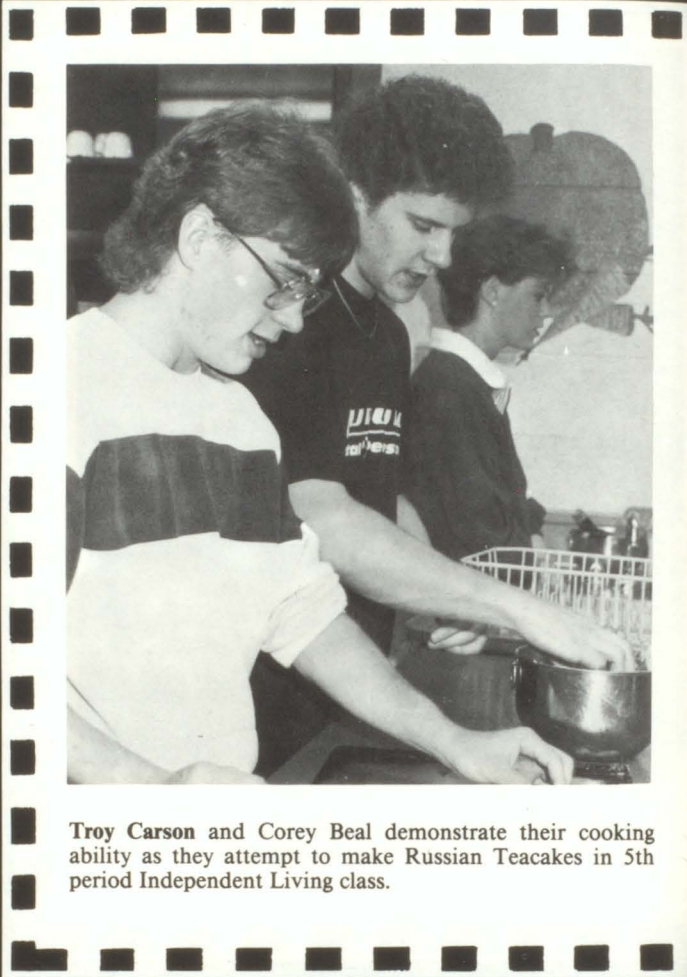

Tony Kwiatkowski and **Cathy Jewell** wait patiently for Mr. Miller's accounting class to begin.

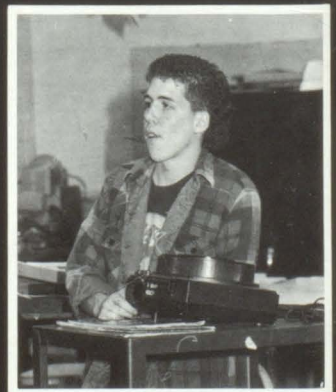

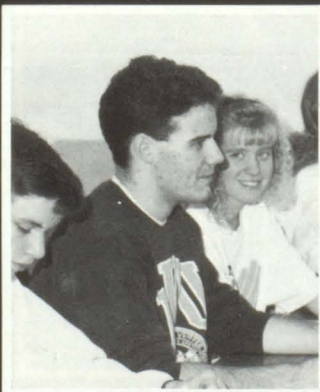

Waiting to read their policy statements are **John Potter** and **Melissa Pohto**.

Dave Tulk proudly displays his slide presentation of Madison High School in Mr. Ashton's newspaper class.

Troy Carson and **Corey Beal** demonstrate their cooking ability as they attempt to make Russian Teacakes in 5th period Independent Living class.

Jennifer Snyder enjoys the silence as she reads the latest in the news. Jennifer is a library aide.

Dan Andelin and Emily Kriegmont take a well deserved break after aiding Mr. Reigert's active gym class.

Alyson Stepp, also the yearbook photographer, steps into light in front of the camera.

Top Right: Jeanne France and Mary Gandee feed each other sugar cookie dough in their Independent Living class.

Todd Crim takes a relaxing break outside after a lengthy day of school.

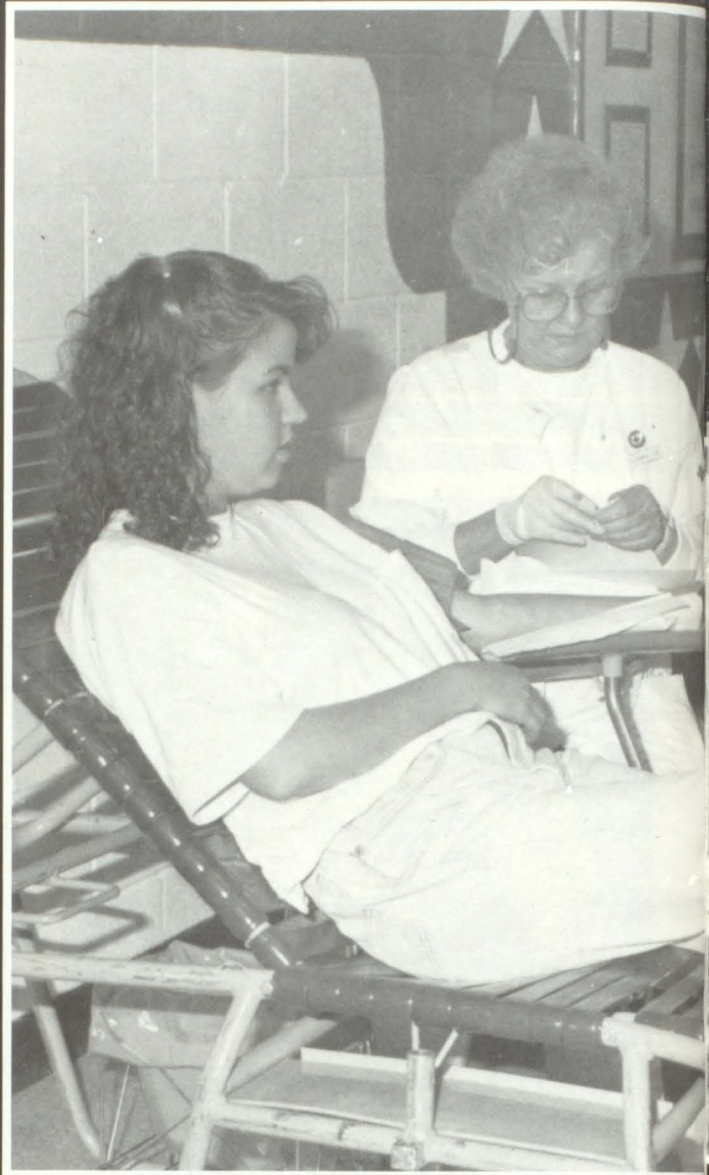

It's a bird, it's a plane, no, it's a book! Although senior year brings lots of excitement, there is still plenty of work to be done. Chris Cook does research for Mr. Pavesich's English class.

Heather Brady, Melissa Wienhold, Darlene Brown, Dina Nocente, Emily Kriegmont, and Lori Zimcosky stand in C lunch line with stomachs growling after sitting through five long classes.

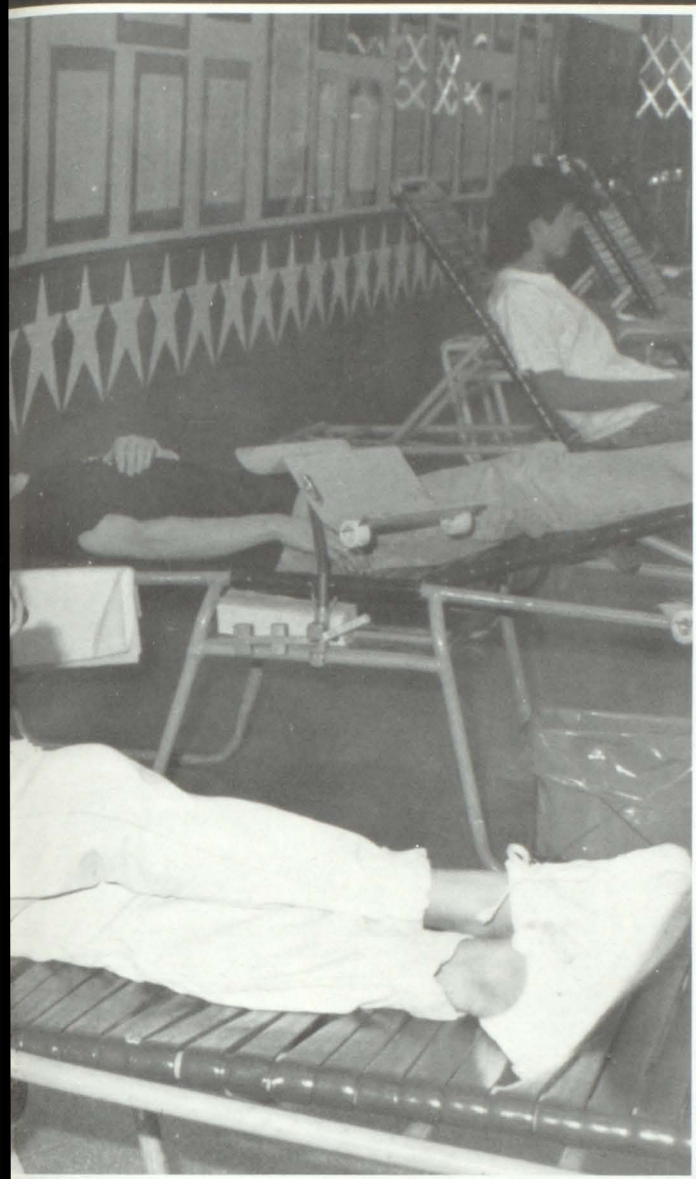

Hip, Hip, Hooray!

Cari McBride, Becky Townsend, Steve Sobe, Erik Overberger, and Emily Kriegmont share good times together as they cheer on the Varsity Football team at a Friday night home game. (Far Right)

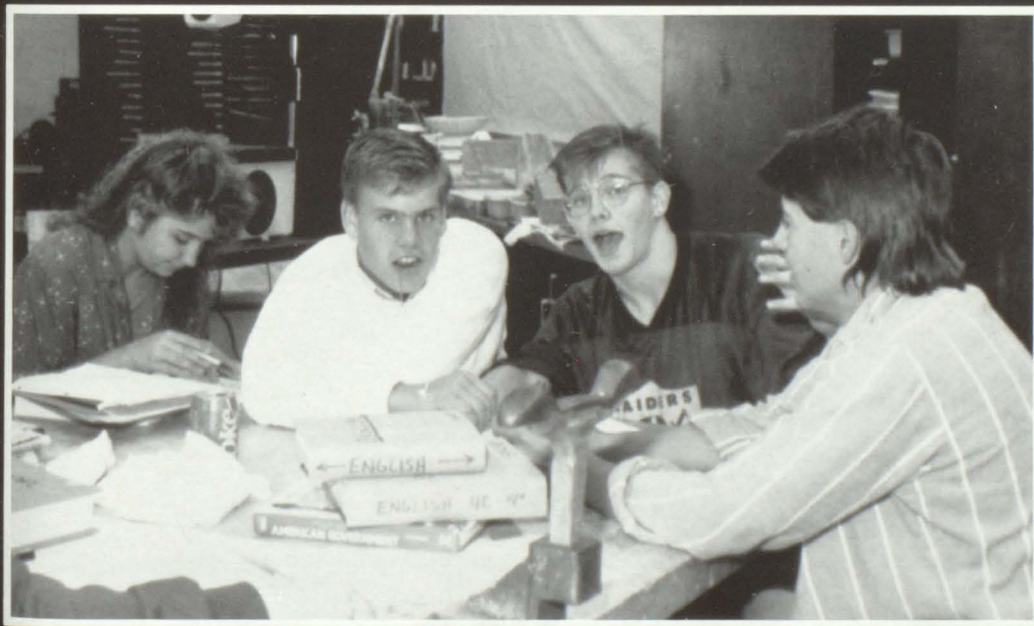

We're off to see the Wizard! Paul Miller and Chuck Martin take a stroll down the hallway before heading for the cafeteria to indulge their appetites.

AAAAAhhhhh!
Cari Naso keeps her cool as she awaits anxiously to give blood at the blood mobile held on November 7 in the library hallway.

MMMmmmm Good!
Corey Beal and Michelle Hynd work diligently to complete their cooking assignment in Home Ec.

School looks so much different this way.
Jeff Smith finds time during a hectic school day to have some fun and let off some steam.

Deadline? What deadline?
Corrina Pavetto, Guy Titler, Dan Andelin, and Dan Soulsby gather together in Mr. Ashton's newspaper class to complete their work for the next issue of the *Streak*, the school newspaper.

Wills and Plans

- I, Abbey Adams, will to Karen, paradise on a dirt road with all the gas station men she can take. To Melissa, the ability to cure anything and always listen to me. To Nick, Buffy, and Babe, the ability to accept my literary genius. To everyone else, Pease, Love, and Freedom.
- I, Dan Andelin, will to Keith and Dan — Jerry Garcia T-shirts, Em — me, Scott — to be the first. Cari — A Philippine-English Dictionary, Mason — his own clothes and beer, Joe — unlimited beer, Coach Fortuna — a deeper voice, The Sears' — one way tickets to Key West.
- I, Sarah Asbury, will to Will, never ending advice; M, what R U doing after school; Lori, a launch and Shane; Heather, a pair of flaming lips; Cari, a truthful friendship; Jeff and Steve, 10 ft. drop; Dan, a kiss; Jenni and Trista, a one way ticket to the best of Milwaukee and F.I.D.O.; Amy H., a chair and church driveway; Audra, whistle.
- I, Sherri Auld, will to my sister Lynn, all the luck in the world with Andy, my sister Ginny, an awesome 4 years of high school basketball, and my best friend, Melissa Doland, one more escapade with a title to it and to her parents, hoho's and donuts.
- I, Angie Baker, will to everyone the best of life. To my "Flying High Again" buddy thanks for always being there and for the greatest times in this hole. To Jen "may the good times keep on coming." Good Luck. C-ya.
- I, Stephanie Baldwin, will to Jeny Gerred the N.K.O.T.B., a garbage bag, a dumpster, and many men with mustaches. Lynnica a scrub brush to wipe the brown off her nose. Petie a bag of miniatures. Yeags a zit. Marc Von Eshen some gum. Mike Sears Deepwood. Jeny and Lynn thanks for being my bestest buddies. To Kate a fetal pig, and Will a new Homecoming date.
- I, Lisa Ball, will to Patty cakes and Marie all the Red ones they can handle, to Karen D. a long dirt road w/lots of signs! To Robin a Gorgeous man!, and to Rach...well?, and to Chris H. all the Doritoes he can possibly eat. Don't forget me G.B.! And to all my friends lots of love and FIDO to one and all!
- I, Halle Barski, will to Mel, eternal thinness, a record store, lots of poetry, and Brendon and Dave, Audra, fond memories of Mrs. Masters, and everyone else — whatever you want!
- I, Corey Beal, will to Mike Jones and Howard Rhodes my word that I will be at band practice every day "on time!"
- I, Fred Beech, will to the rest of the classes stuck here for the Deration, all the pitty in the world.
- I, Christie Benson, will to Threasa H., Shana I., and Melissa G. the best of my love & friendship. And to the whole senior class the best of luck with all of your futures.
- I, Bethany Billington, will to Mary H. what?..oh! Julie, a mud flap. Cheryl an Annabelle's for Prom, Erik a bumper car, Dan A. a Fiero, Cari musical boyfriends! Lynn H. boxing lessons, Boz a nice card, Janet T. my coloring pencils, Jenny Mc, a frisbee! Sara H. & Karen S. a ride to school.
- I, Amy Boback, will to Bec (C.J.) some driving abilities; Jen, the chicken lady on TNT; Kel, the keys to my trunk and to all three of you, my eternal friendship — you're the greatest! Grover, \$10 and the Celica; Chef, Hobbs; Muzz, Taco Bell and spandex; Top-Dog, a lil' love nip and my ability to peal-out; Cari, Em, Jeff, Steve, "Big Gulps"; PTTBSBMSJTDCBF, "Thanks" for the laughs!
- I, George Boch, will to all my friends, good luck you'll need it!!! To all the under classmen good luck with Mr. Keener!
- I, Brian Bosworth, will to Grover the Regal, Erik an extra Camaro, Lynn a key to the handcuffs that the Wardens put on & my love, Boback a real haircut, Ted some new clothes, My brother a real girlfriend, Guy \$5.00 for gambling debts.
- I, Heather Brady, will to Cotten, all my love; Brian, the ability to forgive me one day; Cari, a whole farm full of food; Mrs. McMahon, a big thank you; and Mrs. Sampson, a life without me!
- I, Darlene Brown, will to Angie the wareweese F.F. Elligont beer nuts, Halleobnoxiousness, Mel antidepresent, Aly eternal warmth, a beach party, F.F. Jane a new tent, 3 quarts for F.F., Sherry a lizard, Rob another party, Kurt an open window, Aaron some cookies, Nina a cow and Matt a trip.
- I, Jenny Burgwald, will to Aim, "the dudes on the beach," and the haunted house on the strip. Bec(C.J.), booth dancing in Taco Bell and the Dolly Parton picture. Kel(the navigator), testy moods and crab smashing. Danielle, all your hysterical and scary (Larry) times. To Jim, all the special times we have shared and all my love. To all of you my friendship forever.
- I, Clyde Burnheimer, will to none of you people anything, my corvette ZR-1 I am keeping for myself. My most sincere apologies.
- I, Marty Brown, will to Bart, Hawes, Freeb, and Saverk all the fun we've had. To my sisters I will my grades, and to everyone else all the great times they can have at Madison High.
- I, Holly Byers, will to Jenny Hupertz our friendship, Thanks. John Sill"the face" Patty Luggell a subscription to Playgirl, Mary Ann Marie thanks for keeping us alive in food's class, Mr. Reigert a large pepperoni pizza, Melanie Floyd the legs she wants, and Miss Hunter Thanks.
- I, Shane Carson, will to Josh Cichello learn how to play basketball, Chad to learn how to pump gas, John Gradomski to learn Corney's Combination, Dave Cox a new haircut, Corey Beal how to play the drums.
- I, Troy Carson, will to Jon Gradomski, Dave Cox, Chad Davis, and Josh Cichello to get a life, and to Becky all my love.
- I, Jane Chapin, will to all you poor underclassmen your diplomas and just say no.
- I, Joshua Cichello, will to the Carson Brothers my great driving skill, Chad a real job, Jon a dollar to buy a friend, Dave Cox to be able to go to the ACDC concert, and Terri all my love.

- I, Chuck Clemens, will to Rich Molchen another hair piece (when you get bored with the one Tom gave you), to Jason my extra issue of Ghost Rider, last but not least good luck to all the boys.
- I, Kevin Cocca, will to the "Scammer" all my Clapton CD's, to Clint the ability to beat me one-on-one, and to Spike Lee another Nike commercial with my man Micheal "Air" Jordan.
- I, Bryan Collins, will to Mike Doll all the power I have with women.
- I, Christine Cook, will to the Big S. another morning pisces drum major, "ED" good luck with Mr. S., to Jackie Orr a morning ride and a fun 4 years, to Advil Algebra 2 stories, and to Becky L. my thanks and good luck.
- I, Kim Cool, will to Michelle a guy with all his teeth, Jill and Tracy never to forget Nov. 19, 1989 and to the Get-Along Gang to stay in touch forever.
- I, David Cox, will to Jon Gradomski ham on rye, Mike lives, Shane Carson, my underwear, Bob Darby a barber license, Pavetto the illegal times in my car, and Troy a case of Mountain Dew.
- I, Kristin CZ, will to S.W.B. a bathroom sink and all of our funtimes and many more to come, Cyn my friendship forever and a big hug, FURFUR another trip to Georgia and an even higher Tetris score, Heather Cawgume and our picnic bench talks, Todd a diploma someday and Aponte — you're beyond help.
- I, Jill Dahl, will to Kim and Shelley Nov. 19, 1989; Never forget it. And to the Get-Along Gang all the fun times we've had and good luck in the future.
- I, Becky Davis, will to the "Get-Along Gang" my friendship forever, to Will Grover some "ZZZZ's", to Brandon all my love and friendship forever.
- I, Chad Davis, will to Jay Heckman a lunch for the rest of the next year at K-Mart, Debbie Morgan — I hope you pick a better team than the Brown's next year.
- I, Tiffany Daniels, will to Kevin and Kathy another chance to TP Mr. S's house, to Kathy a bottle of . . . , to Matthew lots of hugs and love.
- I, Marie A. Davirro, will to Pattycakes to one day meet a real nice guy, to Lisa lots of luck with Chris, Tammy lots more laughs, Mary have fun with Charles and thanks for keeping 3rd period so alive, Holly keep cool with the family, April lots of good times with Gary and to my honey, Vincente — Te amo! — For all those who I have not seen this year good luck in the future!
- I, Karen Denison, will to Robin a cart of books and a Perry guy, to Traci a lifetime supply of hairspray, to Abbey true love and eternal happiness, to Lisa a dirt road trip to the dragstrip listening to Meatloaf, to Melissa all the success you deserve, and to Rachel an eternity in Canton.
- I, Holger Dewes, will thanks to all teachers who helped me so kindly.
- I, Marge Dilley, will to Stacey Marteny 2 more great years of high school, to Cheryl, smokey rock candy, and a "Cherie, What is this?!?" to Mary a thousand thank-you's and I Love Ya! To Chip Hi-ya I'm the champ! To Gin all the fun times with the Jak's, a tan, and a sundae with no Mihaliks, to Danielle, what's left of Penelope, and to Brian all the English homework I ever borrowed, Thanks!
- I, Mellissa Doland, will to Brett — the ability to play a REAL sport, Steve T. — rocks, Will — a new pillow, CC team-mud puddles, Jenni — a guy she'll actually go out with more than twice, Melissa — trips to all the major universities and cities in Ohio, Sherri — my lifelong friendship and trips to N.Y. in the "Moon Machine."
- I, Eric Eland, will to Chuck Martin a more relaxed personality, to Steve Rose a good life and to all my other friends a great time.
- I, Audra Endelmann, will to Halle unlimited Plum hair dye and a visit to Mrs. Masters, to Mel my pink suede shoes, to Becky a clean locker, to Sarah and Heather spices, to Elliot a bell for each and every goat, and to Hannah my friendship forever and a bearable Senior year.
- I, Matthew A. Fisher, will to Tiffinay all my love and that heart shaped ring she always wanted. To Kevin a real nose, to Mrs. Hunter all the T.P. she can handle.
- I, Rachelle Fredericks, will to Deanna Hoylman the best life with Strass, Betsy Titler the best Senior year, Dave W. the ability to find a girlfriend, most importantly all my love to Scott.
- I, Kelly Friel, will to Aim a radar detector that actually works. To Bec a fob, and dodge 'em lessons, to Jen a car, and a J-Crew outlet, to the V.A. Beach gals all my love and a Taco Bell too!
- I, Mary Gandee, will to Debbie Mills more camping trips, to Michelle Hanson a ride in the green boat, Missy Wiengold a really outrageous Grad party, to Charles all my love.
- I, Steve George, will to Newton — a car, Chef-money-so he doesn't have to steal it Clint Stapleton — a few more Saturdays, Sherri Auld — a real job, Wendi Price — a listed phone number, Cari McBride — presents and lipstick, Robert Finch — a life, Mereda Brandt — ability to graduate, Steve Sobe — accounting ability, and Mrs. Depaul — Me.
- I, Jeny Gerred, will to Stephanie Baldwin, my best friend, all our good times together, Peter Kovats. . . AHHHHH!!!, Emily Kriegmont a Q-tip and a velcro!! to Cari and Chris Mc Bride one more Sonny and Cher skit, to Lynn a little more BROWN!! to Guy Titler-thanks for being such a good friend, to all my friends-I love you!!
- I, Shelley Giles, will to Kim all the wonderful things of life, to Jill the best of everything and to both of them a trip to Boston.
- I, John Gishnock, will to all the pool buddies my skill, someday they'll be Stoney Muscony's, to my crazy Junior friends those nights were great, to Dan Soulsby my 48 inch chest, the football team an NEC championship, and finally to all my weasels a good "toe cracken"
- I, Jon Gredomski, will to Dave Cox Ham-n-Rye, to Troy a car that does not dent to Shane a fog to Dan D. and Dan T. the courage and skill to try and win a real game of pool. Where is Mike?
- I, Traci Granger, will to Andre the Giant-(M.P.) all the burliness in the world, all of our great times, I hope they never end. To Karen D. all out times at the Potpourri Place! B Trucker Babes on CB's! Abbey, all the guys we've shared and recorded birthdays on the beach! Rachel, late night phone calls! Don't worry they'll never end! (Canton)W.W. my key chain for your (my) COAT! Kurt, all my love and as much Cherry Berry and bubble gum you can handle! Shut-mm-up!

- I, Cheryl Graper, will to Mary, my best buddy, our Laverne and Shirley days, a bottle of 7up, squished strawberries, and a lifetime of friendship — thanks for everything! To Julie, Mary, and Beth — our once a year get togethers, the Yeags — friendship forever, and Chuckie — ice cream trips and morning doughnuts.
- I, Susan Golding, will to Cathy J. all the rumors you ever want. To Debbie the best of luck with Rowdy. To Johnny Ignat all the fun you can have without getting into trouble.
- I, Kathy Green, will to Brian Henderson some common sense.
- I, Will Grover, will to BOB, a new hairstylist; Burger's blue sabbath; Guy, a new ponti-vette; Cor, a little less experience; Boz, a hairline; Aim, the butterfly; Sherri Auld, a brain; Jim Skokan, a sweater that fits.
- I, Tina Gustincic, will to my best friend Michelle, a Barnett, a married man of her own, and a life time supply of "Big Trips." To Jenny, a life outside Broadfield. Tonya and Debbie, a new party song since Milli Vanilli is fake! Cora, Dean and Tina W. a diploma.
- I, Mark Hall, will to Steve Sobe my pool skills that he doesn't have and my collection of Randy Travis C.D.'s take care of them Steve! Also I will to my sisters, Stacy and Tracy, my sloppy locker.
- I, Michelle Hanson, will to the get-along gang, may we stay together forever, Kim, 4 cents for large fries, Mary, more walks in the rain, Becky L. and Karen T. — a trip to Myrtle Beach, Cathy all of Terry she can handle and to my brother, I wish you the best of luck at M.H.S.
- I, Ginny Hearn, will to Danielle — all of our fun memories through the years; to Janet and Julie, I will never forgive you (Jacques); to Audra E., Moo moo and to all my friends — I love ya!! Good Luck!
- I, T. C. Heil, will to my sister Barb all the best, the gang from Jen's party, a real life, and better times, to Christie an easy birth, and to Ken Snyder-Love!

- I, Rob Zuzek, will to Sherry my Saab 900 SPG Turbo and my life, to Steve a License, to Jeff a real pool table, to John my awesome clothes to Amy endless scavenger hunts, to Katie our 10th reunion
- (Abbey Adams) to go to college, get my CPA, become a famous poet, start my own business, get married and raise black hill-billy babies.
- (Dan Andelin) move to Mason's, go to college, move to Key West, and start the Husker Du Fan Club with Chris, Matt, Craig, Joe, Pat, Chad, and Mason.
- (Sarah Asbury) to go to a four year college majoring in art, earn enough money to hire a detective to find the real meaning of "Nancy" and who poisoned Elliot's Billy-Bob Goats, live 2 hops and 2 jumps from Heather and *escape The Rumors of M.H.S.*
- (Sheri Auld) attend college, become a nurse, and spend all my summers in New York singing dumb songs with Melissa Doland.
- (Angie Baker) to attend a business college or an art school. And for what time I have left I hope to spend as much money as I want and have the man of my dreams.
- (Stephanie Baldwin) to attend a 4-year college and major in undecided for about 6 years. No really, I'm gonna major in special education (but I'll probably change that). If all else fails, I guess I'll have to marry a rich man.
- (Lisa Ball) to become a famous artist (and cruise around in my 1965 convertible Ford Mustang. Ha Ha, Chris!) and to meet Mark Slaughter in person! Meatloaf Rules!
- (Halle Barski) to move to Ireland and live in a thatch-roof cottage, raising sheep, or maybe become a skin chick and follow Skinny Puppy across America.
- (Corey Beal) to have the band I'm in to make it real big and be playing our music in coliseums and stadiums all over the world. I would also like to see if the person rated most likely to succeed really does.
- (Fred Beech) to race at Daytona.
- (Christie Benson) to get married, take one year off of school, then return to school and become a nurse, and to try to be a great mother like my mother.

(Bethany Billington) to attend Miami University, go to law school, get rich, get married, live in St. Martin, and live a carefree life.

(Amy Boback) to go to college and become a vet and visit Guy and Burger in Central Park when I'm not trying to scam money off Mike or own a Taco Bell franchise and collect Far Side cartoons.

(George Bach) to become Mr. Universe.

(Brian Bosworth) to attend O.U., become a wealthy business tycoon, drive fast cars, and make Guy my butler.

(Heather Brady) to join up with a band of roaming nomads, teach my son to be a real man, and try to forget how bad Brian hurt me.

(Darlene Brown) to scrounge for as long as possible, then work at Alyson's Disco Inferno as a janitor.

(Jenny Burgwald) to attend Kent State for 4 years with my friends Danielle and Becky, then graduate and marry Jim.

(Clyde Burnheimer) I am enlisted in the navy and plan on going on to racing.

(Marty Brown) To attend college, buy me a house and a nice car then ma and relax the rest of my life and watch the money roll in.

(Holly Byers) To attend college in San Diego and pursue a career in Psychology or as a social worker.

(Shane Carson) Go on to school for Respiratory Therapists.

(Troy Carson) To get a real job.

(Jane Chapin) To become a great novelist, and write a book about all my high times at Madison High!

(Josh Cichello) To go to college, to play pro baseball, and have eight kids.

(Chuck Clemens) To make it through college, get a really good piece of real estate, to find the perfect girl, and last but not least, a dog and 2.5 kids.

(Kevin Cocca) To be on "American Gladiators" and dethrone Titan to be the Ultimate Champion, or maybe I'll just join the mafia like the rest of the "Cocca" family. I'm gonna make the "stallion" proud.

(Bryan Collins) To go to a tech school for hands on training for Criminal Justice.

(Christine Cook) to attend Case Western, receive my BSN, get married to Eric and raise a big family and live in a cabin in Minnesota or Wyoming.

(Kim Cool) to Graduate, get a job and save money and go to school for a few years.

(David Cox) To own the first nudist colony on the moon and marry a nice Catholic girl.

(Kristin Cz) To go to Germany for a couple of years and take Heather as my nanny, to give Lori a 21 "bun" salute, to hopefully go back to Florida someday and sit around and chew gum and drink coffee with Cyn.

(Jill Dahl) To attend college, make lots of money, and move to Boston with D.W.

(Becky Davis) To go to college and then marry the best looking guy and live happily ever-rich on the sandy white beaches of Penssicola, Florida.

(Chad Davis) To become a hat rack and waste air.

(Tiffany Daniels) To become a professional maker of do-it-yourself TP kits so Giant Eagle doesn't give dirty looks when you buy tons of it! And possibly marry Matthew.

(Marie A. Davirro) After graduation I plan to move to Puerto Rico with my honey, Vicente, we plan to get married! Within a few years I plan to go to college and become a Social Worker.

(Karen Denison) To go to BGSU, travel a lot, marry a rich guy, and raise lots of kids.

(Holger Dewes) Going to College, getting rich, getting married, having a big house and 2-3 children.

(Marge Dilley) To go to college, become the highest paid accountant in the world, stay single, and go to Australia once a week to have lunch with the kangaroos!

(Melissa Doland) Go to college and if nothing works out after that I'll become a professional camp counselor with Sherri in New York.

(Eric Eland) To attend a 4 yr. college and major in engineering then become world famous and lead an adventurous and fulfilling life.

(Audra Endelmann) To purchase a thrift shop and make a living on selling clothes to Gucci and JT.

(Matthew A. Fisher) To attend U. of Toledo and major in pharmacy, then marry Tiffany and make millions of Dollars.

(Rachelle Fredericks) To go to college, write a book w/Deanna on relationships and go on Live on 5 with her and to one day become Mrs. Scott Shipman (I Luv You)

(Kelly Friel) To attend Ohio University, get any kind of business degree, find a man, bare some kids, and live happily ever after.

(Mary Gandee) To attend Pittsburg Art Institute, and travel for 2 yrs. Be a photographer for male strippers.

- (Steve George) To go to Morehead College, coach Hoops at Georgetown, marry my wife, become first black president of the U.S., then bum it in Florida.
- (Jeny Gerred) To go to a 4 year college and hopefully do something successful but if not, marry a successful dark-haired yuppie!!!
- (Shelly Giles) To go to college after high school and become a pediatric nurse.
- (John Gishnock) To go to Kent, room with Smith, lift all day long, continue my relationship with Kim, get crazy w/all my psycho college friends.
- (Jon Gradomski) To be the first male stripper in a blind community.
- (Traci Granger) To go to college and become a Bio-genetic laboratory researcher and minor in art cartooning! and invent the first brick car with Cari Naso and drive to Luke Skywalker's planet on our grills (sis!) Also, to marry a rich guy and get a maid! Oh, and get a job! (NOT!) and to blow up the state of Indiana with A,K,&K!
- (Cheryl Graper) To someday own a fast, shiny, RED sports car, and to go to college and major in Business.
- (Susan Golding) To go to a business school, then become an Accountant, and make BIG Bucks.
- (Kathy Green) To become a plumber in New York City
- (Will Grover) Work at McDonalds, become a crew trainer, and eventually, after 20-30 years, become manager. Someday I may even own my own store.
- (Tina Gustincic) Marry a rich old man and wait for him to kick the bucket! Or work like everyone else and marry Joe Shuttleworth.
- (Mark Hall) To break out of jail and go party with the Datson's in the Wagoneer.
- (Michelle Hanson) To work for a year, go to college if I feel the need to, then spend the rest of my life with that special someone.
- (Ginny Hearn) To attend college and major in business management and live happily ever after.
- (T. C. Heil) Let me get through this year and then ask me.
- (Tonya Hemmi) To move far away from Madison, Ohio. Go to a decent college, major in Hotel Management and have the next "Hemmi Towers!"
- (Stephanie Henderson) To be decided through time.
- (Jane Herder) To help Alyson open a disco-night club and to create my own spandex clothing shop next door, while raising my 18 children.
- (Heather Hillstrom) To major in Graphic Design, give Lori a 21 "bun" salute after a skid through Angela Wang's yard, bake cookies with Karen, Ez, & Budd, to live 2 hops a skip and 2 jumps away from Sarah, to visit Cari at the Super 8 and most of all escape the rumors of Madison! also babysit Cz's kids in Germany.
- (Matt Hockenberry) To "maybe" go college "somewhere" or just move to Columbia and live, but visit monthly to see my friends! Bringing them gifts from the native home land.
- (Marc Hoffacker) To start a business with Brian Rohl and be rich.
- (Josh Houghtaling) To party the summer away, and make all the money I can.
- (Jenny House) To go to college for four years. I plan to major in legal field. I plan to keep in touch with Tonya and Tammi. Also someday get married to my soon to be fiancé.
- (Deanna Hoylman) To go to College; marry Strass; raise a hippo farm; live long enough to see Bryan Horowski playing the Pro's; and go on Live On Five with Rachelle.
- (Lynn Hrbek) My future plans are to go to college major in Sports Medicine and to someday pay back all the money I ever borrowed from anyone (maybe).
- (David Hughes) to go to college and get a four year degree. Then go to England and marry a girl with an accent.
- (Mellisa Hunter) to attend college and become a high school science teacher, marry and give tons of children.
- (Mary Hupertz) To attend Ohio University, major in psychology, solve everyone's problems, and to make all my dreams come true!
- (Michelle Hynd) To move very far away and go to college to become an occupational therapist.
- (John Ignat) To be the best crocodile wrestler in all of Australia — discover Atlantis—open my own amusement park—and to become the star of Sesame Street.
- (Shana Ivey) Me and my daughter Brittnee to move to South Carolina with my brother, attend Clemson University and be a dental Hygienist.
- (Julia Jenks) To perfect the art of standing on my head and sing the Star Spangled Banner backwards. And go to college!
- (Cathy Jewel) To become the greatest family and child psychologist the world has ever had!!
- (Lynea Joles) To have healthy children, a happy marriage, and eventually college so I can go into Fashion Merchandising.
- (Kristie Keener) To make it through high school and then try to make it through college without missing too many days.
- (Tammi Kern) To graduate, go to Lakeland and become a legal secretary.
- (Jenny King) To graduate, enjoy my summer, and attend college next fall.
- (Aaron Knight) To get a real job in the Graphic Arts field, quit IGA, Pay off my car, move out and live happily ever after.

- (Wendy Knight) To work on computers as a Secretary, get married to Doug Hall, and have a little fun while I'm still young.
- (Peter Kovats) To attend Balwin Wallace with Donna, and major in business, and be "rich."
- (Sharon Kozlevcar) To go to college become a rich and successful lawyer, take a cruise around the world with "the fabulous four" and come home and visit SOB and DP at Wendy's.
- (Emily Kriegmont) To attend either UC or OSU, major in business, work in a tall building, and drive a fast car. I'm also going to go to a New Year's Eve party at Cari's in 1999!!
- (Robin Kuhlman) To go to Harvard and major in Choir, then buy an island in the Caribbean with Lucifer and rule the world from it for 1000 years with Kevin as our slave.
- (Tony Kwiatkowski) To go the P.I.A. and paint, then when I'm bored I'll draw, and when I'm sick of that I'll sculpt, then if I'm still alive I'll think of something else.
- (Ian Lemin) To go to college, become the next Pelé, then retire in New York City on the money I win from the stock market game.
- (Shawna Lett) To live my short life to the fullest, and hope all those around me ingance from it.
- (Rebecca Lindahl) to go to Myrtle Beach with Michelle and Karen, become a teacher, find Pat and then marry in to money and retire on my island with Karen, Jimmy George, Eszmerelda and Stanley.
- (Trista Linden) I have no plans and won't make any, that way they can't be destroyed! Live life as it comes.
- (Jason Loehr) To get my wagon back before Brian finds it. And to watch Notre Dame lose every game to the Miami Hurricanes.
- (Patty Luggelle) To go to college and try to become a doctor or social worker! And then find a good muscular man and live with 6 kids in our mansion in London.
- (Christy Lyons) Go to college for art and become a graphic designer in California.
- (Mike Mahoney) To join the army and become an airborne Ranger and grease as many Iraqi's as I can.
- (Chris Malinowski) To graduate from Madison, go to Myrtle Beach with Paul, Julie, major in Civil Engineering at the University of Cincinnati, buy a killer Iguana, a nice car and marry Julie.
- (Chuck Martin) Attend a 4 year college and get a degree in mechanical or electrical engineering.
- (Cari McBride) To attend Ohio State, room with Katie Retsch, get a good job, have a nice car, live near the ocean and have a huge party on New Year's Eve 1999-Everyone's invited.
- (Justin Meister) To attend a 4-year College and become an engineer of some sort, and if that fails I'll open up McMeisters Beverage and Pizza carry-out. Also marry Rennee and have a dozen kids.
- (Keith Messenger) To graduate first, then party a little, go on to 4 years of college and if that fails probably retire from good old "SUPER DUPER" or live at home til my parents get sick of me.
- (Jenny McKibben) To attend KSU, meet lots of people. Travel across the United States on a motorcycle, figure out how someone can be killed by an eggplant (or paperclips), enjoy life, and to live forever . . .
- (Paul Miller) To live fast, die young, and leave a beautiful corpse.
- (Debbi Mills) To attend a 2 year college. Then a 4 year college or art school for photography and get married.
- (Jenny Minor) To go to college and get my degree in Dental Hygiene.
- (Richard Molchen Jr.) To go to college, and get a girlfriend.
- (Mark Moseley) To go to college, study commercial art and stay in Ohio because I love the cold and the rain.
- (John Moran) To become a professional soccer player, play in the World Cup, then retire and start a second career as a professional Jazz Tenor Saxophonist.
- (Danielle Mussell) To attend Kent State University and room with Bec, Cheryl, and Jen and major in Early Childhood Education.
- (Cari Naso) To attend Wooster college, play soccer and major in Special Ed. To live a long, rich and prosperous life and become the first female President of the United States. To invent the first brick car with Traci Granger and drive to Luke Skywalker's planet on our grills.
- (Eric Newton) To go to college . . . and then go home.
- (Dina Nocente) It's a big secret!!!
- (April Ohtola) To marry Gary and to settle down. I want 2 kids. No more, Gary! Love ya Babe!
- (Erik Overberger) To attend Harvard for 4 years, bankrupt Guy Titler and own half of New York City by age 26.
- (Tom Owen) a career in Telecommunications Management, a Master's degree, and to live well.
- (Tara Owens) To get married to Jerry, move away to the hills, have the biggest grad party with Shawn Jogans band playing all night, and become hairdresser for

C. C. Deville.

(Corrina Pavetto) My future plans are to attend college, medical school and then when I flunk out take a job on the streets and to frequently visit Guy and Erik in Central Park when business is slow.

(Theresa Pechinko) To attend college, get married and move to Alaska.

(Melissa Pohto) To go to Kent State for the rest of my life and get "DRUNK AGAIN"

(John Potter) To attend West Virginia University, go to Law School, move to New York City, become filthy rich, and retire a millionaire at the ripe old age of 40.

(Kathy Powers) To go to college, save the world, then rule it for 1000 years with Robin (Beelzebub) from my island in the Caribbean with Kevin as our slave.

(Jared Preston) Get a good job, buy a house and have tons of parties.

(Sherry Rainery) Graduate from college, move to Australia and work at the artificial reef in Perth, or work at Jane's Whips and Chains and Leather Products Inc.

(Melanie Rangel) To dye my hair blue, go back to see skinny puppy and for Nivek Ogre to marry Me!

(Kevin Remhof) to go to the University of Dayton, become an engineer, and be the first man on Mars.

(Katherine Retsch) To room with Cari McBride at OSU and major in Biology, Save lives at MCC, and make it to my 10th reunion (HI Rob!)

Spotlight On:

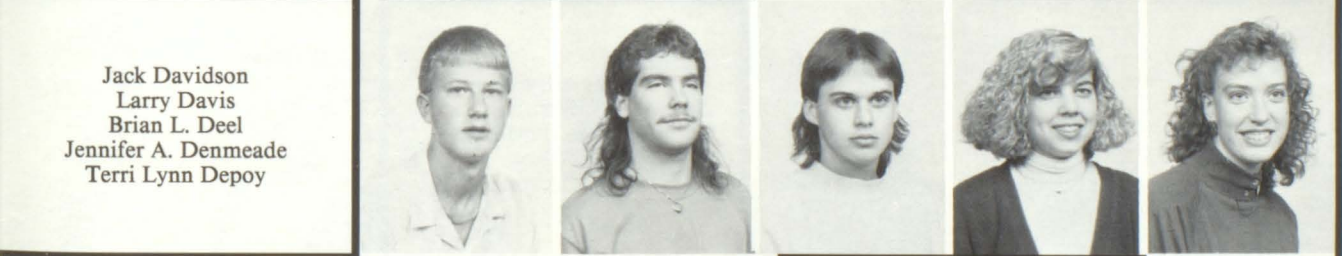

Jimmy Bob sauntered into the office to demand his withheld report card when suddenly he noticed familiar faces plastered on the wall to his right. After questioning the secretaries, he discovered a new program. Mr. North, head of the new Student of the Week program, said, "A lot of students are commended on athletic and academic achievements Others are working as hard but may sometimes be overlooked. My goal is to have attention drawn to students giving 110% and doing extra things for their school and community." Teachers that wanted to participate in the program were given the option. Each week, Mr. North chose the next two names on the list. The teachers chose based on improvement, attitude, effort, interest shown, and participation in the classroom. The honored student was given a form to fill out about him/herself. The form, along with a picture given to the Tri-County Chronicle and Free Enterprise could be spotted in the papers weekly. As a reward for their honor, the student received a free lunch with the teacher that had nominated him at McDonald's. (Pictured to the left are S.O.W. Junior Stacy Markgraf and Senior Tom Owen.)

Beginning of P.A.

“Good Morning. Today is anyday, and here are your morning announcements.” Ever wonder who those laughing and giggling students are who give Madison the daily announcements? Mrs. McClellan’s fifth period class volunteered to give Madison students those wonderful announcements no one could do without. Mrs. McClellan selected people during the course of the first semester to relay the events of the school day, for a grade in her class. The class ended after the first semester, so Mrs. McClellan picked Andy Ogrin, Sherry Pivonka, and Matt Martin to present the announcements for the rest of the year. If teachers wanted to make specific announcements, they had to pick up a form, fill out their message, and turn it in before 7:20 to the office. Announcements included sport scores, dates of dances or school trips, events of the day, peppy newspaper advertisements, and thrilling school play speeches. “End of P.A.”

Buses on the Move

I stood with anxious excitement awaiting the huge yellow vehicle that would soon be stopped in front of my house. Soon, it came and its big doors opened to reveal a man as big and hairy as big foot. "Hurry it up, Little Buckaroo," he said as I scrambled onto the multi-green shaded interior of the bus. Finding a seat which contained as few gorged initials as possible, I made myself comfortable for the ride. At the next stop, a friend of mine appeared and shared my experience with me as we screamed and shouted and sang all the way to school.

Riding the bus has been a part of life since kindergarten. Back then, there was always a fight for the last seat. Kids have eagerly awaited, morning after morning, at their bus stops. Years passed and the bus rides were no longer an excitement. There were still occasional lollipops from the bus driver. But as students enter high school, they ride the bus less and less. They turn sixteen and get their license and buy a car. Some find it embarrassing to ride the bus, but the fact is as gas prices rise, they are better off riding the bus and saving that gas money for college. Besides giving out lollipops, bus drivers put up with the noise and those extra late-night trips to athletic events. Bus drivers should be commended for all their time and effort of making transportation to school good for the students.

Academics

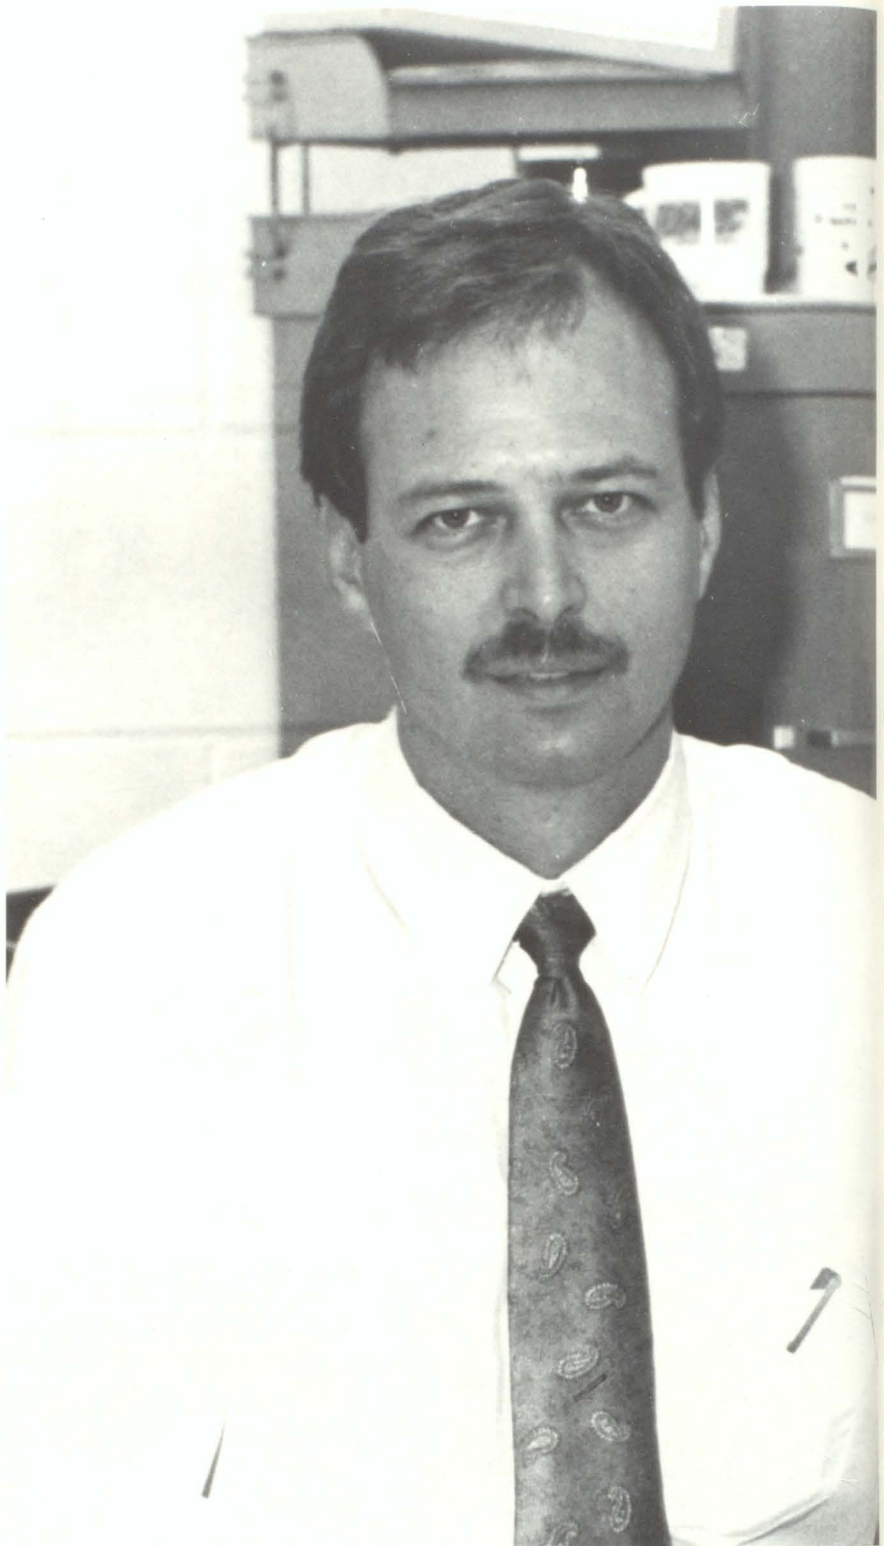

Administration

It was the first day of school, and the new changes were evident by the freshly painted walls and a training table sign. Walking through the cafeteria, students greeted familiar faces with smiles and laughter. But, moving towards their locker bays, a very unfamiliar person halted the students, directing them back to the cafeteria informing them not to leave until the bell rang. Confused and bewildered by the new rules, students wandered to the office seeking shelter in familiar faces of administration. This journey, however, was met with a rude awakening when yet more strange faces greeted them. Had they entered the twilight zone? Who were these impersonators and where was the old administration? Students soon learned that their school was **the same old place at a different pace**, including more than one new face. It did not take long for students to adjust to the faces of Mr. Clinton Keener, Mr. Darren Jenkins, and Mr. Mark North, their new principals. And despite the students' bewilderment at first, all three principals said they felt very welcomed and enjoyed getting to know both the students and the faculty.

Smiling about the successful year . . . Mr. Jim Pinelli, athletic director, takes care of all the sports and the many tedious details that go along with each sport.

Hard at work . . . Mr. Clinton Keener, principal, pauses just a moment from his demanding and sometimes stressful job.

Secretaries deserve breaks too . . . Lounging around outside the Student Center, these hard-working secretaries Mrs. Carol Gibbon, Mrs. Brenda Erzek, Mrs. Cindy McKibben, and Mrs. Joan Jopko take a break from their demanding jobs.

Showing their approval . . . Assistant principals, Mr. Mark North and Mr. Darren Jenkins smile at Mr. North's newly painted office.

Guiding the way to a successful future . . . Guidance counselors, Miss JoEllen Fellows, Mr. Mike Leu, and Miss Lori Hunter eagerly help students every day with schedule changes, test scores, and college applications.

Loud talking is not appreciated . . . By these three women, our helpful librarians, Mrs. Jeanne Caruthers, Ms. Dee Carlson, and Mrs. Beth Leonard.

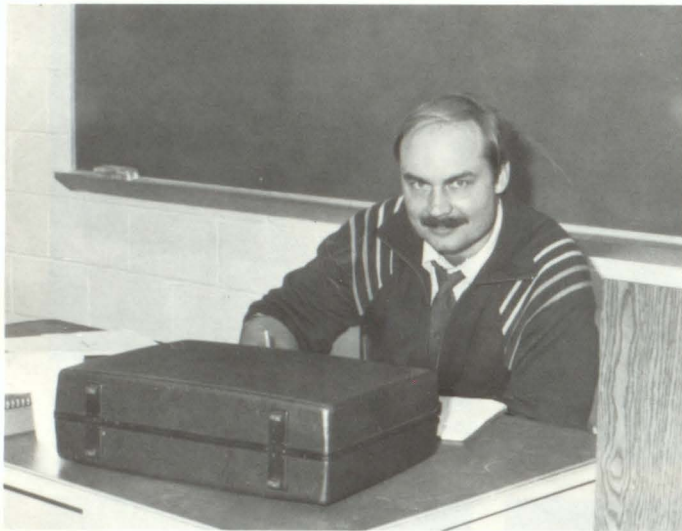

Interested in watching some T.V. . . . Just see Mr. Bob Richmond, the Audio-Visual instructor.

In With The New.

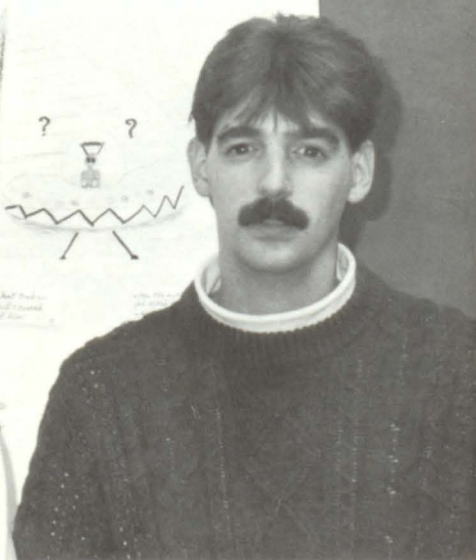

Who are they, and where did they come from? There have been some sightings around the English, Special Ed., Math, Science, History, Health, and Music departments. There have been many rumors that three of these creatures dressed in strange clothing have attempted to take over the school, and two more were sighted in the Student Center trying to give advice and guidance to the students.

Who are these strange but unique creatures? They are the new faculty members found throughout the school. Along with three new administrators and two counselors, twelve teachers were added to this year's faculty. Bringing with them their bright ideas, Madison High School has opened its doors to a whole new future for graduating students.

Fee Fi Fo Fum! New faculty member Mr. Art Bortnick takes time out to smile for the camera.

New members to this year's faculty, (From L. to R.) Mr. Tim Willis and Mr. Duke DiPofi.

Round and round there it goes, where it stops only these men know. (From L. to R.) Mr. Scott Spohler and Mr. Larry Daly.

New faculty members are, (From L. to R.) Ms. Emily DePaul, Ms. Colleen McClellan, and Mr. Pat Murray.

Ms. Nancy Rihaly and Suzette Allen work diligently together to answer some pretty rough questions.

ON THE WRITE TRACK

Tapping pencils, biting nails, papers shuffling, and heavy sighs distinguish some of the familiar sounds heard in an English class. If you ask many teachers, they will agree. But teachers made changes that made English class more tolerable. The English Department dealt with a big change in their daily lesson plans. It adopted a college prep course because many students felt trapped when they were placed in a class that was either too advanced or too elementary for their learning abilities. This course may have made more work for the teachers, but in the end, students appreciated the time and effort that was put into this course. Other available classes were first level English and Honors English. First level English stressed basic English skills. Senior Jeff Smith added his opinion on his first English class. He stated "Regular English was easy. I like it a lot. One thing that helped was I had a very good teacher. Also I learned better English skills." Another choice was a college prep course which was a harder course that fell short of honors. It was an advanced course. Leah Snitcher, junior, commented, "I like it a lot because it was very interesting. Some of the work, though, was very difficult. I've learned a lot from this course." Finally, the last choice was Honors English. This course worked students more heavily than the other two. It was the hardest of the three courses. Junior Chris McBride agreed that honors was a harder class because it was based more on literature than grammar.

Also a new section was added to the department. It was named the Writing Lab. That class helped students with term papers, math skills, and ordinary class skills. The writing lab enhanced the English Department

Mrs. Jill Bangerter

Mr. Jack Pavesich

Mrs. Darlene Sampson

Mr. Mike Smith

Mrs. Peg Wilson

Deep In Thought . . . Senior Lisa Zimmerman finishes her assignment early and decides to read a little for her own enjoyment!

Gotcha! Senior Dale Struhar gives a surprising look as he is caught off guard doing his work in the writing lab.

Smile Pretty! While in the library, Ms. McClellan smiles for the camera and freshman Andy Rowley waits for her assistance.

The Old with the New

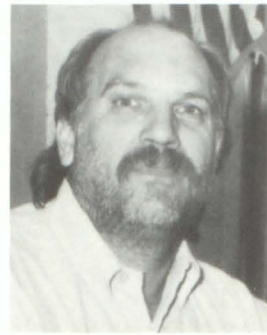

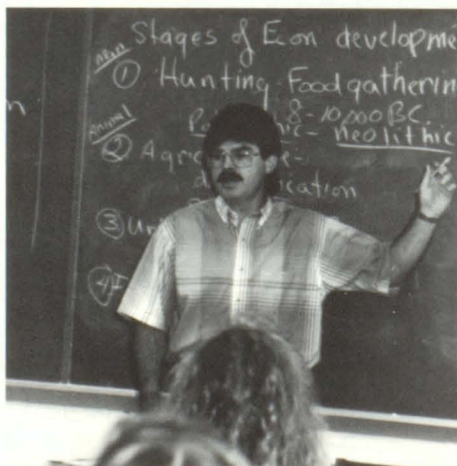

Four score and seven years ago, as a wise man said, "Those who do not learn from history are doomed to repeat it." History is not just about dates and times, but it is a key to our past. The history courses included World History, U.S. History, American Government, World Cultures and Economics. Along with the new rules and regulations, a new course, American Politics, was added. In charge, Mr. Jim Deering used different teaching techniques. The basic operation for learning in this class

required the students to teach each other. Everyone was set up on an equal status, including Mr. Deering. Mr. Deering said, "This makes the class more human." Mr. Duke Dipofi was another new addition to the history staff who said that "studying the past gives you insight to what to expect in the future." Returning from Brazil was Mr. George Herrick. After his trip, where he spent time in the Brazilian schools, he commented, "the right attitude and time involved were the basic keys in learning."

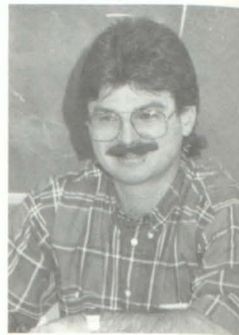

Time for a break. It has been too much for seniors (L. to R.) Jason Thorsen, Brian Rohl, and Josh Haughtaling in second period American Government while Jerry Preston works on the assignment.

Attention please, As Mr. J. Deering tries to teach his World Cultures class.

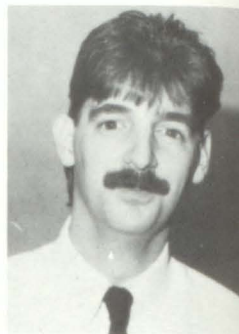

Mr. Bill Angle

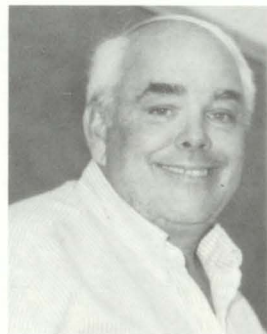

Mr. Jim Deering

Mr. Duke Dipofi

Mr. Bill Hance

Mr. George Herrick

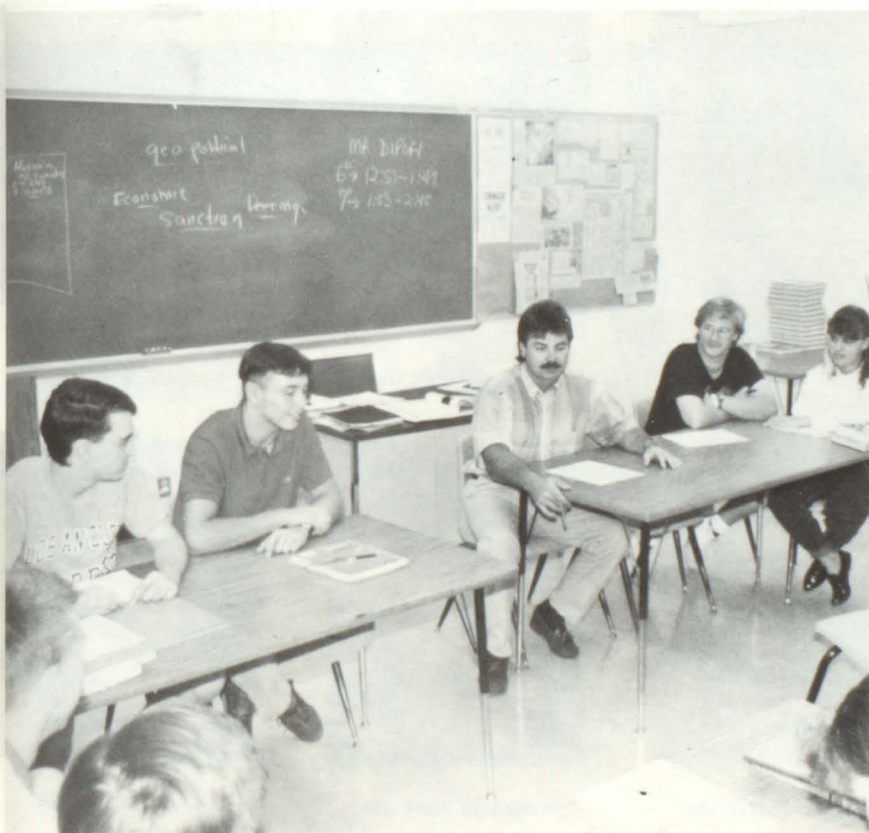

Mrs. Gayle Ostrander

Mr. Jim Pinelli

Quiet time was needed for seniors Eric Eland and Chuck Martin as they try to concentrate on reading the weekly Washington News Letters in American Politics.

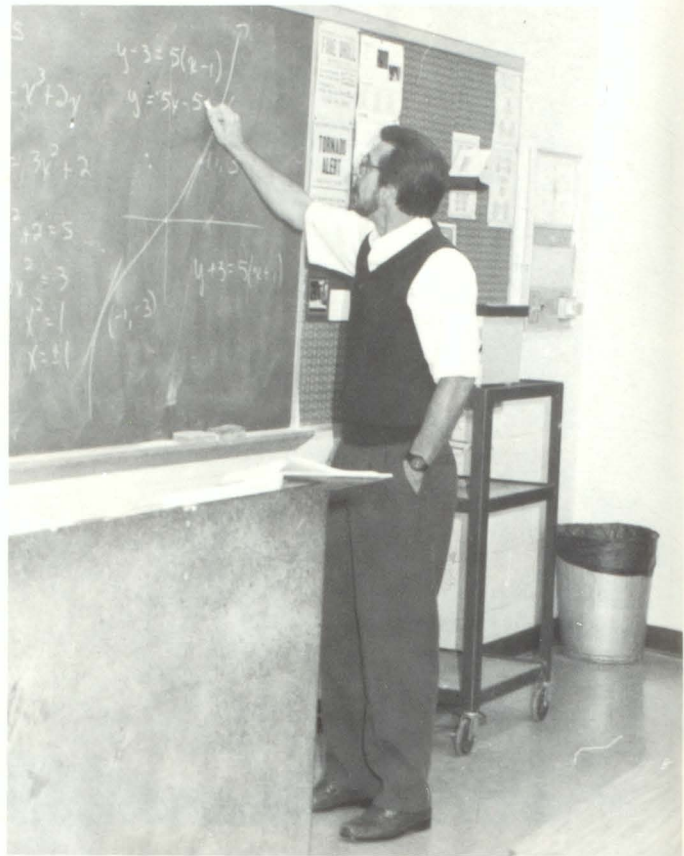

In the board meeting (L. to R.), Seniors Mark Von Eschen, Mason Williams, Mr. J. Deering, Dave Thistlewood, Cari Naso, discuss a Washington News Letter in 5th period American Politics class.

It's Hip To Be Squared

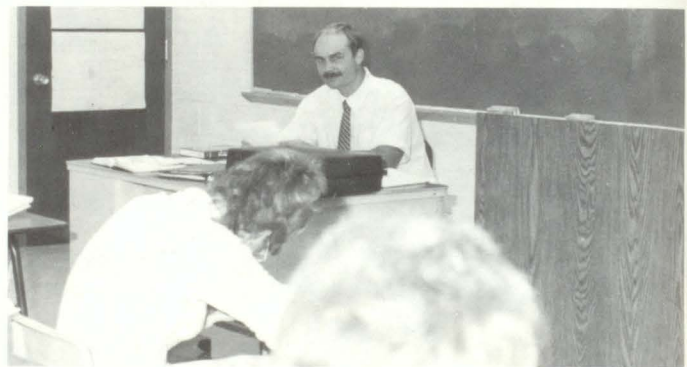

Even though it doesn't seem like the square root of 5612 is a basic necessity, it will come in handy to those students planning to attend college. In fact, it is amazing how many college majors require at least a background in such subjects as Algebra, Trigonometry, and Calculus. To graduate, a student must have at least two math credits. The math department works hard to supply students with strong math programs.

Mr. Jerry McIntyre, who teaches four math courses, expressed his views by saying, "I feel that we have an excellent range of course offerings." Even though so many math courses are available, teachers like Mr. McIntyre and Mr. Bert Kovalchik would like to see a few more added. Mr. McIntyre would like to offer a comprehensive review course aimed at seniors who dropped out of the math program after reaching graduation qualifications. It would teach them basic survival skills in today's world, such as doing taxes and writing checks. Mr. Kovalchik, a teacher at Madison for twelve years, stated, "I feel that we should instill some math classes involving computers."

Most teachers strive to give their students a good basis in math and develop good thought processes. For those students who do not plan to attend college, they hope to install basic survival skills in mathematics. With college-bound students, teachers stress a strong foundation in math that will allow a smooth transition to college level.

Pre-calculus figures to be fun. Senior Melanie Rangel smiles at a classmate as Mr. Morgan's 2nd period class works on an assignment.

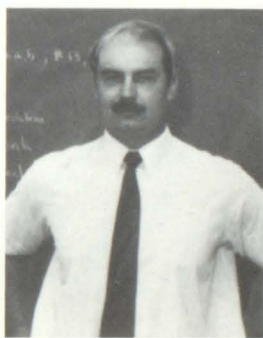

Top: Chalk it up, Mr. Kovalchik explains derivatives to his senior Calculus class.

Bottom: Time out! Mr. Bortnick, the newest addition to the math staff, takes time from his Consumer Math class to smile for the camera.

Picture shows class! You could hear a pin drop as Mrs. Carr's second period students work diligently on their Algebra II.

Mr. Jack Becka

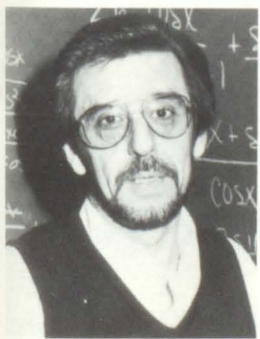

Mr. Art Bortnick

Mrs. Sue Curkendall

Mr. Bert Kovalchik

Mr. Jerry McIntyre

Mr. Kevin Morgan

The Elements Come Together

Mitochondria, decomposition, Doppler effect, homeostasis, transmutation, inertia, allele, vapor pressure, critical mass, cilia — wonderful words like these are native to the science department. When asked to define or explain words like these, most students groan. By the end of their science career, most students have a general appreciation and understanding for these words and science in general.

Students were offered a wide range of courses that dealt with science. General Science established the foundation for all the science courses. In this course, students gained a basic knowledge of the science field. Biology 1 introduced students to the study of life. In this course, students studied such things as cells, genetics, evolution, ecology, and anatomy. A more advanced course, Biology 2, allowed students to further their understanding of the life sciences. Students engaged in a more in-depth study of areas covered in Biology 1. Students also performed more complex dissections, such as the fetal pig, cow heart, and sheep brain. If the student's interests weren't in the life sciences, courses covering the physical sciences were an

alternative. Chemistry 1 took the students deep into the study of matter and its interactions on the molecular and atomic levels. Students studied such subjects as formula writing, structure of atoms, and laboratory techniques. Students also expanded their knowledge of chemistry by taking Chemistry 2. This college level course built on ideas learned in Chemistry 1. In Physics, the other physical science course, students studied the interrelationship between matter and energy. Areas of study included motion, force, heat, light, sound, and electricity. Students also had the option to take Earth Science or Computer Science. Earth Science taught students about rocks and minerals, erosion, earth movements, and geological history. Computer Science provided students with a general understanding of computers and the skills necessary to use them.

Although many words and concepts of science were hard for many students to grasp, the science department adequately provided a wide range of courses to help the students understand key ideas and give them a basic science background.

Mr. Larry Daly

Mr. Jerry Deel

Mr. Mike Hanes

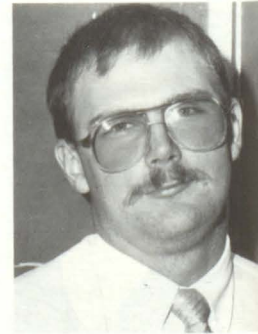

Mr. Steve Mallick

Mr. Jim Pelich

Mr. Gary Piker

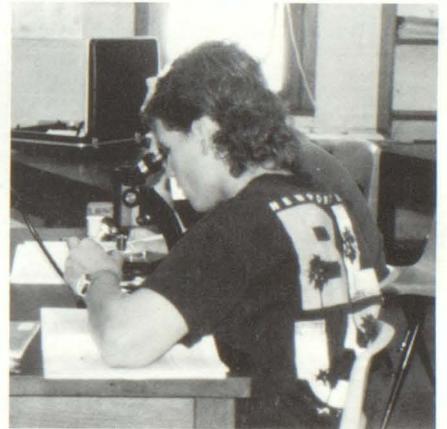

Mr. Scott Spohler

Scientists At Work. Carli Stefanic, Mandy Lewis, Jason Weber and Andy Martorana intensely study onion cells in Mr. Deel's fifth period Biology 1 class.

What's So Funny? While working on their photosynthesis lab in Mr. Deel's second period Biology 2 class, Bryan Black and Lisa Zimmerman take time out to enjoy themselves.

What Ya Lookin' At. Eric Birman studies leaf structures under a microscope in Mr. Deel's fifth period Biology 1 class.

/@#%* SYNTAX ERROR?! ... Becky Townshend and Kelly Friel diligently work on a program in Mr. Pelich's third period Computer Science course.

M.H.S. OVERSEAS

Sprechen Sie Deutsch? Parlez-vous Francais? ¿Hablas Español? These are among the few sentences or phrases taught to students in our three language courses. Learning a foreign language has been enjoyed by students as teachers incorporate modern music, games and short skits into their lesson plans.

Among the three languages offered is Spanish, taught by Mrs. Karen Battes. It included several exciting activities. Students played Spanish versions of both Jeopardy and Bingo, sang old and new songs in Spanish, and had a chance to learn such key words as amigo and lapiz, which mean friend and pencil. They also learned about native foods by making menus of Spanish design. Terry Depoy, a junior who completed her second year of Spanish commented, "Over the past two years of taking Spanish, I've learned there are similarities between the Spanish language and the English language. It's been a lot of fun and a unique experience."

Another language offered was French, taught by Mrs. Ruth Ann Strother. In this class, French students sang songs using French lyrics and played Je L'ai, a French version of the American game of Bingo. The French Club committees

planned activities aimed at getting students involved. These included fundraisers and painting a mural on the French room wall. Also, posters and calendars were designed so students could practice writing French phrases.

Our third language, German, offered a club, too. The German Club helped organize such events as trips to the Hofbrauhaus, a German restaurant in Cleveland, ski trips to Alpine Valley, and roller skating parties. Jennifer McIntyre, a third year German student and President of the German Club, commented, "I hope that we can have a meeting every month and keep people involved." German also offered an exchange program. Mr. Don Strother, the German teacher, initiated this program whereby students from Germany stayed with host families in Madison and attended MHS. In exchange, students from Madison traveled to Germany, lived in homes there, and visited German schools.

Whether it be German, French, or Spanish, students participating in the language programs at M.H.S. profited by learning many new customs, foods, vocabularies, and ways of living with others. It was an experience enjoyed by all.

Mr. Don Strother

Mrs. Ruth Ann Strother

Mrs. Karen Battes

What does boulangerie mean? Junior Katie Ashburn asks Mrs. Strother a question concerning her French vocabulary in her French 3 class.

Heil Herr Strother! Mr. Strother teaches his first-year German class about the do's and don'ts of word order.

Above: Ooh la la! Juniors Suzy Thompson, Tracey Albert, Cyndi Cool and Robyn Hamaguchi study for French together.

Left: Say what? Sophomore Karen Hart turns to ask Junior, Renee Schimko what to do next on her homework, while Junior Jeff McLeod intently listens to the Spanish lesson.

BUSINESS IS BOOMING . . .

Or is it?

Business men and women run the world. The U.S. has been an innovator of brilliant business ideas for centuries. These ideas have propelled the Americans above the other countries. Over the years, several other countries have battled against the U.S. in the business industries. But the students at MHS know that, with the education that the Business Department has taught them, there is no fear of becoming second best.

Several classes have been offered this year, from Today's Business and Business Law to Accounting and Record Keeping. Although all these classes were offered, not all were taught. The reason for this was that not enough people signed up. Every year, the enrollment

has declined. Both Mr. John Miller and Mrs. Suzanne Grist have been concerned. Through a survey done out of one-hundred people, statistics showed that thirty-five percent of MHS students end up in a career in a business field. So, what is the reason for the drop in enrollment? Many people said they didn't have time in their schedule. Others said that they'd rather wait till college. Some frankly said they thought it would be boring and some didn't even know Madison had a Business Department! Maybe next year, it should become mandatory to take at least a half to a whole credit of Business to graduate. Hopefully, a few eyes have been opened, and that won't be necessary.

MRS. SUZANNE GRIST

MR. JOHN MILLER

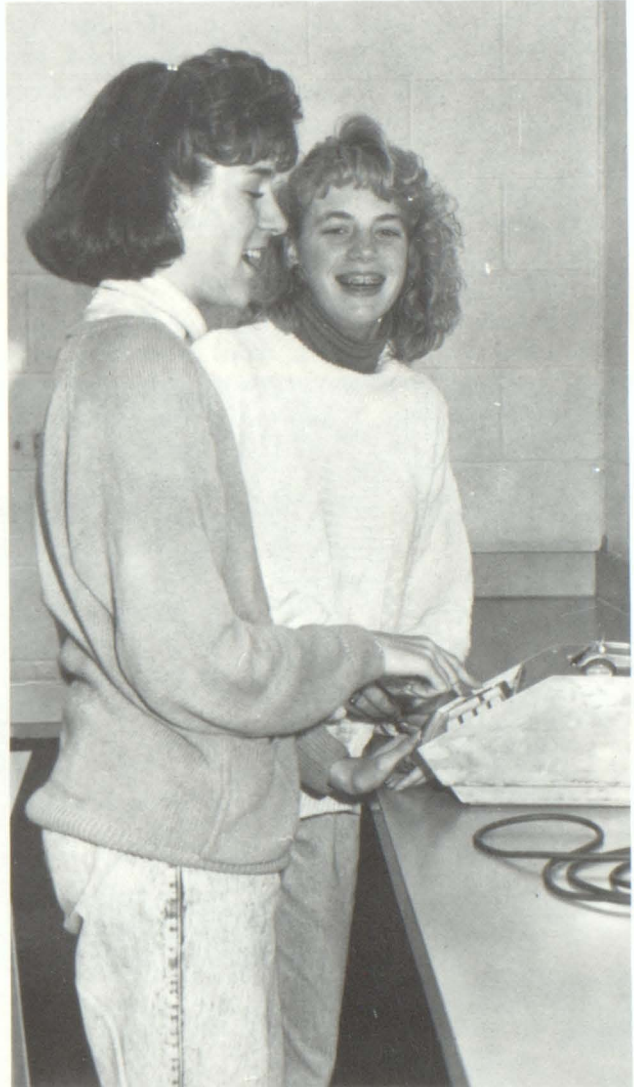

"Test Tomorrow?!?!" . . . Senior Ron Slother studies his accounting homework intensely for a test the following day.

Study! Junior Diana Lawrence, Junior Theresa Smith, and the rest of Mrs. Grist's I.O.E. class learn business skills.

A, B, C, ... concentrate! Sophomore Vicki Wagner and junior Lisa Harrington work diligently on their typing assignment.

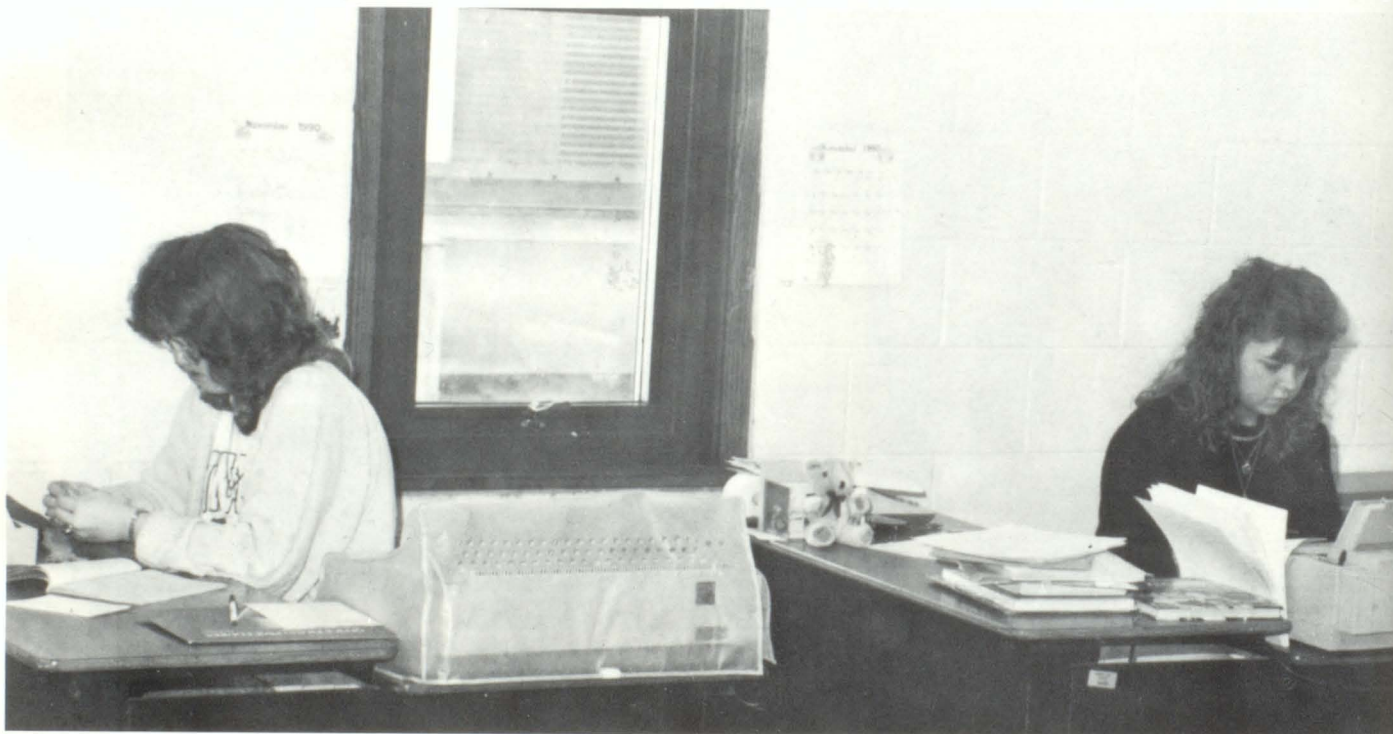

"1 plus 1 is 2; 2 plus 2 is 5? ... Hm-m-m, Is that right?" Seniors Melissa Doland and Sherri Auld show their superb adding skills in Mr. Miller's Accounting class.

Typing Skills Come Into Practice

Let your fingers do the walking . . . Senior Jenny King concentrates on getting the day's typing assignment done in I.O.E.

Secretaries at work . . .

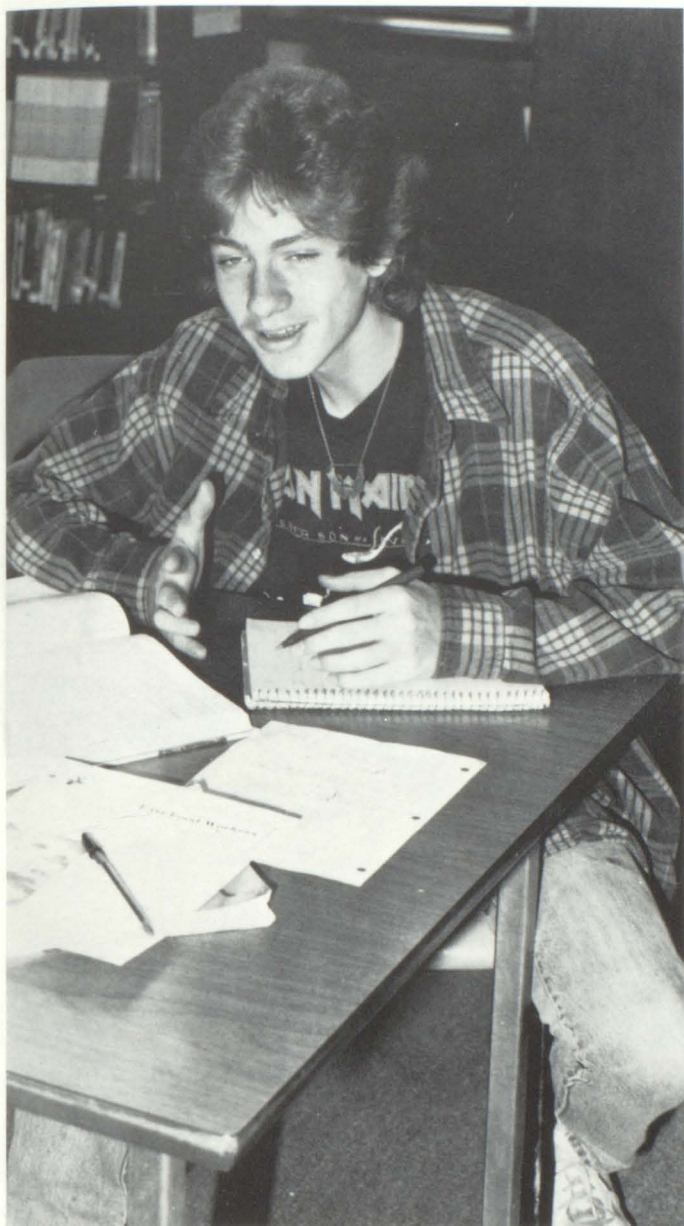

Walking through the hallways on the second floor of the business section, an unusual sound is heard. What could it be? It sounds like a successful business firm at work. But it's not. It is our Intensive Office Education program. Mrs. Suzanne Grist teaches Office Procedure, Accounting 1, and Advanced Typing Junior year and she teaches Business English, Advanced Office Procedure, and Accounting 2 Senior year. Grist really feels it's important for students to take IOE because it's an opportunity for them to get into the work force. In today's society, it is especially important to take advantage of business classes offered for a head start in future careers. To assist in that head start, IOE offers computer work, word processing, data base, and spread sheets. Students with this background will be sure to succeed in future business careers.

Seniors Kristie Keener and Jenny Underwood practice their typing skills for help in their future careers.

Effort Equals Excellent Results

Positive thinking comes into play as Sophomore John Dotore completes his OWA assignment.

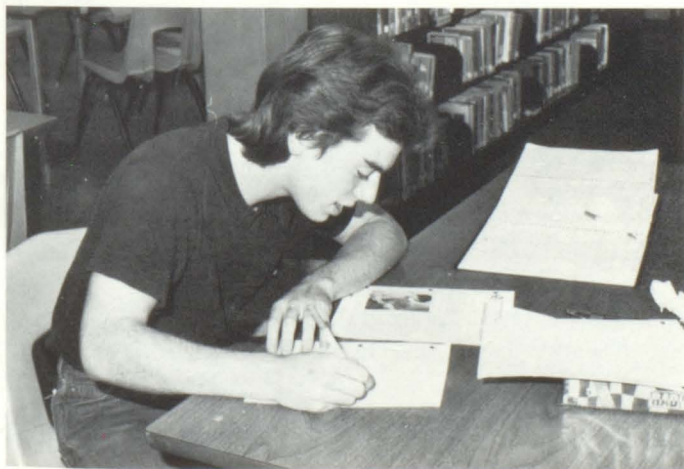

Suddenly there was a roar from the crowds as the graduates strode across the stage to receive their diplomas. Some will go on to college and some will go directly into the working world. A fortunate few have already gotten a head start in the working world by being in the Occupational Work Adjustment program (OWA). The second year students are taught life skills to help them get along in life. These skills include insurance, taxes, job safety, and marriage. They are also taught basic English skills such as spelling, punctuation, sentence structure, and how to write certain papers. They attend these classes in the morning and they go to work in the afternoon. OWA teacher Mr. Dave Sears has helped find the jobs for the kids. His personal approach helps them to achieve academic success and a better self image.

Excitement fills the air as Sophomore Ben Williams comes close to completing his homework.

Hard at work Sophomore Ben Tanner puts a strong effort behind his reading assignment.

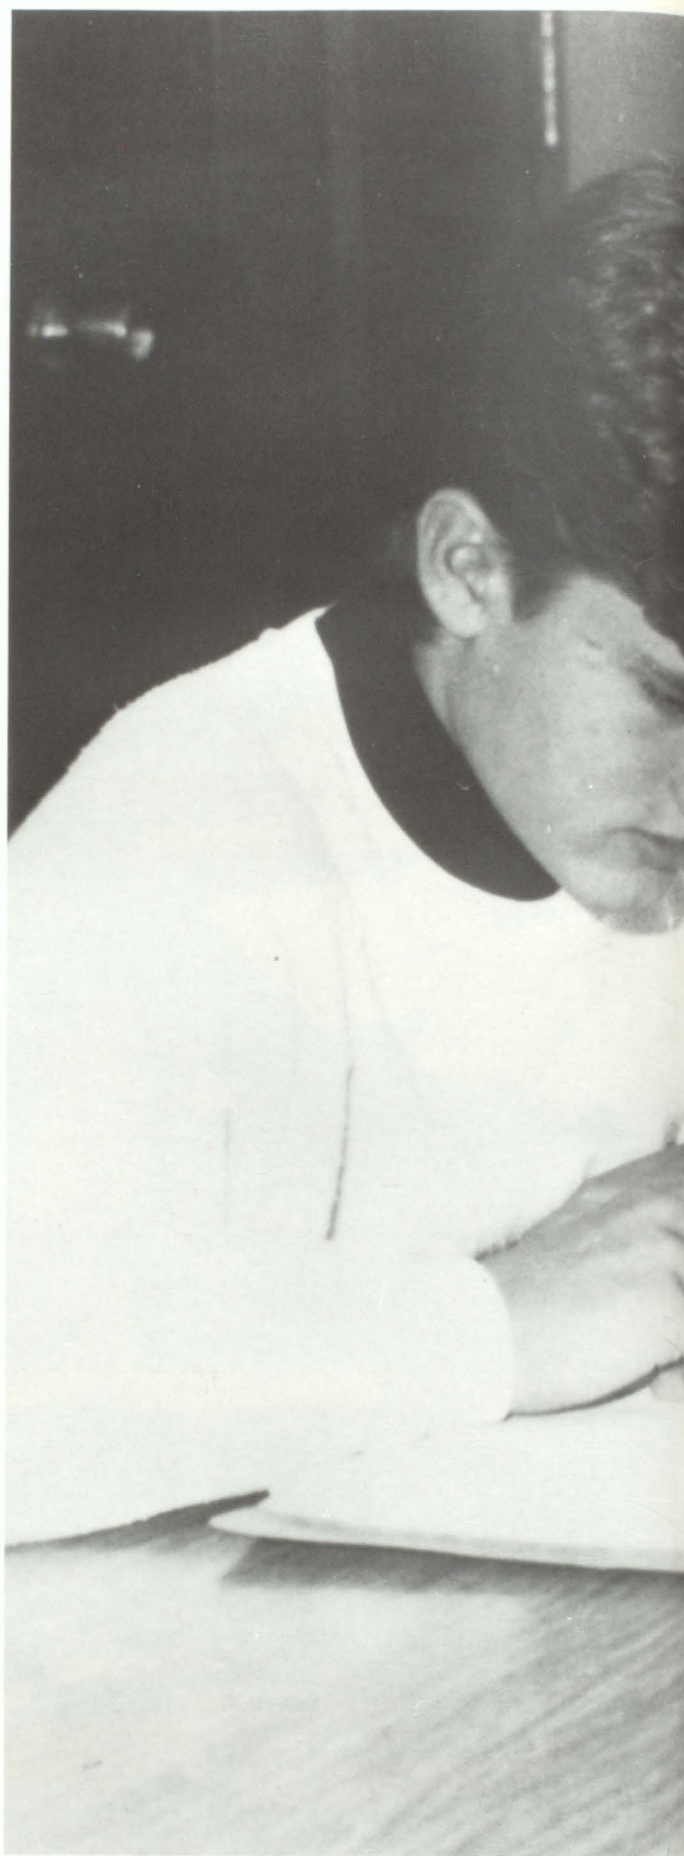

Have you seen this room?

There was a room upstairs that most people didn't realize was there. Students went there every day and a teacher has resided there for many years. Very seldom did they get any recognition. Mrs. Deb Morgan teaches her classes on a one-to-one basis. She and the students were pleased with their closeness with each other. Each student was thought of as an individual person with feelings, ideas, and different abilities. "We try to make each student aware of the method they learn best by and apply it to all situations such as academics, vocational, and personal," commented Mrs. Morgan. She was proud of the class's relaxed atmosphere and felt that it helped the students understand each other better. The students said that they considered it a small family. They received a Jennings Foundation Grant which enabled them to purchase word processing and desk top publishing software. Those purchases were used to design and publish a monthly news letter in the language arts classes. Freshmen and sophomores participated in a Lake and Geauga county secondary schools Life Skills Seminar involving approximately fifteen schools. Students attended seminars dealing with job availability in the future, interviewing skills, as well as information concerning college admissions and requirements. The day concluded the "jeopardy" style competition. Mrs. Morgan proudly said, "We won this competition the first year we were involved."

Look! Miss Nancy Rihaly gives examples to sophomore John McElroy of the math problems he is supposed to solve.

Good morning class! Miss Nancy Rihaly gives a friendly welcome message on the chalkboard to sophomore Brian Pennington and freshman Dean Wyman as they concentrate on their assignments.

Mrs. Deb Morgan

Miss Nancy Rihaly

Miss Holly Tramte

Scratch, scratch, scratch! The scratches of sophomore Jamie Miller and senior Chris Dickson's pencils are all you can hear coming from Miss Holly Tramte's class.

The pressure is on! Freshman Rob Schafer productively reviews for his upcoming English test.

Mrs. Jill Bangerter,
Advisor

Julie Jenks, Co-Editor

Janet Taylor, Co-Editor

Work, work, work . . . piles of work sit on junior Jennifer Bell's desk as she tries to accomplish each task one by one.

Work, work, work . . . There's so much work to be done in yearbook, but junior Chris McBride takes a break to help out Dawn Germovsek on her layout.

THERE'S A NEW BREW IN THE CAULDRON

Some people may wonder how Madison's yearbook got its name. *Cauldron* has been the name of the yearbook for many years. A cauldron, a pot in which many different elements are mixed together, is very similar to a yearbook. Ideas from the staff are all put together to give a great variety and variation. Each year, the staff tries to make the yearbook slightly different by adding new changes.

There were many changes brought to the yearbook this year. For instance, a new publishing company, Taylor, was used. Instead of Mrs. Jill Bangerter checking over everything, co-editors Julie Jenks and Janet Taylor checked over everyone's copy and captions. To make things more exciting for the staff, each member got a chance to take his or her own pictures for their layouts. To get the staff members better acquainted, many fun ideas were promoted. Everyone on the staff had a secret pal. Each person would buy his pal an inexpensive gift every month. Birthdays were also celebrated by having a cake made in time for each person's birthday. Veteran staff member Becky Bangerter said, "This year will be quite exciting. There are many changes like getting a publishing company and the way the whole book is set up. We're trying to make copy more exciting. We're also trying to make the pages more exciting and original."

In the past, Madison has stuck with a traditional blue cover. After much debating and argument, the staff decided on trying a black cover. This was another slight change for the yearbook.

Being on the staff not only brought change to the old members, but created a new experience for the new members. New staff member Amy Hoffman, replied, "I figured yearbook would be a lot easier than it is. On the other hand, I feel it has taught me responsibility, and creativity."

Deadlines, deadlines, deadlines . . . Juniors Amy Hoffman, Sally Gramoy, and Becky Bangerter spring into action as their first deadline is just around the corner.

Extra, Extra, Read All About!

The award-winning *Streak* completed its sixth year. The five years before it had received number one ratings from Great Lakes Inter-Scholastic Press Association. This reflects the high quality standards that the newspaper demanded.

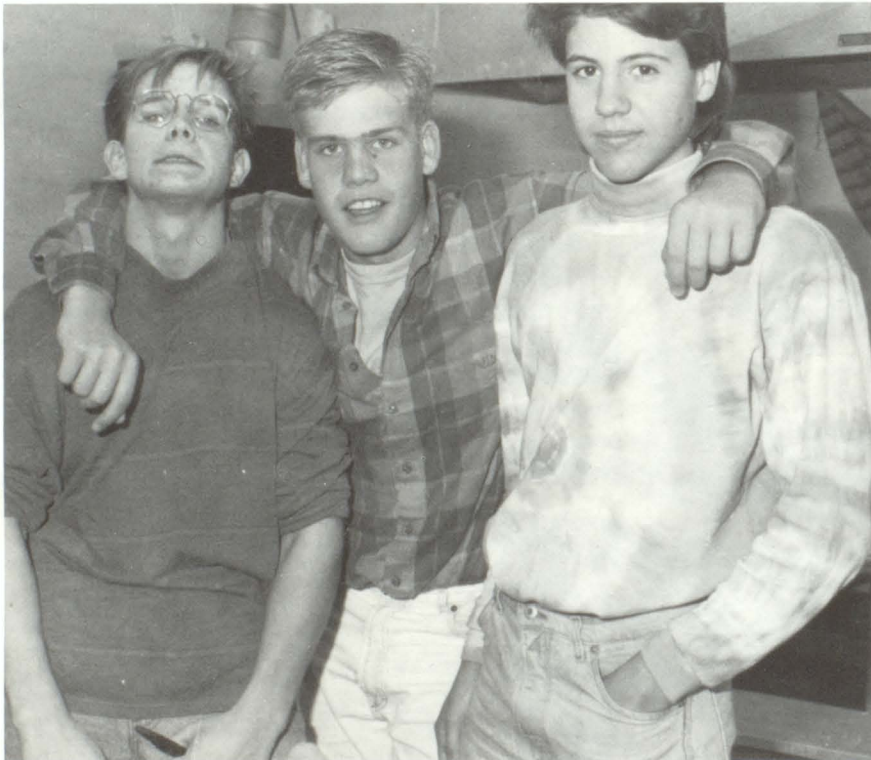

Just what went into making and printing the *Streak*? Mr. Frank Ashton assigned relevant stories a week and half before they were due. The day the story was due, they were proof-read by the editor, Lisa Zimmerman, and the page editors. Then Senior, Corrina Pavetto, typed up the articles. The pages of the newspaper, called dummies, were designed by the staff. The dummies included headlines and photographs. In this form, the paper was sent to Hartco Printing Company. They put the stores into type and enlarged the headlines. The pages in this form were called paste-ups. These were then put into final form and sent back to the printer. He sent back the completed newspaper. Those were the mechanics of the paper. The heart of it came from the staff. Their

cooperation made the paper work.

Lisa Zimmerman was chosen to be the editor by Mr. Ashton from her work last year. Lisa was asked what it was like to be on the staff. She responded, "There was a lot of work involved, but it was fun."

Many students, when asked about their favorite part of the paper, said that Dan Andelin's cartoons and "Dare We Ask" were the favorites. Dan Andelin often drew satirical cartoons about student life at Madison. One issue of the *Streak* included the three Amigos, Mr. North, Mr. Keener and Mr. Jenkins. All of his cartoons were taken in good humor. "Dare We Ask" interviewed students and faculty with a single question. Three students and a teacher were interviewed about different topics, such as the best thing they got on Valentine's Day. Some answers were humorous and made good reading.

The *Streak* was enjoyed and respected for the hard work the staff put into it.

Taking a break. Seniors Dan Andelin, Guy Titler and Dan Soulsby stop to joke around with each other.

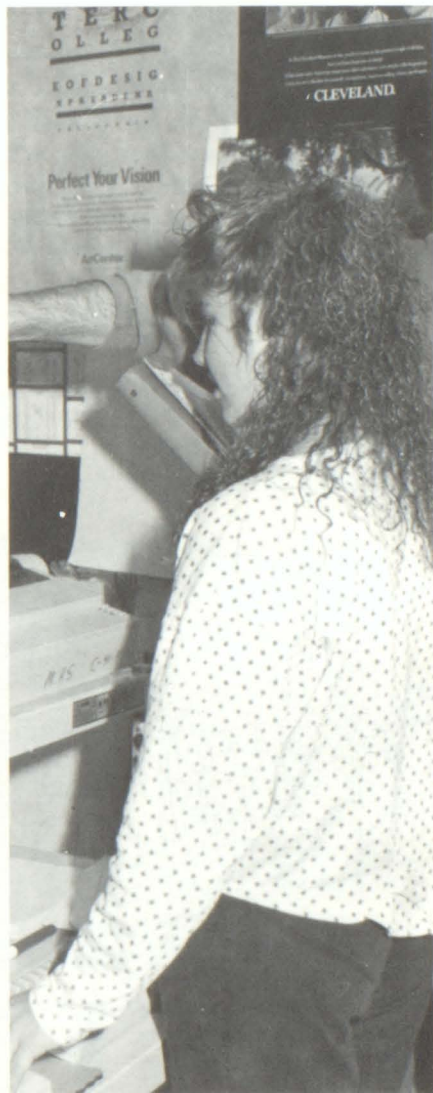

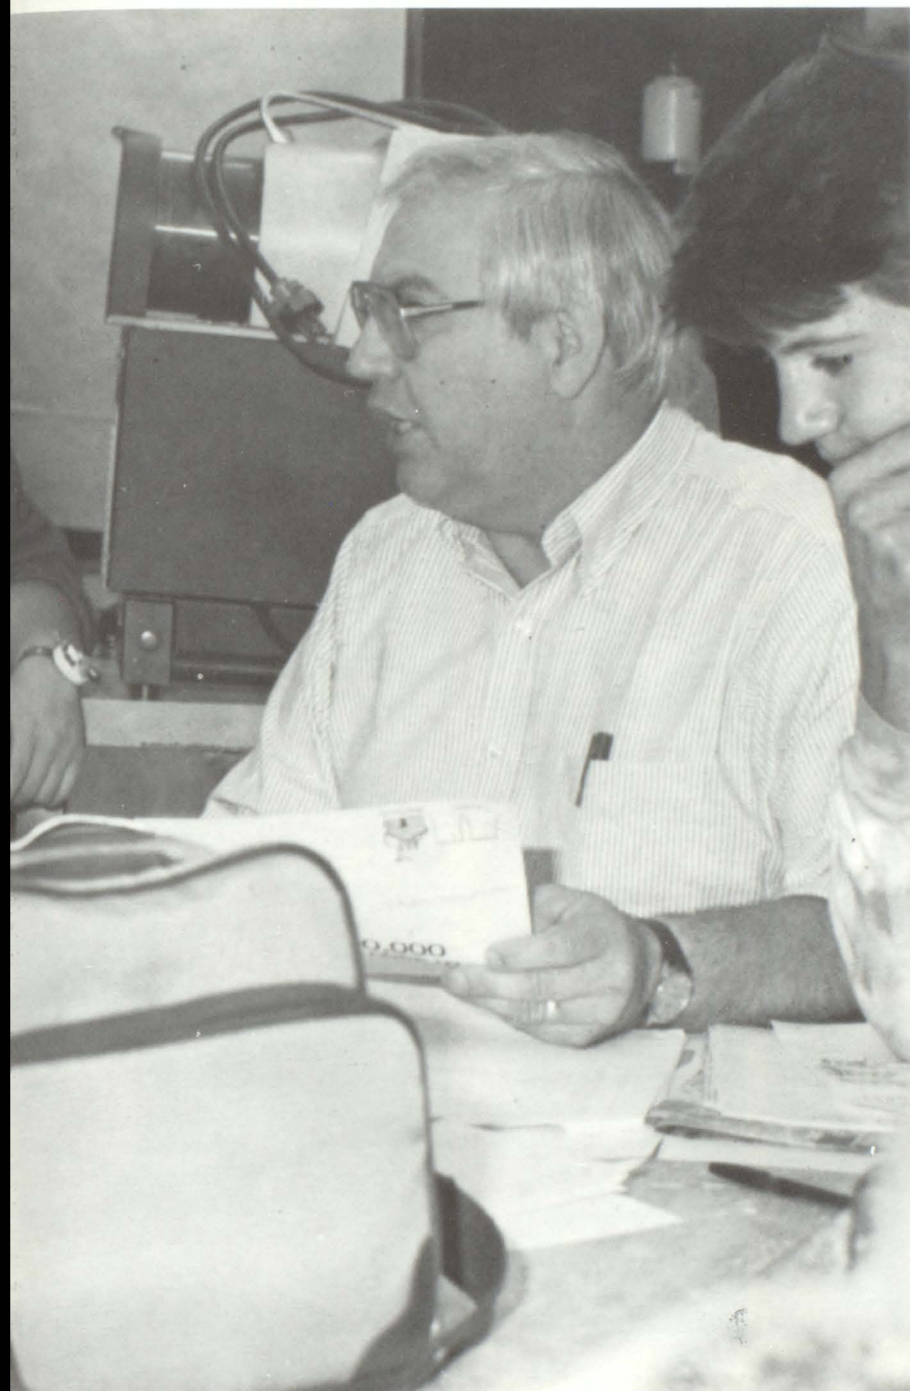

Mr. Frank Ashton,
Advisor

Lisa Zimmerman,
Editor

Almost done! Senior David Tulk works on the photography Layout for his page.

Page Design? Mr. Frank Ashton explains a page layout to Junior Katie Ashburn as Senior Dan Soulsby looks on. (Left)

Thank goodness for computers! The Streak is now computerized. Senior Corrina Pavetto easily edits a story about the school levy. Senior John Potter lends a hand to help point out the problem. (Above)

Express Yourself!

Picasso, Rembrandt, Van Gogh? Not quite, but our Art Department greatly compared. With two teachers like Mrs. Joan Parks and Mr. Frank Ashton, how could one not have been as great as Picasso or Van Gogh? On a more serious note, the Art Department offered many exciting and challenging courses.

If you were a novice in art, Art Foundations was for you. In the Foundations classes, the students faced many new experiences in art. Pottery, colored-pencil sketches, and jewelry were just some of the fields in which the students participated. After experiencing each different project, the students were able to identify their strengths and weaknesses, and therefore, they were able to decide which advanced art classes to take.

Ceramics, Commercial Art, Be-

ginning Drawing, Jewelry Making, and Painting were just some of the classes offered. Junior Stacey Markgraf expressed her views on Commercial Art by saying, "Commercial Art teaches you how to prepare for a career in advertising."

Despite the beautiful projects that came out of the Art classes, many things tended to go wrong! Pottery blew up, paint spilled, ink splattered! Many students' projects were temporarily ruined, but most could be fixed and even sometimes turned out to be better than before. Senior Christy Lyons told of one particular project she thought she'd ruined by misspelling a word on it. "I really messed up one of my projects, but I was able to fix it and it turned out even better," explained Christy.

Lean On Me! Seniors Dan Andelin, John Gishnock, and Elliot Strunk take a break from painting the mural in Mr. North's office which showcased student work. The three were selected by Mrs. Parks because of their achievements in Art. Also adding to the mural were Senior Cari McBride and Junior Stacey Markgraf, who added important touch-ups.

Mr. Frank Ashton

Mrs. Joan Parks

Creating Masterpieces . . . In Art Foundations, Sophomore Lori Dye and Freshmen Bill Mallory and Maja Erdeg concentrate intensely on their art projects. Heather Cool peers from behind.

Concentrate! Sketching his art project, Freshman Jon Cummings experiments with all possibilities to improve his project in Art Foundations.

Who's Behind That Mask? Senior Jenny McKibben, chosen by Mrs. Parks for her talent in art, works on a three-dimensional African Mask project for her Independent Study Portfolio. She will use her portfolio to help her pursue a college major in Graphic Design.

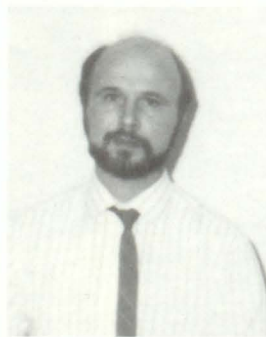

... But will it hold water? Concentrating on the final touches on her intricate pot in Ceramics class, Junior Renee Meier adds texture with care.

Industrial Arts Teaches Students

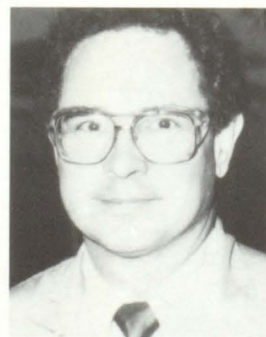

Industrial Arts consists of three types of classes each with various levels of experience. The first was woods which was taught by Mr. Bob Peterson. In this class, students learned to work with woods, cutting, sanding, and finishing. Another class of the Industrial Arts category was metals. This class was taught by Mr. Fred Morrison, and here students learned to form and shape metal. The final class in the industrial sector was drafting. Mr. Jack Becka assisted Mr. Peterson and Mr. Morrison as all three teachers taught drafting at various times during the day. Drafting had many students working at levels according to the students' amount of experience in the course.

Students in all these classes had projects and assignments that ranged from simply making a tool box all the way to drafting the construction of an imaginary house. At times, students could be caught by the camera showing their devoted concentration. Above all students seemed to enjoy their work and had fun accomplishing their goals.

In these shop classes, students were able to have fun and prepare for their futures. The teachers of these classes taught with the idea that anything the students learn they may be able to use in their lives ahead of them. Students enjoyed themselves and their year in the Industrial Arts field.

Mr. Jack Becka

Mr. Fred Morrison

Mr. Bob Peterson

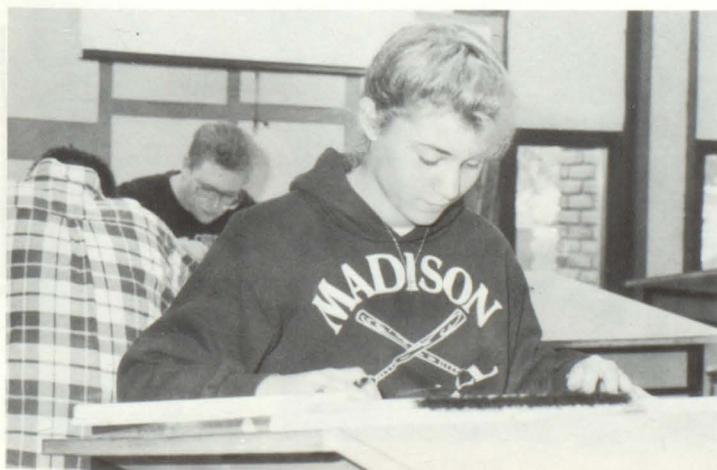

On his own . . . Sophomore Gary Hartman diligently works alone while the rest of his shop class receives assistance from Mr. Peterson.

Working Together . . . Junior Nick Pellegrino and Senior Chad Davis assist Senior Scott Shipman as he forms his metal work into perfection. (Above)

Thinking Hard . . . Applying herself to her work is Junior Tammy Montgomery during her Drafting I class. (Left)

Take "Notes"

Beethoven, Mozart, Bach . . . nothing compares to the Madison High School Band, directed by Ben Soriano, and new associate director, Emily DePaul, who also directs the choir.

At every Varsity Basketball game, fans were entertained by the Pep Band during half-time. Games were their specialty, but they performed extra activities also. They played during the Girls Sectional Soccer game, pep assemblies, the Christmas tree lighting in the village, and the St. Patrick's Day parade with the Marching Band.

The Stage Band, a jazzy band that played music from

the forties to the nineties, had an exceptional year as they performed for the school and the elementary schools. They also played at the luncheon for Parents' Week and were on call to perform for donations.

Singing their hearts out, the choir put on a show for the N.E.O. hospital, sang in concerts for the school, and started singing for assemblies.

Music Theory was a class where students learned about composing and sight reading. They also did some singing. Another opportunity they had in class was playing the piano.

Do, Re, Me, Fa So . . . Ms. DePaul's second period choir practices one of their songs for an upcoming concert.

And a one, and a two . . . Mr. Soriano keeps his band in rhythm as he checks his notes during a class.

Ms. Emily DePaul

Mr. Ben Soriano

Left: Music's in the air. Freshman Nathen Stewart and Junior Ray Cosari join together to perform a tune in Stage Band.

Below: Wait, we're lost! A group of Stage Band students tries to practice as they lose their place behind the rest.

Sweat and Bear it!

Students released tensions with a good, healthy sweat during a period of Phys. Ed. taught by Mr. Rex Reigert, and Mrs. Linda Pavesich. Phys. Ed. was a required course during the freshman year, and students had to obtain a passing grade to graduate. Competitive activities released stored energy students bottled up during academic classes.

A number of changes were added from previous years. Written skills tests were taken and uniforms were required. The uniforms were a combination of blue, white, and grey. The elective Senior Phys. Ed. by means of a new teacher had a blast their final year. The Senior class, consisting of nine students, was able to go golfing and enjoyed strutting their stuff while learning all the latest dance steps taught by Mrs. Julie Fordu, a local dance instructor. Many planned field trips were fulfilled as the year progressed.

Showering after Phys. Ed. gathered the most talk and protest. The change was a hard one to adapt to because the students weren't used to it. They also were afraid of not having ample time to shower. How did students feel about showering? Freshman Luella Scheve said, "I don't like showering in front of twenty other girls. It should be done in privacy." Privacy was another main concern for many. Sophomore Jason Hedges said, "It's degrading. Showering should be optional." If showering was optional, just how many would? Freshman Kenney Stoneman said, "I don't care!" Some feelings are neutral. Mr. Reigert believed it was only "common sense" to shower after participating in a physical activity. He said, "It's a nice way to keep your friends."

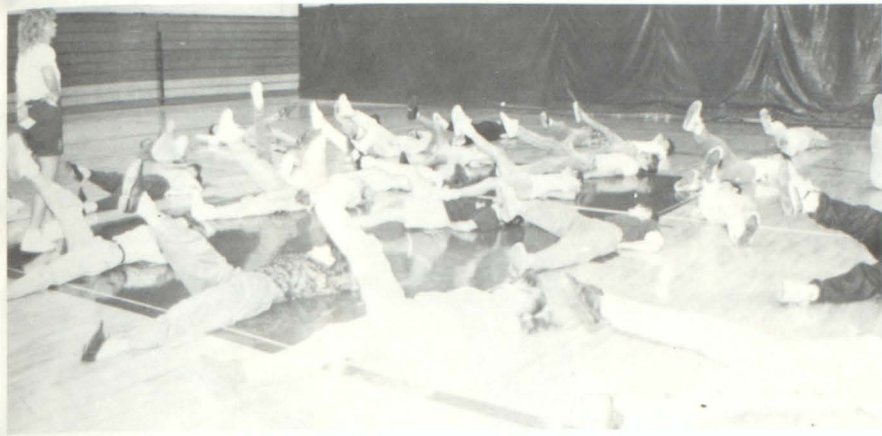

Top: **I got it!** Freshman Jessica Conant goes out for a pass and anticipates a score.

Middle: **Teamwork** ... Freshmen Tricia Hemmi and Marc Mitskey hustle in to aid Brett Doland in snatching the flag from opponent Brett Stabile.

Bottom: **Better Luck next time** ... While playing football in Mr. Reigert's class, Freshman John Mahr goes out for the pass, but unsuccessfully completes the play.

Lift 1, 2, 3, ... Mrs. Linda Pavesich calls cadence to her corps as they do routine calisthenics.

Taking it to the Limit ... Working overtime and pumping arms and legs, Freshman Dustin Glenn makes the speedometer pump as he preps himself for takeoff.

Rush the Ball Carrier ... Mr. Reigert pulls Brett Stabile aside to discuss strategies for the next crucial play.

Bloodmobile

Giving blood wasn't something I looked forward to exactly, but after listening to the convincing lecture from the bloodmobile representative, I knew in my veins it was something I had to do. After all, my heart had been beating strongly for the past 17 years. I supposed sharing a little blood wouldn't be so bad.

So I hesitantly dragged my unwilling self to the office to sign away my red blood cells.

November 7, 1990, came all too quickly, and I found myself sitting in English having serious doubts as to whether I really wanted to part with my precious hemoglobin.

Next came the embarrassing questions, finger price, iron test, temperature check, and finally . . . the moment of DOOM!

The hideous witch, AKA the nurse, pulled out the 10-inch-long, 1/4 inch wide, or so it appeared, needle and without mercy, plunged it into my vein so imminently marked by yellow gunk, AKA iodine.

After 5 minutes of a foreign object in my arm and pizza and donuts and punch to reward my bravery, I realized that the whole experience hadn't been so horrible.

252 students and community members experienced this horrifying event, the most participation ever from high school students.

Corrina Pavetto, senior and coordinator of the bloodmobile, said, "I am really glad to see that my classmates understand how important it is to give blood. Every pint collected helps save somebody."

Squeaky Clean

The time is 12:40, the place is the cafeteria. Is it A lunch? Is it B lunch? No, it is definitely the last lunch of the day: C lunch. A student feels tickling under the table on his feet. Is it a spider? Is it a French fry? Is it a cockroach? No, of course not! It was just one of Madison's faithful janitors cleaning the cafeteria up before 6th period study hall.

The janitors have always been very dedicated to what they do. Many improvements were made due to the new administration. The janitors noticed the huge improvements in students' attitudes. They said it makes it easier for them to do their job. The head custodian was Robert Nagle. The head custodian at night time was Rolley Titman. The rest of the janitors include Bill Cummings, Jerry Howell, and Earl Ribblett. They have seen great improvements and less vandalism. The worst thing that they cleaned up was when one of the students threw up in the rest room but completely missed the toilet and hit everything else.

Lunch Has a New Beat

Walking down to the cafeteria, over the noisy voices, the sounds of familiar tunes could be heard drifting through the air. This music was provided by the newly purchased jukebox. Our administration bought this from the Towne Music Company: forty-percent of the profit was put into the student activity fund. When the students were asked how they felt about the jukebox, most liked it, but some said they would like a different variety of music. Overall, the jukebox was a good purchase and was used continuously in every lunch period. Another new addition to the cafeteria were the prices, which went up on several items. Some of the prices went up as much as fifteen cents — and to a high school student this can be the difference between eating a piece of pizza for lunch or two cookies. Every student questioned about the new prices and how they felt about the increase replied that they were far too high for the quality of the food. Some students also said they would like to see a change in the menu served. Of course, there are also the students who pack their lunches and did not care one way or the other.

Students Work for That Extra Money

This year, students had to work to survive in today's world. Students work for many reasons such as for a car, insurance, spending money, etc. There was a large assortment of jobs students held. These ranged from flipping hamburgers to guarding over a swimming pool.

The most common job was in a fast food restaurant. McDonald's worker Steve Theus had this to say about why he works: "I work to pay my insurance and to go out with my friends." Most others worked for the same reasons.

Pictured above are more fast food workers. Here, a group of Madison students take a break for a picture from their Burger King job. Working was also a way to pass time for students. (L to R) Diana Lawrence, Theresa Smith, Tanya Welch, and Danielle Mussell.

“Pay and Park”

Molly had just gotten a new car for her sixteenth birthday. Well, it wasn't totally new, but she didn't tell anybody that. She really wanted to drive to school, but Molly was never really happy with the parking lot. She was happy to find out that some changes were being made.

The first improvement Molly noticed was that the parking lot was repainted and the spaces were numbered. She later found out it was painted by Saturday schoolers. Secondly, Molly noticed that there were numbered parking permits hanging from the student rear-view mirror to designate a place to park. Molly found out that she would have to pay ten dollars. She felt that ten dollars was a lot to pay to park there, but with all the changes being made, it would be worth it. Also, the money will be put toward a parking lot fund so that someday it could be guarded.

The parking lot does have

its downfalls, though. According to one of Molly's friends, Senior Dave Cox, "The parking lot needs to be plowed better during the winter." Junior Jill Volgstadt added, "The new system for parking is a good idea, but they should enforce the rules better." Jill explained that people parked in wrong spaces a lot. Molly had no idea what any of the rules were so Polly, Molly's best friend, filled her in. Polly began by explaining that once you paid, you got a numbered parking permit that allowed you to park in that numbered space. If you didn't drive to school everyday, then you got ten free days to park in an unnumbered space. If you parked in someone else's spot, you received a warning. After two warnings, the principal awarded the violator a Saturday school. "This seems to be working out," commented principal, Clinton Keener, when asked by Molly if the system worked.

3. Rap

Do You Prefer Radio or Tapes?

A large majority said they listen to tapes.

"I don't think I ever see you without your headphones on. Do you ever stop listening to that crap?"

"Mom, don't you get it? It isn't crap, it's my generation's music. I wish that you could appreciate it."

"Appreciate it! Appreciate it? How can I appreciate "music" that you can't understand the words to? How can I appreciate music that leaves me with a headache every time I hear it? How can I appreciate my child listening to censored music behind my back? How can I ..."

"Okay Mom, I hear you."

"You do? It's a miracle!"

Enthusiasm! Students Get Wild . . .

As I came closer to the gymnasium doors, the sounds of the pep band playing filled my ears with the Madison fight song. The walls were plastered with spirit signs wishing the Bluestreak team good luck. Students poured in from every entrance way, making sure not to run into the cheerleaders doing routines in their bright blue and white uniforms. I joined my friends in the already cramped bleachers to compete with the other classes for the ever popular spirit award given only to the class with the most school enthusiasm. Through a shower of confetti, I could faintly make out the figure of school president, Rob Zuzek, approaching the microphone in the middle of the gym floor.

These were some of the sights and sounds familiar to many who went to the school pep rallies, unless you were one of the few who chose to attend the study hall set

up for those less spirited students. If that was the case, numerous interesting events were missed. For one, the majority of the pep rallies were met with a rather subdued Senior class. The whole senior section donned paper bags in protest of what they called "many overlooked efforts for the spirit award." On a lighter note, another new addition was the masked Streak Man! The new school mascot was a surprise to nearly the entire student body. His comical antics on the floor provided much excitement and left the crowd wondering, "Who was that masked man?"

What's Cookin'?

Every day hundreds of kids passed through lunch lines in the high school cafeteria. However, few really gave thought to who exactly fixed the food what the jobs of the cafeteria staff included and where the funds for all the food came from. There were eleven women who worked in the Madison High School cafeteria to keep the lunch lines running smoothly under the management of Janice Cohagen. Mrs. Cohagen received assistance from her manager helpers, Naomi Fulker-son and Mary Ann Gricar. The other staff members were Cheryl Reidl, Linda Bunnell, Debbie Nagel, Patty Regan and Mrs. Durham.

The kitchen staff's day began at 7:30 when the manager arrived. She was then joined by her two assistants between 8:00-8:15. The rest of the employees came in at staggered times, depending on their duties which included a lengthy variety of preparing nutritious food, serving and cleaning up.

The most recognizable members of the kitchen crew were the women who attended the cash registers during A, B, C lunches. They were Vi Skinner, Louise Hejduk and Janet Franczek. The

women, who see the kids every-day, agreed with Naomi Fulker-son who called the students at MHS "the high point of the job."

What most didn't realize is that the kitchen at the school acted as its own self-supporting business. Government funds came in small amounts so the kitchen had to use its profits to purchase more supplies and food. Even with the large responsibilities that she had as manager, Janice Cohagen had this to say, "I absolutely love it. I wouldn't want to work anywhere else."

Vive la France

It all started as a dream for several students. The dream was to travel abroad, far, far, away . . . to France! First was the informative meeting which was followed by many more meetings keeping the students up to date. The trip, which was organized through EF Educational Tours, was scheduled to take place from June fourteenth to June twenty-fifth.

After months of interminable waiting, the day finally arrived. The first stop was the city of lights, Paris. Learning to deal with their speech impairments, students bravely set out on their own to experience the French way of life. While in Paris, students saw such famous sights as Notre Dame; the Eiffel Tower; the home of Mona Lisa, the Louvre, and the famous shopping avenue, Champs-Elysees.

The next big stop was

Cannes, City of the famous international film festival. Then, from there students traveled to Nice, where they visited a topless beach on the Mediterranean, (or French Riviera), and swam in the cold rocky sea. While staying in Nice, students traveled to Monte Carlo, Monaco on a beautiful summer day, where they saw the royal palace and its many gardens.

Students then traveled through Italy to Switzerland. In this country, they took cable cars to the top of Mount Pilatus, enjoyed a Swiss dinner and bought many Swiss chocolates.

After a four-hour delay on a cramped 747 and an overnight stay in New York City, students and advisors, Mr. and Mrs. Charles Bangerter, finally reached home where their European experience was shared with friends and family.

Seeing the opportunity, Junior Eddie Szabo moves to the open area to make a pass to a teammate down the field at the Madison field.

During a brief period in the game (L. to R.) Chip Pennoyer, John Gishnock, and Justin Meister take a moment to relax in order to prepare for the rest of the game.

Touchdown . . .

Touchdown . . .

Touchdown!

“Touchdown, touchdown, we want a big blue touchdown,” was heard throughout the night along with the cheers of the crowd. Each exciting play of the two teams raised the noise a little higher as loyal fans jumped up and down cheering their team on. The smell of popcorn and the fresh night air filled everyone with excitement. The tension of waiting made everyone jumpy and anxious to see who would win the game. As the fourth quarter came along and the Blue Streaks were ahead, the fans screamed and jumped, as if the devil were after them, until the final seconds wound down. Afterwards everyone hurried off to celebrate the victory.

This experience was the typical setting of a victory football game. The excitement was felt by all and will never be forgotten. The Streaks ended this exciting season with an outstanding 5 wins and 5 losses.

There were also several new coaches, including Art Bortnick, Tim Willis, Scott Spohler, Pat Murray, and veteran Bob Peterlin. All of these coaches did an excellent job with the team.

Kicking Off a Successful Season

First Year Team Ties for First in NEC

The field set the scene for the Freshman Football team's outstanding season. Their impressive abilities put them on top of the NEC, making them the first team to do so since 1983. The team went seven and one, meeting their only defeat from Painesville's Riverside — the team they shared their number one spot with. Offense, led by Quarterback Dan DiFranco, scored a total of 122 points in eight games against opposing teams. Defense worked hard shutting out Geneva and Harbor, allowing rivals ND/CL, Jefferson and Edgewood only one touchdown.

The twenty-five players, a large amount for Madison, spent their first season of high school football learning the same system as the varsity team. The purpose of this was to prepare the freshmen for

future football careers. Coaches Michael Leu and Dave Albert also stressed "unity" and "total effort." Both coaches felt that the freshmen on the team were strong athletes who would keep on winning provided they worked hard off season. As for the future of Madison football, Mr. Leu had this to say: "I'm looking forward to watching these guys move up to varsity level." Without a doubt, many will agree.

Top (L. to R.): Andrew Rowley, Ray Merkley, Jason Sweeney, Steve Kensinger, Ben Girdler, Joseph Barnicoat, Kyle Horne, Brian Mussell. Middle (L. to R.): Jack Whaley, Steve Stopko, Richard Ziegler, Michael Martin, Dan DiFranco, Nick Moretti, Mike Gramoy. Bottom (L. to R.): Chris Lorenta, John Krause, Rob Schafer, Ryan Fults, Adam Nichols, Ryan Pircio, Kevin Cool. Not Pictured: Jason Hanson, Daniel Knight, Sterling O'Brien, Brian Posta, Donald Vagi.

Team	Madison	Opponent
Geneva	6	0
Edgewood	20	6
Jefferson	26	6
ND/CL	8	6
Riverside	6	18
Harvey	14	12
Ashtabula	20	12
Harbor	22	0

Bombs away! Dan DiFranco releases a thirty yard pass to John Krause as Rob Schafer provides protection.

Mr. Dave Albert

Mr. Michael Leu

Faster than a streak of lightning, Rob Schafer outruns Harbor's defense to add twenty-five yards to the Streak's touchdown drive.

RUNNIN' AROUND

I'm so nervous! I don't know if I can complete 3.1 miles . . . BANG! The gun is fired and I am off and running! Two miles down, only 1.1 miles to go! I'm so tired, I want to die . . . but I must finish this strenuous race. I see it, my destiny, my goal . . . THE FINISH LINE!

3.1 miles! Did you say 3.1 miles? Yes, the distance of each race in Boy's Cross-Country was 3.1 miles. The Cross-Country team raced to the finish of another successful season. Beginning another strenuous season, the boys started to train intensely in early June and continued until late August when their N.E.C. meets began. Among the great teams within the N.E.C., the runners put forth fearless fights

to achieve the over-all victory of 5-4, and 5th overall in the N.E.C. Rain, sleet, snow, and even MUD couldn't stop the boys on their trail of success. Sophomore, Andy Ogrin commented about one particular race in which he was covered with mud: "At the Jefferson meet, the runners took off splashing mud all over me, leaving me covered from head to toe in mud!" In the N.E.C. Championship Meet, Senior Jason Somppi and Sophomore Matt Martin took high honors by achieving 2nd team all N.E.C. Sophomore Andy Ogrin missed the N.E.C. Team by one place but put forth a great effort.

Jeff Loofboro

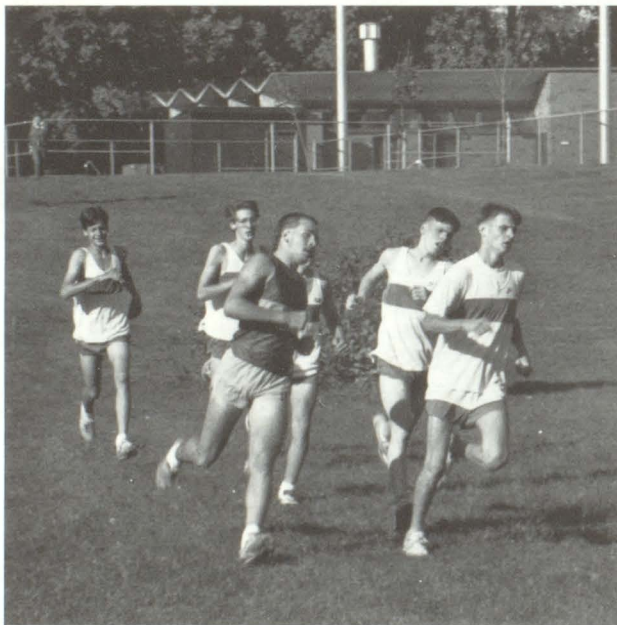

Chris Malinowski

Marty Rosciszewski

Jason Somppi

Gaining Ground! Senior Jeff Loofboro, Sophomore Todd James, Senior Chris Malinowski, and Freshman Bob Chaffee run strenuously to keep up with a Harbor runner at the home course — The Perry Outdoor YMCA.

Team	Madison's Score	Opponent's Score

Striding Strong! Senior Jeff Loofboro, concentrates intensely to perfect his stride which helped to lead the Streaks to an overwhelming victory against Harvey.

Smooth Sailing' . . . Senior Jason Somppi rounds one of the first markers in the race against Harvey knowing the 5,000 meter race lies ahead of him.

The Boy's Cross-Country Team: Top to Bottom (L. to R.): Richard Bailey, Jeff Loofboro, Todd James, Chris Malinowski, Brandon Marshall, Chris Brown, Chris McBride, Marty Rosciszewski, Jeremy Rogers, Andy Ogrin, Jason Somppi, Justin Cichello, David Sidewand, Matt Martin, Greg Solden, Bobby Chaffee, Jim Welker, Drew Griffith, Matt Ogrin.

C.C. Flew To Top

I'm almost there, only about ½ mile left. I can not let my opponent pass me, I thought as I picked up the pace. I was almost finished. I could see the shoot now. As I reached the shoot, the rejoice of victory rang in my head. The Girls' Cross Country team once again finished with a successful season, coached by Mr. Jack Pavesich. The Streaks completed their season 2-2 and placed third in the N.E.C. Leading the team was junior Lisa Harrington, who also received first team all

N.E.C. Honors given for second team all N.E.C. were to senior Kim Cool, junior Jenny McIntyre, and sophomore Julie Heck. Other fine finishes for the team were at "U Wanna Come Back" run that was held at the Outdoor Family Center, and at the Northcoast Invitational. The team captains were seniors Melissa Pohto and Kim Cool. Kim commented that, "Even though the flu did not help the team much, I felt we had a good season."

The Girls' Cross Country Team: Top to Bottom (L. to R.): Jill Dohl, Jenny McKibben, Melissa Doland, Lisa Harrington, Kim Cool, Jenny McIntyre, Nina Jameson, Melissa Pohto, Sharon Kozlevcar, Shelley Giles, Julie Heck, Karen Hart, Kathy Novak, Christine Couture, Robin Ryan, and Anne Bushman.

Picking Up the Pace . . . Sophomore Julie Heck establishes a fast pace to gain ground at the Outdoor Family Center.

With determination, the runners jump at the start of the meet against Harbor held at the outdoor Family Center.

On the home course, Freshman Christine Couture prepares for the dreadful 5,000 meter run that lies ahead.

Boy's Varsity Soccer Falls Short of Goal

The excitement of being back on the field lifted the spirit of the players. Practice . . . Practice . . . Practice raced through their minds as coaches barked, players practiced, sweat broke, and temperatures maxed. The events of summer conditioning paid off. With the incentive of a new coach from England, Mr. Richard Lindley, and many young but experienced players, the team displayed much determination on and off the field. Although not as victorious as they had hoped, the players walked away from the season with much skill and great expectations for next year.

There were some playing positions left empty as graduates left the team in their final year. The previous J.V.

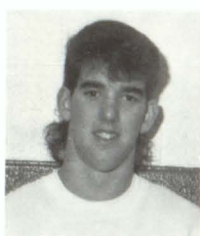

players filled and played the positions with pride to the best of their ability. John Moran, Will Grover, and Brian Bosworth were captains of the team. Summing the season up with a 7-10-2 record, Junior Chad Burgard said, "Although we didn't have many victories, the team worked hard and had fun."

With Determination and Skill . . . Girls' Varsity Soccer Is Heading For Goals

Time's ticking down. The pressure's on to score the winning goal. Dribbling nervously, the shot suspends in the air. Will it go in? That is the question that the varsity girls' soccer team asked themselves every game. The second-year team dealt with an underestimated season. With ten disappointing losses, they handled to pull off four ties and four victorious wins. Putting up with the intense conditioning which started in the summer, the girls practiced twice a day to start getting in shape and perfecting their ball skills. The team consisted of 25 athletes containing co-captains Kathy Powers and Cari McBride. The team grew together as a unit, trying to help each other out with soccer and also doing fun things together. An example was that their coach, Sharon Naso, got on all their cases to eat many carbohydrates. To put use of their coach's advice, the girls had "pasta parties" to devour as much pasta as possible and to just enjoy each other's friendship. One thing the girls learned this season was that everyone's opinion counts and they

deserve encouragement. Receiving help and encouragement, the team contained three players of the week which were Sophomore Corey Robishaw, Junior Dawn Germovsek, and Senior Cari Naso. Another honor was four members were picked for teams on the Greater Cleveland Conference who were Sophomore Corey Robishaw, Junior Amy Hoffman, and Seniors Sherry Rainery and Cari Naso. The team has many skilled players who have ten years experience to their names. This came in handy during their first sectional game which was played against a team that beat them their first encounter. They played Trinity at home, and the girls were more psyched at that game than any of the season. They managed to hold a no score game at the first half, but during the second half, all their hard work and determination was crushed as they watched their victory slip away. But on a lighter note, the girls had a great team and season which was filled with memories that will last a lifetime!

JV Soccer Kicks Off!

The cool, crisp, fall air nipped at your nose. Wind whipped at your hair. Here came the JV Soccer team in shorts and a T-shirt. They kicked off a great season with thirteen wins, three losses and two ties. The team was composed mainly of freshmen which left them without a lot of experience. The Streaks overcame this lack by working together and practicing hard. JV Soccer brought a lot of hope to the future Varsity team because of their outstanding record.

Captains Jamie Bartlett, David Staffiera, Corey Svagerko and Mike Willis led the team to the best season the Streaks had ever seen. Freshman Joel Delp commented, "We had a fun season with a lot of great wins." Coach Earl Delp was pleased with the Streaks' success. He noted that the two out of three losses were to teams composed of no freshmen. The Streaks did exceptionally well and cannot wait for next year.

Oops! Sophomore Sean Crawford miscalculates his jump to head the ball. Freshman Darin Bilek and his team prepare to play defense against Gilmour Academy. Streaks came out victorious in this low scoring game.

Bump, Set, Spike!

Captains were called and the coin was flipped. Madison won the toss and opted to serve first. Bump, set, spike, dig-it, dig-it, yeah! The Streaks took the court, and tension mounted as they prepared for the first serve. The serve was over, and the play went on. After forty-five minutes of intensive play, the first game was over with one to two more games to go.

The JV volleyball team, led by

co-captains Mandy Lewis and Carla Ransom, had a great season. They ended their season with a record of eight wins and ten losses. Coach Cheryl Zook was pleased with the team's performance and acknowledged the improvements they made. The Freshmen from this year will be the nucleus for next year. Co-Captain Carla Ransom stated, "We had a good season but a young team."

Cover! Freshman Carisa Lindsay spikes the ball from a set by Sara Horowski. Carli Stefancic blocks as Michelle Woodworth looks on.

Despite Record, Girls Blast Courts

Slam! Smack! Screech! Bam! These sounds echo throughout the gym while the clock begins its countdown to the starting of an exciting season. Tension rises and heartbeats race as the buzzer sounds, and six anxious starters trot onto the court. Moments later, the referee's whistle blows, and the gym fills with silence. All eyes focus on the server, whose concentration blocks out any disturbance.

The feelings expressed in this scene were very familiar to the Varsity Volleyball Team. Ending their season with a 12-12 overall record, co-captains Stephanie Baldwin and Lynn Hrbek feel the team played well together and had a lot of fun. "The record doesn't reflect how well we really did," said Lynn.

Highlights of the season included a Brush Tournament consisting of Brush, Richmond Heights, Madison, and Wickliffe, in which Madison took first place. They placed second in their own tournament, hosting North, Lake Catholic, and Notre Dame Cathedral Latin, and also captured this year's sectional title.

Receiving individual honors were Lynn Hrbek — First Team NEC and Honorable Mention District II. Lynn also participated in the District II All Star game and the Star Beacon Classic. Joining her in the Star Beacon Classic was Emily Kriegmont. Stephanie Baldwin received recognition for Second Team NEC.

Referring to the season during the Fall Sports Banquet, Coach Chris Anderson said, "The overall effort was excellent. Our defense kept us going and was the strongest of the game."

Out on the green with the golf team

Clubs slice through the air and send balls flying as the golf team prepares for another match. Erie Shores Golf Course became home for the team each afternoon as they headed out on the green. Considering the team consisted of so many young members, their performance was outstanding. First-year coach Mr. A. J. Pierce grinned as he commented, "We were 11-7, I think you would call that a good season. I had a great time, it gave me another way to enjoy kids." Captain and three-year var-

sity letterman Guy Titler also felt positively about the season as he stated, "It was a lot of fun. We were in the hunt all the way through the season, and I would like to see how it would have ended up if we had we come out on top of a couple close matches." All and all, the golf team worked hard, had fun, and made it a season to remember.

Varsity Squads Spark

Spirit

The Varsity Football and Basketball cheerleading squads chanted their way through another season. Each squad put in many long hours to support the teams and keep the crowd's spirit up. Not only did each squad prepare during the school year with practices three times a week and making colorful locker stickers for the players, but the squads also combined and attended a cheerleading camp over the summer. The twelve girls stayed on the Baldwin Wallace campus for three days and worked with the National Cheerleading Association cheerleaders to learn new ideas for the upcoming seasons.

Varsity Football Cheerleaders cheered through most of their games in the rain. However, spirit was still high as Dawn Crnjak commented, "For once in a long time, the crowd got into it." Deana Lilly also added, "Spirit was great!" The cheerleaders travelled to both home and away games, helping the band and throwing miniature footballs to the fans during halftime.

The Varsity Basketball Cheerleaders travelled to all twenty-one games. During half time, the cheerleaders could be seen throwing miniature basketballs to the crowds or doing routines to the pep band songs. Juniors Jackie Nester and Michelle Walton remarked on how well their squad got along, and even though the season was a lot of work, they all had fun.

Who ya rootin' for . . . Junior, Suzy Thompson, Senior, Julie Jenks, and Junior, Jill Volgstadt get the crowd going to cheer the football team to a victory during the home, Madison vs. Harbor game. The Blue Streaks went on from their 28 to 0 lead in the third quarter to win the game 35 to 8.

We've just begun . . . Sophomore Mandy Lewis and Juniors Cyndi Cool, Jackie Nester, Betsy Titler, and Michelle Howell sneak in a cheer on mid-court during a quick time-out at one of the many home basketball games.

Is she praying? Caught in the middle of a chant, Junior Dawn Crnjak leads the crowd in cheers.

Varsity Football Cheerleaders: Back Row: Dawn Crnjak, Deana Lilly, Julie Jenks, Jill Volgstadt. Front Row: Wendi Price, Suzy Thompson.

Hip hip hooray! Surrounded by confetti, Senior Jenny McKibben shows her spirit on the cool Friday evening football game.

Julie Jenks, Senior
Advisor Leslie
Trbovich

Cheerleaders Spread Spirit

Along with the many changes that tried to better our school this year, the spirit also had a boost. A great portion of that positive spirit push is due to the JV and freshman cheerleading squads. Both squads were under the direction of Miss Leslie Trbovich. The JV squad began practicing in June and cheered all through both football and basketball seasons. They also attended a UCA camp over the summer. The freshman squad began practicing in November and cheered throughout the basketball season. Each squad did a great job during pep assemblies to get students excited about their teams. When asked how she felt about their

season, sophomore captain Heather Hoffman replied, "We had a rough start, but everything worked out fine, and we ended up having a good year." Freshman Andrea Gardner also commented, "We had a really good year, it was fun!" Overall, both squads did an excellent job of cheering their teams on and producing spirit during all the pep assemblies.

Top to Bottom (L. to R.): Captain, Heather Hoffman, Carla Ransom, Corey Robishaw, Stephanie Cordes, Lisa Payne, and Heather Marshall.

On The Rebound

As the Edgewood point-guard dribbles down the court with twelve seconds left till half time, the Madison players think "DEFENSE." Madison is down by one point, and if they can somehow get the ball, the Streaks may be able to get off one last-second shot and go into half time with a lead. The Edgewood point guard cracks under the intense defensive pressure of Jason Somppi and Steve Sobe and throws an errant pass right into the hands of Madison defender Jim "Chef" Rosciszewski. Realizing that only a few precious seconds are remaining on the clock, Rosciszewski frantically dribbles toward half court in hopes of one last-second shot. As the final second in the half ticks away, Rosciszewski releases the basketball just beyond the half court line. The ball soars through the air headed straight for the basket. SWOOSH!! The crowd unleashes a roar as the Madison players run into the lockerroom pumped up and with a lead.

Although once again the boys' varsity basketball team had a rough season, last second half court shots, close games, and intense action were common qualities in most of the varsity games. Led by captains Josh Cichello and Jason Somppi, the Streaks compiled a record of 3-17, which was two games better than last season's record. The overall record, though, was not a true measure of the quality of this year's team. Many of the Streak's losses were close, hard-fought games that could just as easily have been wins. "I felt the team showed great character in playing well against the league's best, such as Riverside, Edgewood, and Harbor!" stated Coach Mike Smith. "It was very difficult with a losing record. However, this team was always ready to play!" Even though the varsity team did not finish with a winning record, there were a few individuals on the team that excelled. Senior Jim Rosciszewski made the Second Team NEC and the Second Team *News Herald*. In addition, he was picked for the *Star Beacon* and Western Reserve Coach's Basketball Association Allstar games. Junior Clint Stapleton also received special mention in the NEC and *News Herald*.

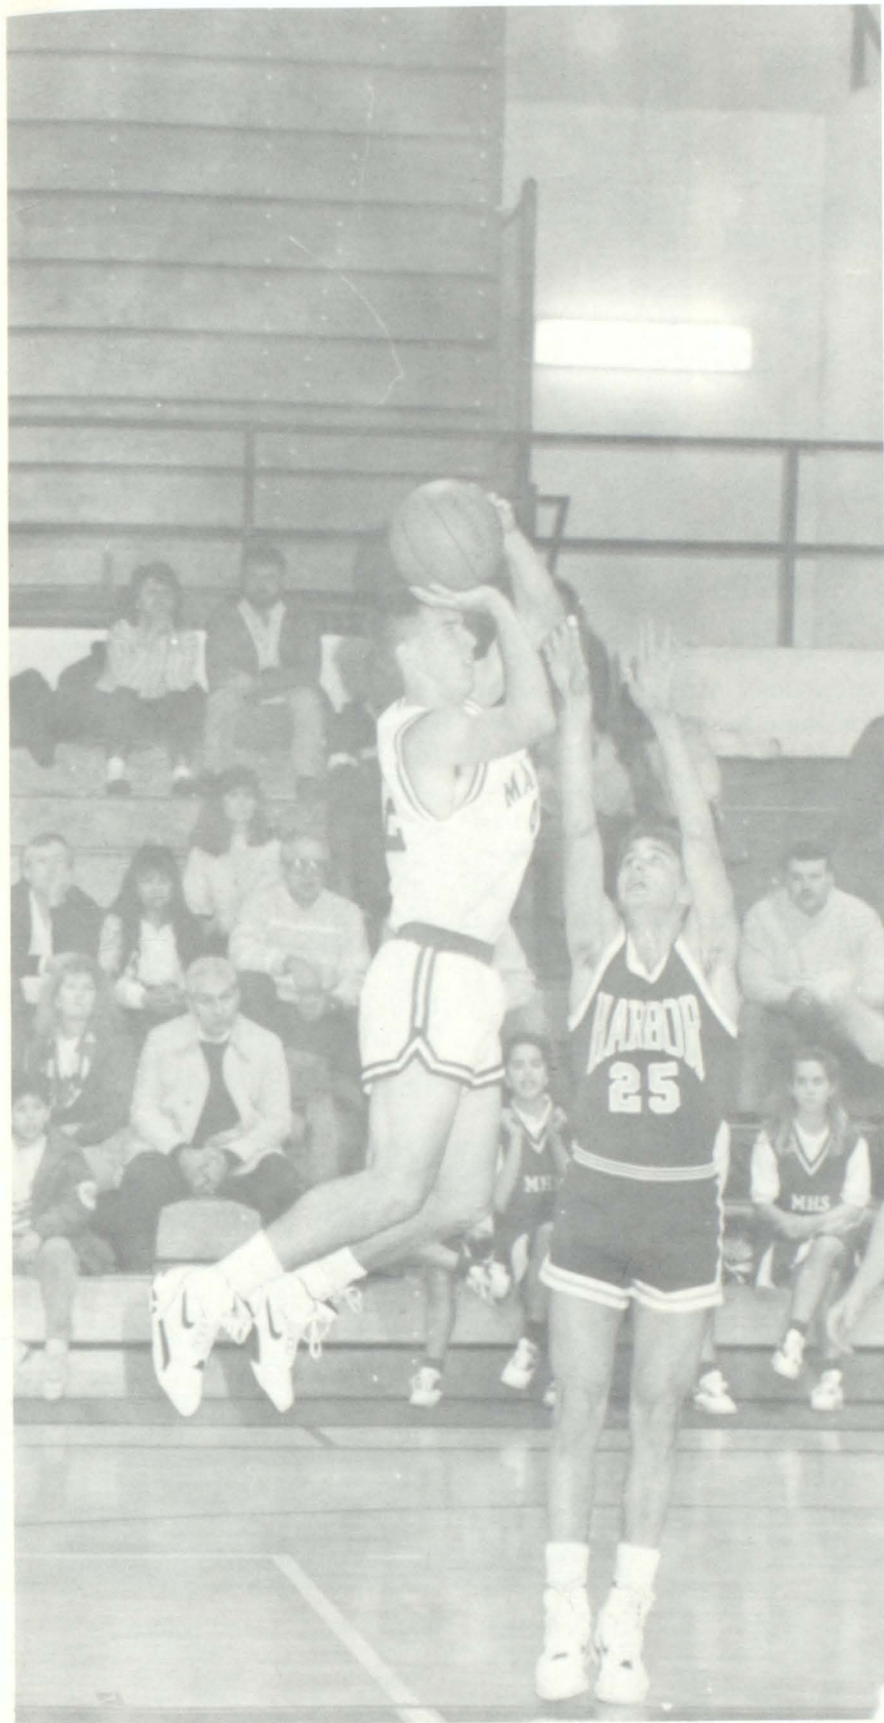

Air Jordan, Here I Come . . . Clint Stapleton, a junior forward, shoots a reverse layup as the Riverside defenders watch in awe.

Underclassmen basketball teams . . .

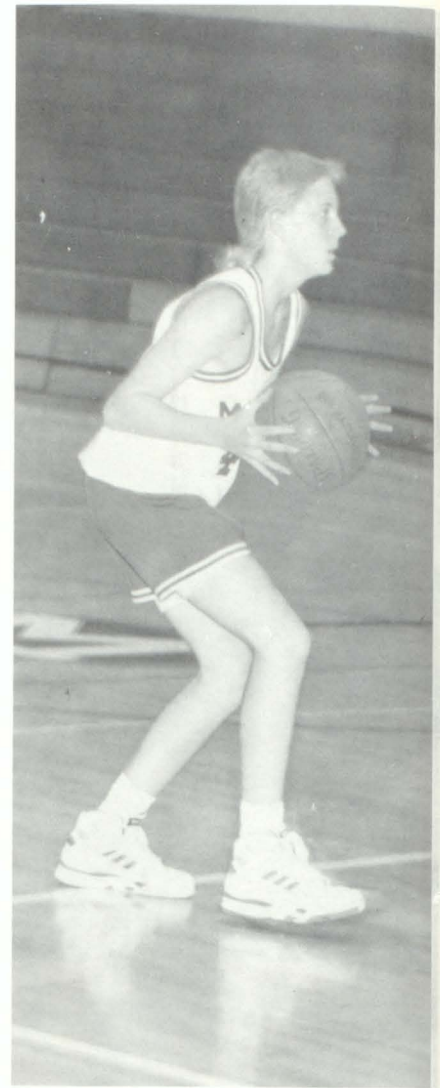

Shoot for Two!

Here he comes, the 6'6" Michael Jordan of the opposing team, dribbling the ball right towards me! Who would think I, a 5'9" J.V. basketball player, could stop such an overgrown ogre? "Defense!" my coach shouts from amidst the bleachers of screaming, outrageous fans. I shudder over and over at the thought of defending the giant. Time stops momentarily and I realize I must make my decision. Do I attack and attempt to steal the ball, or do I just blend in the scene and hope to not be noticed?

Maybe you've seen basketball players in these circumstances. If you have seen this sight, you probably were not at a Madison boys' J.V. or Freshman game. The boys played each game to their fullest

potential, not having to ask themselves these foolish questions. They took every chance to attack the ball and defend the opponent's basket. Mr. Bob Peterlin, second year coach of the J.V. team, led his team to an overall victory of 8-20 and 7-18 in the N.E.C.

Newcomer Mr. Larry Daly, the Freshman basketball coach, expressed his views on the season by commenting, "This was a very productive season. It was quite a surprise because we took five boys who had never really experienced organized basketball and started them." Finishing off the season with a 2-12 N.E.C. record and an overall record of 2-13, the boys proved to be future assets to the Madison basketball program.

Mr. Bob Peterlin

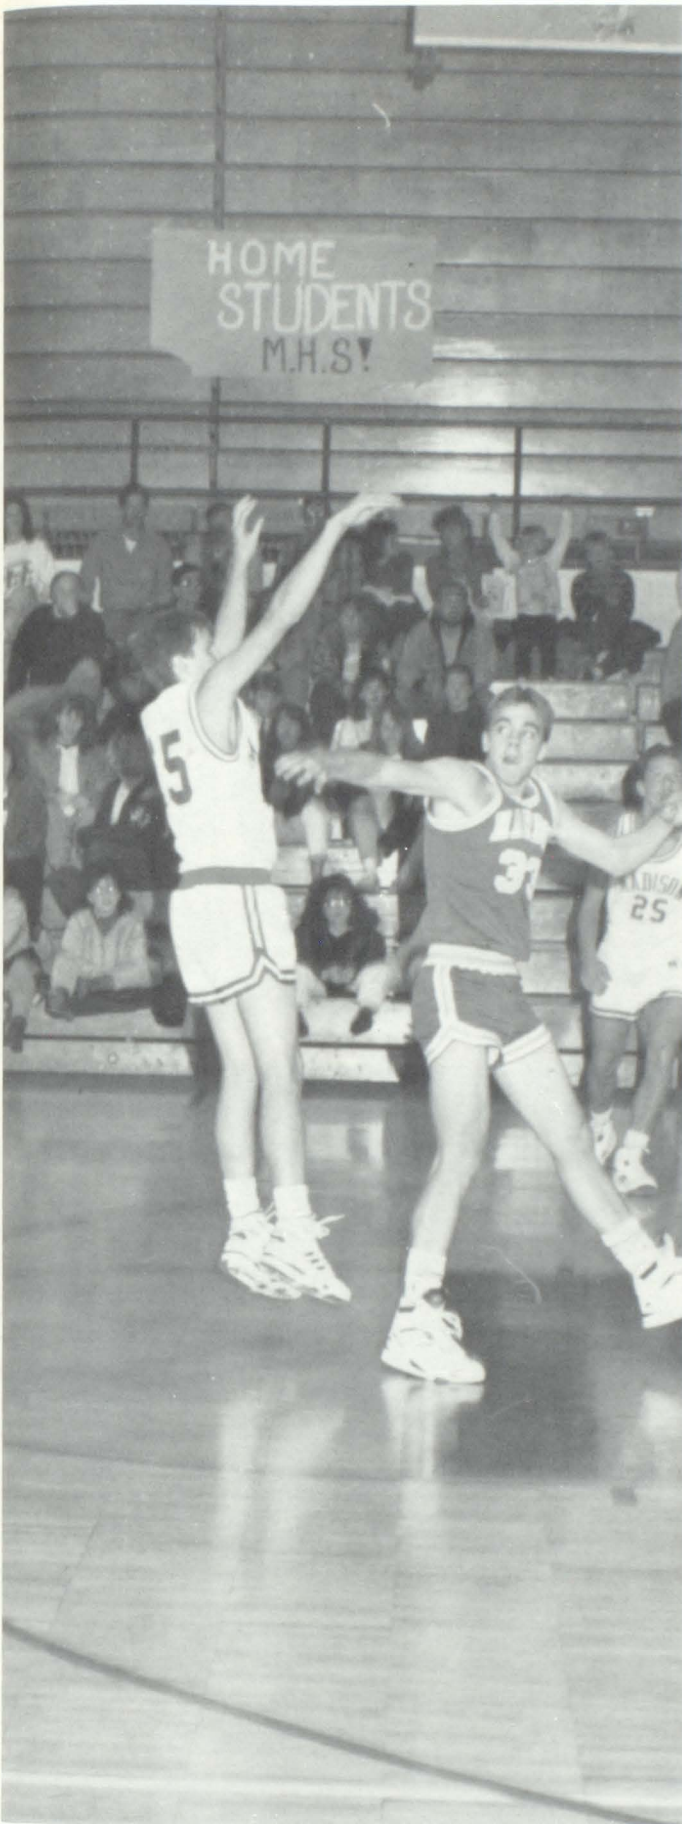

"We'll be back next year." — Mr. Bob Peterlin

Streaks Find Success

Memories . . . a season of excitement, excellence, and elation. The Lady Blue Streaks achieved success in numerous ways. They had a 17-4, 16-2 Northeastern Conference runners-up record. They averaged 55 points per game while only giving up 38. Numerous post seasons honors were received: Lynn Hrbek, first team NEC, Stephanie Baldwin, second team NEC, and Marge Dilley, NEC special mention. Lynn, Stephanie, and Marge played in the **Star Beacon Classic**, while Stephanie and Lynn also participated in the **News-Herald Classic**.

Remember . . .

Jeny Gerred's three-pointer against Astabula, the first of the year,

Theresa Pechinko's last second shot that helped capture the overtime victory over Valley Forge,

Marge's "monster game" over Riverside, hitting every shot and corraling every rebound,

Stephanie's "highlight film" in the first half against Jefferson . . . 20 points, 10 rebounds,

and Lynn's deathbed performance to help the team rally over Harvey on the first night of Desert Storm!

The team was led by a hard-working group of seniors, who found enjoyment and success in working together. The Lady Blue Streaks basketball team was a competitive group of 10 athletes who were willing to contribute whatever they could do to achieve "team" victories.

Soaring high! Reaching up and over the enemy from St. John, sophomore, Carli Stefancic makes a score for the Lady Blue Streaks.

J.V. Frosh Jump to it

Spirits were high as the J.V. team came off the floor for the last time. They had maintained and achieved their dream. They had maintained an undefeated record in the N.E.C. and were 19 and 1 overall. They worked hard from the beginning to the end of the season, not once letting up on intensity. Their dedication and hard work paid off as they began coming out on top of all the N.E.C. teams. Abby Seufer commented that "We are proud of ourselves. We have all of our goals." For all of their hard work, the J.V. earned the First place position in the N.E.C.

Another reason to have pride in girls' basketball is the Freshman team. Their record may have not shown it, but these girls were one of the hardest working groups of people in Madison High. They came to practice every day after school ready for anything. They went to every game ready to give it their all, no matter what the outcome. Sandy Hejduk said she learned "never to give up and always keep up the team spirit." She also said that she "liked practicing with the J.V. and Varsity teams." The Freshman team put in a lot of team effort and worked together even when the going got tough.

The J.V. Freshman Team: Back Row (L. to R.): Jennifer Channels, Tracy Ness, Jessica Marinella, Carol Pennington, and Dawn Dular. Middle Row (L. to R.): Sandy Hejduk, Gina Somppi, Carisa Lindsay, and Coach Jackie Bell. Front Row (L. to R.): Jessica Kordic, Abbey Miller, Tammy Anthony.

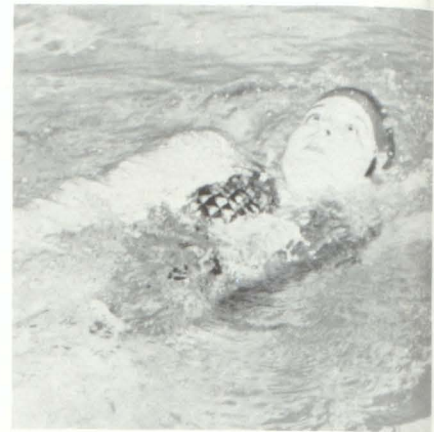

Making Waves

Five days a week, Madison swimmers worked hard under the direction of coaches Jerry McIntyre and Keith Smith, and all saw a very successful season. Members of the girls' and boys' teams destroyed long-standing school records. For the boys, Brian Bosworth set the new 100 Back time and was also a member of the record-setting 200 Medley Relay of Steve Theus, Mike Hawes and Scott Hallam. In total, five girls' records fell during the season. In individual events, Jill Volgstadt set new times in the 200 IM and 100 Back, and Julie Jenks broke a record in the 100 Free. The 400 Free Relay team of Julie, Jill, Jenny McIntyre and Amy Frye defeated an old record in their event. A new event was added to the meets: the 200 Free Relay. After

this season, the record-setting relay teams were Jill, Amy, Jenny and Julie for the girls and Mike, Scott, Steve and Matt Bosworth for the boys. All 43 of the swim team's members, including captains Brian Bosworth, Steve Theus, Amy Boback, Katie Retsch and Julie Jenks, were proud of the girls' 13-3 season record. The boys were strong, considering their size, finishing 3-8.

The season meant many new things for the team. Not only were there new records but a new parent's group, the first ever to be organized for swimming. Through their organization, many parents showed great support for the swimmers by holding parties and a spaghetti dinner.

Back it up! With extreme concentration, Senior Beth Billington completes the 50 backstroke in the 200 IM.

"We were a young team who got better as the season progressed."
Coach Fortuna

During his first varsity home match, Clint Behm is on his way to a 7-1 decision victory against Edgewood's Mike Holb.

Wrestling

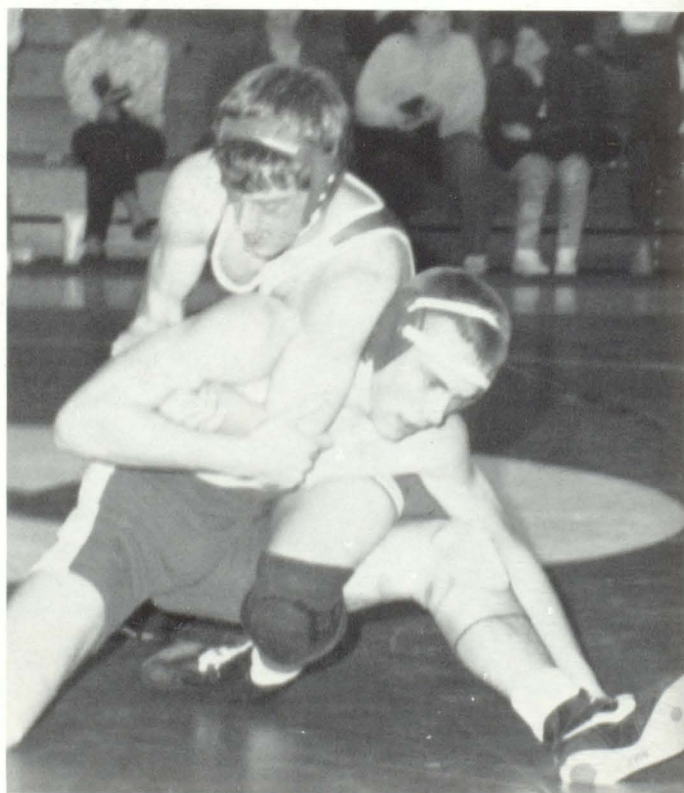

I think I can! I think I can!

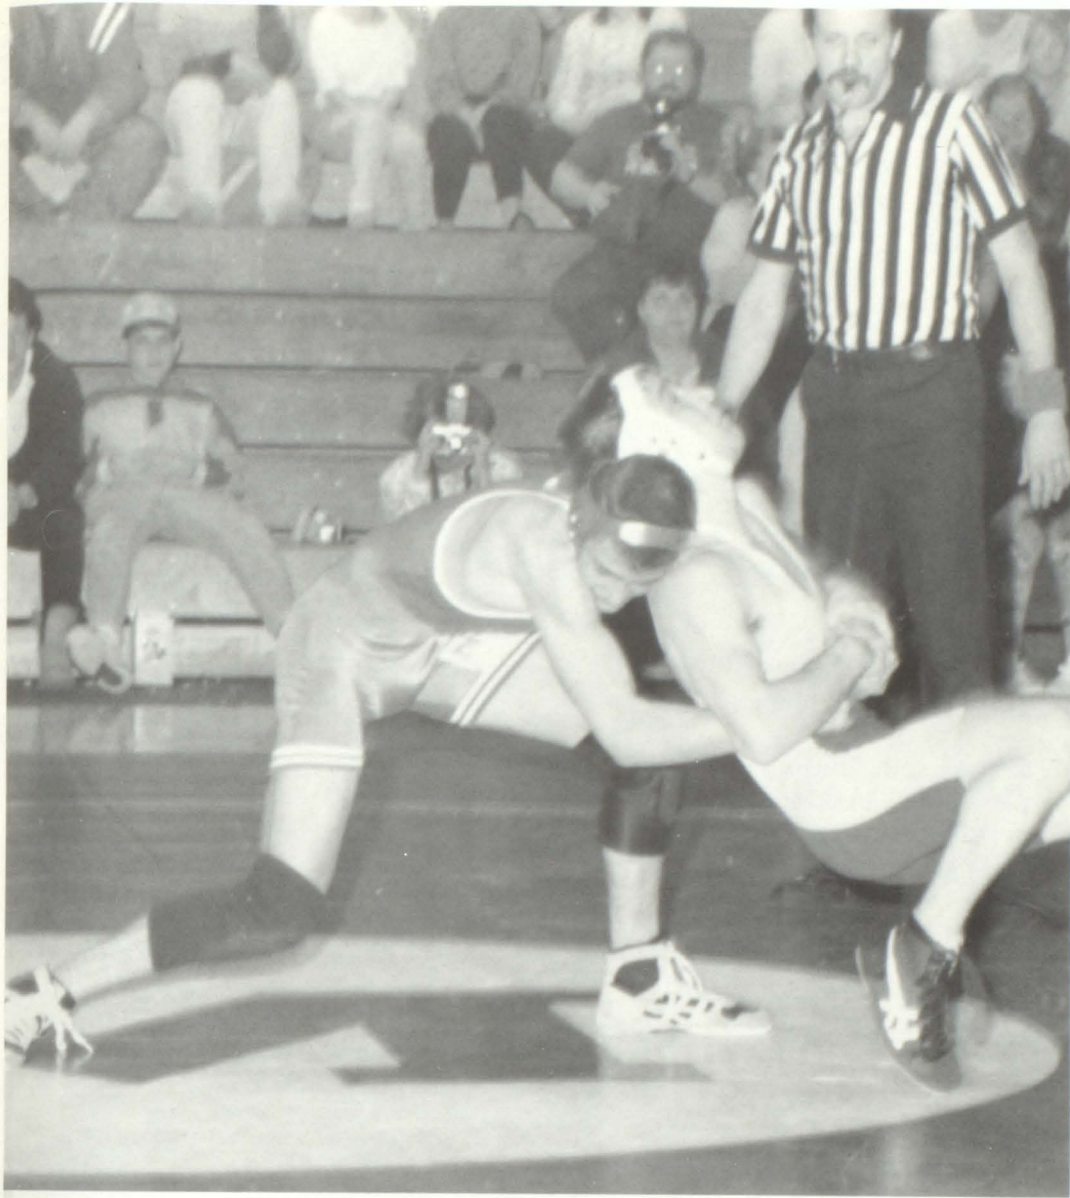

I just have to lose 2 more pounds to make weight. After two more laps, I'll step on the dreaded scale . . . I did it! And with a pound to spare! Finally, I can strip off all these layers and maybe even eat a sandwich! This is not an unfamiliar situation to many of this year's varsity wrestling team. Making weight is the most important priority on the day of a match. Many of the hard-working wrestlers could have been found in the gym, running with several layers of sweat clothes during their study halls.

The Streaks had a winning season with many thanks to the excellent coaching staff. In addition to head coach Gary Fortuna, assistants Rex Reigert, Tim Willis, and Jack Becca, Scott Francis, a former Madison High School wrestler, joined the coaching team.

With only four seniors, Dan Andelin, Dave Cox, Mike Sears, and Dan Soulsby, the young team is looking toward a bright future.

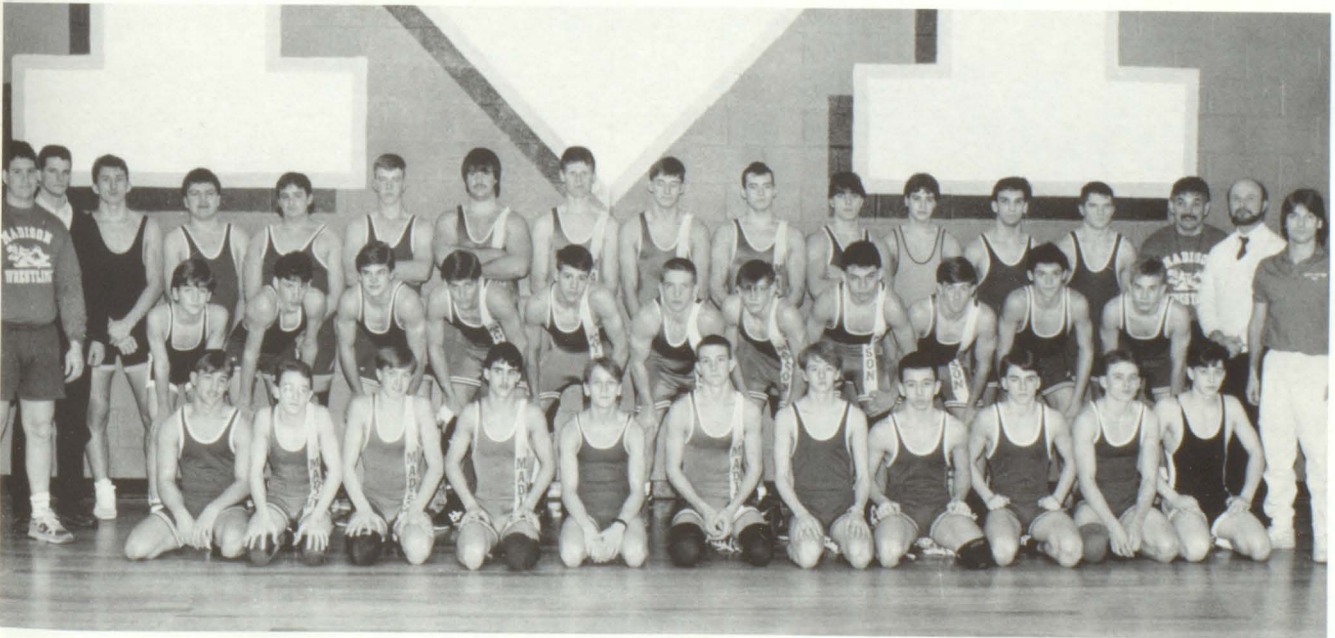

When asked to reflect on the season, senior Dave Cox said, "Not only was it a successful season, but we had fun. We worked really hard and it paid off. The coaches were great too!"

Giving up 11 pounds, Brandon Marshall tries to keep the senior Edgewood wrestler down while contributing to a one point Madison victory.

The Madison 1990-1991 Varsity Wrestling Team.

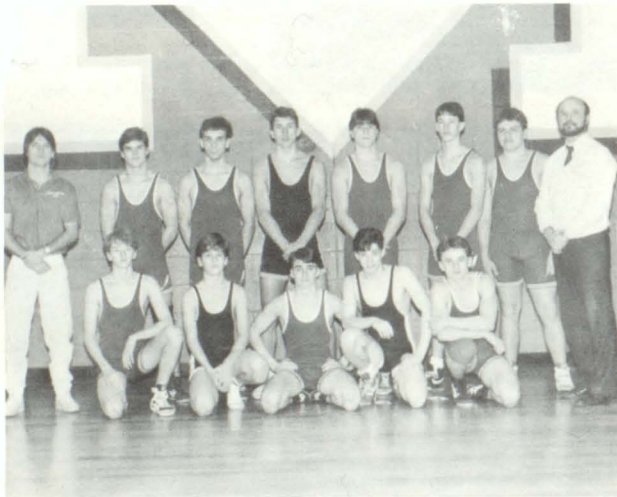

Wrestling with the Best

J.V. and Freshman wrestlers have done it again. Another season equipped with all the right moves. Hard work and dedication is the key to the success behind these wrestlers.

Going undefeated in the NEC's, the J.V.'s took a first out of twenty-two teams at the Cleveland Heights Tournament, and a third in the Geneva Tournament.

The Freshmen gave it their all and came out on top with a record of five wins and three losses. Entering the high school for the first time, seeing new faces, and new surroundings, didn't affect the concentration or the abilities of these wrestlers. They worked hard and held their heads high, and they came out with a winning season.

Sophomore, J.V. wrestler Alex Hynd sums up the season by saying, "We worked hard at practice and wrestled great out on the mat."

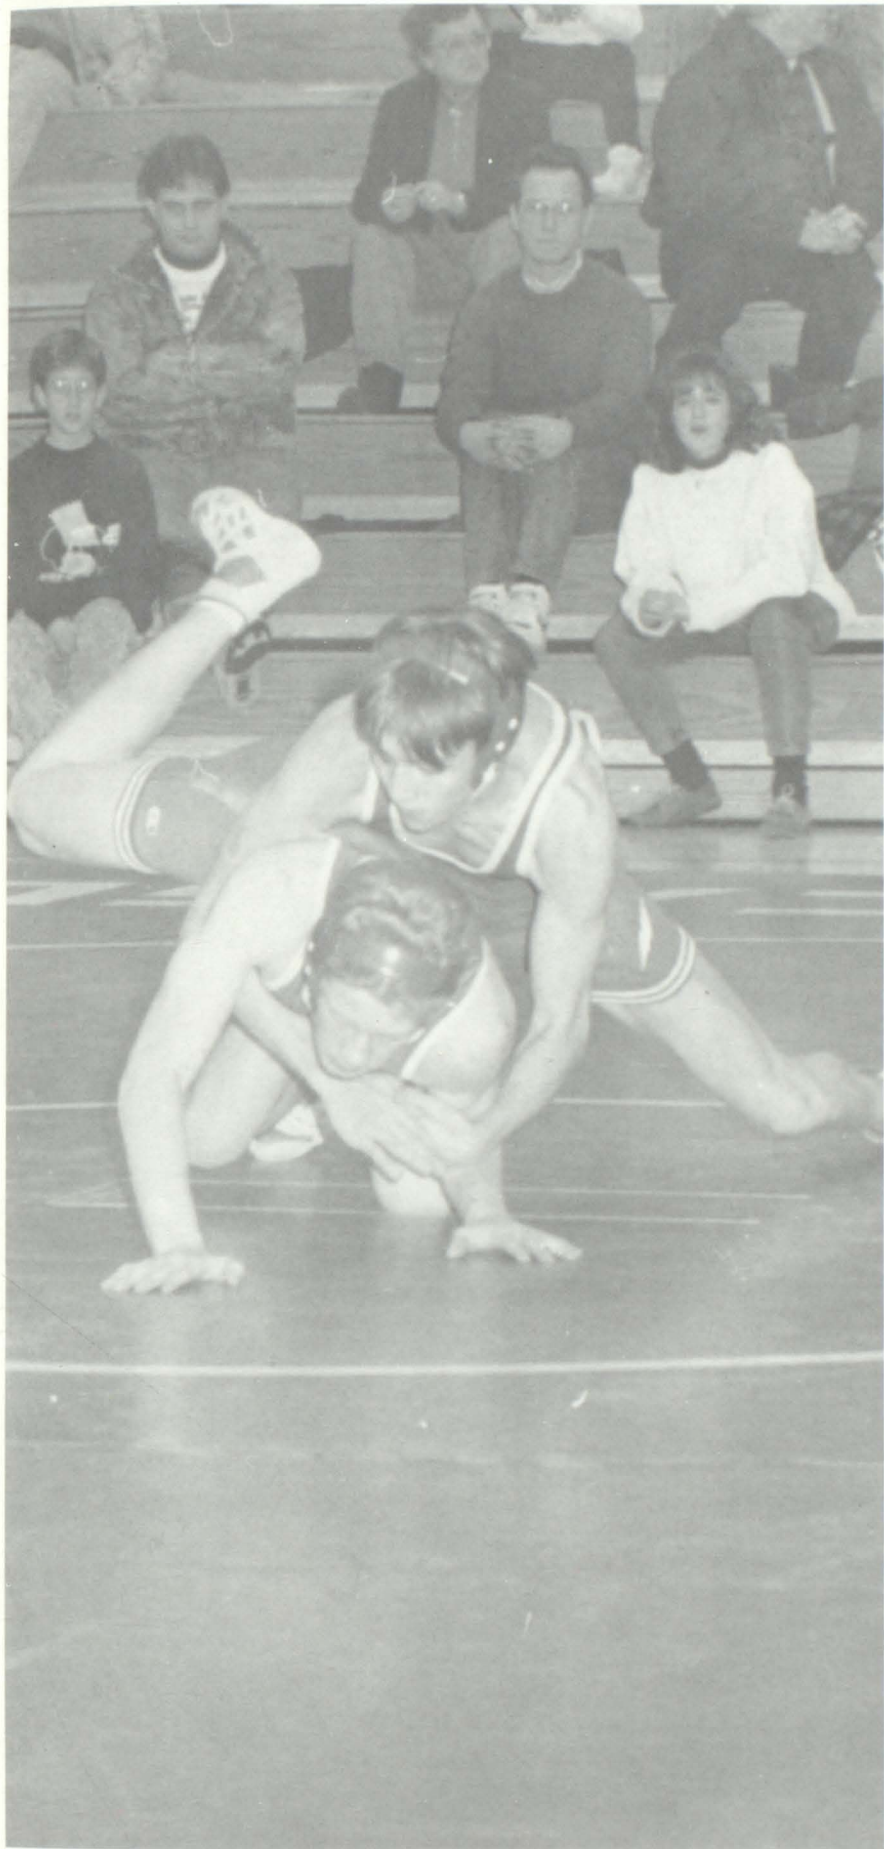

Freshman Wrestlers: From L. to R.: Coach, Gary Fortuna, Rob Schafer, Jim Welker, Eric Borts, Jim Poe, Jack Whaley, Ray Merkle, Mr. Jack Becca, Nick Moretti, Larry Runyan, Mike Kinkead, Brett Stabile, John Krause.

Wrestle until you drop. Freshman Brett Stabile offers his Mentor opponent a firm handshake before an intense match.

Bust a move.
Sophomore Alex Hynd holds tight his opponent in his J.V. Geneva match in which Madison defeated Geneva.

Money matters.
J.V. wrestler Jeremy Dular gives his opponent a run for his money in a tough match against Geneva.

Organizations

The 1990-1991 Key Club Members

Mrs. Joan Parks

THE KEY TO UNLOCK NEW DOORS

KEY CLUB

Taking a rise in activity and student involvement, the Key Club shined throughout the school. There were more activities to take part in, and the 115 members seemed to respond.

The President was Trista Linden, the Vice-President was Jeff Smith, and Amy Boback, who was the Secretary, stated, "This year was a very successful year for Key Club. From the beginning, there was a lot of enthusiasm on the part of the members as well as our advisor." Taking the job as the treasurer was Beth Billington.

Key Club, which met every other Friday morning before school, participated in the Community Halloween Party for over 1,300 Madison children, made Christmas food baskets, decorated the

The Key Club Officers and Chairmen: Top to Bottom (L. to R.): Amy Boback, Jeff Smith, Kevin Zilke, Sharon Kozlevcar, Beth Billington, Sarah Asbury, Lori Zimcovski, Becky Townsend, Janet Taylor, Julie Jenks, Lisa Zimmerman, Trista Linden, Karen Tagliamonte and Katie Retsch.

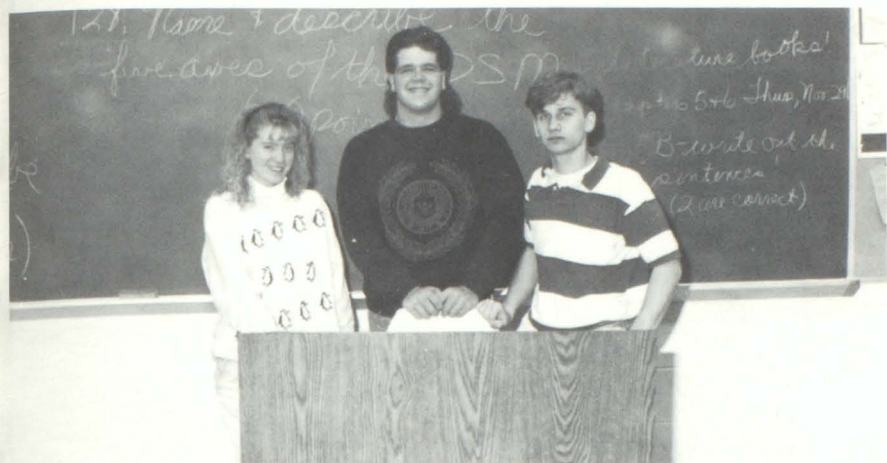

school for the holiday, and had a recycling drive. They had a special spirit committee to decorate students' lockers, held a service day for a fund raiser, sold donuts every morning at the beginning of the year, and helped the Madison Educational Foundation Fund Raising Auction.

All this work could not be done without the help of the appointed chairmen of each project. They, and the rest of this group, were rewarded by taking a bus trip to Cedar Point at the end of the year after each member completed fifty hours of work.

Is it going to hurt? Mr. Herrick shows a "fearless" smile before he gives blood to the Key Club-sponsored Bloodmobile, November 7. He ended up not giving blood because of his trip to Brazil last year.

The 1990-1991 Student Council Officers: (L. to R.): Melissa Pohto, Kevin Zilke, and Rob Zuzek.

Mr. Mike Smith

The 1990-1991 Student Council Members

LEADERSHIP AMONG STUDENTS

It was that time of year again when students interested in being in Student Council collected their twenty-five signatures, which they dreaded. Competition was in the air until the final representatives and officers were chosen. Rob Zuzek was President, Kevin Zilke was Vice-President, and Melissa Pohto was chosen as Secretary/Treasurer.

As the year went by, there were many projects that were sponsored by the Student Council. The seventy-two members put together several memorable events, not only for the students, but for themselves also.

One to two times a month, Stu-

dent Council met and discussed new ideas. These times varied with projects, and sometimes they met more than usual.

These planning periods brought together the United Way Fund Raiser, The Mistletoe Ball, the canned food drive, several other dances, and President, Rob Zuzek, was the Master of Ceremonies during many pep assemblies. They also wanted a change in the Student Council Constitution, so they rewrote it.

There were more members than in the past, and with that came more enthusiasm.

Heated Debates In Model U.N.

Yelling, debating, and disagreements flew through the air as Model U.N. students discussed world problems. Students each represented a country and stated a problem facing that country. Views and ideas given by others started a heated debate. Through the debates, students learned to accept other countries' customs, views, and ideas. Students became more open-minded to others' opinions but still had boldness to state their own opinion.

Model U.N. students took two annual trips, one of which was to New York where the students visited the U.N. building. Another such trip was to a conference at Kent State University in Ashtabula. Debating again took place at the conference. This debating was a little different. Once the arguing of the debate was over, students were expected to reach a resolution that everyone agreed with. Many times, this agreement wasn't possible. Prizes were awarded to individual students and schools for outstanding debating. President John Potter hoped that Madison could improve their fourth place from last year's conference and win a trophy at the conference in the spring. "I think Model U.N. is a great experience and a lot of fun too," commented junior Tracey Albert.

That is not the issue! Senior Christine Cook slams her fist down as she argues with fellow U.N. members over Saddam Hussein's presence in Kuwait.

Officers of Model U.N.: L. to R.: Secretary, Chelsea Miller; Treasurer, Christine Cook; Vice President, Janet Taylor; and President, John Potter.

Members of Model U.N.: Top to Bottom (L. to R.): Dave Cox, Jason Begalke, John Wondracek, Richard Balint, Robyn Hamaguchi, Alysia Evens, Brian Sidoti, Matt Schley, John Potter, Melissa Pohto, Karen Hart, Darlene Brown, Kathy Ashton, Marc Von Eschen, Christine Cook, Janet Taylor, and Chelsea Miller.

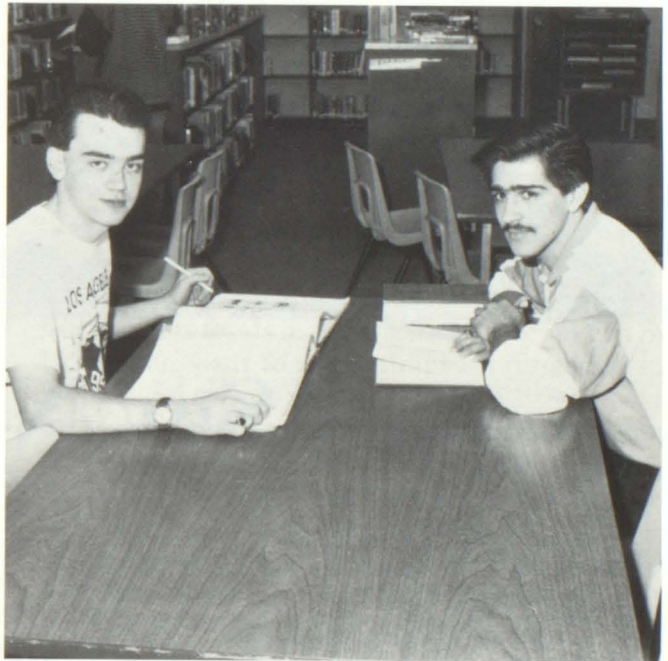

Patriotism Expressed At State

Hanging out in the library, seniors Rob Zuzek and Guy Titler dig through books for research.

"The best part about Boys' State was running for elections and the thrill of victory," commented senior, Tom Owen. Students who attended Boys' State basically set up a mock government. Certain people were elected as officials and performed jobs from local to state government. To understand how a state government works was the principal reason for attending Boys' State at Bowling Green University. The trip was sponsored by the American Legion.

Girls sang together and emotions were aroused as the National Anthem played at Ashland University where Girls' State was in session. "The patriotic feelings I received from joining in with 1,400 other girls singing the National Anthem and other such patriotic songs has installed in me a pride in my country that will last a lifetime," expressed senior, Christine Cook. Similar to Boys' State, Girls' State was sponsored by the American Legion Auxiliary. Both Boys' State and Girls' State gave students ideas about politics and may have helped a student choose a career in government.

Proudly standing before America are seniors Melissa Doland and Christine Cook.

Getting caught up on politics, seniors Marc Von Eschen and Tom Owen look aside and find a camera waiting for them.

Just Say No!

Mrs. Karen Battes, Mr. Frank Haibach and Mr. Gary Piker (pictured on the right) advised about twenty students who were "committed to a drug free lifestyle." In October, they held a Red Ribbon Campaign against drug and alcohol and talked to the Middle School about peer pressure. A retreat for drug and alcohol training was held at Camp Burton in November. All the Teen Institute students from Lake and Geauga counties attended a dance at Chardon High during December. They got together again in June for a picnic. Christmas party for active members was also given in December, and they passed out candy kisses with a drug-free message to High School students. In the beginning of the year, they talked to the "Just Say No" Club and

D.A.R.E. at the Middle School. They went on another retreat to Newbury and held a talent show in the Spring.

Newly started was the S.A.D.D. Club (Students Against Drunk Driving). Mrs. Sue Curkendall was the advisor. They attended two workshops, one at Camp Cleveland and the other at the Front Row Theatre, which emphasized Student Athletes Detest Drugs. SADD also was involved in the "Prom Promise Plan" to encourage students to sign a contract to be drug and alcohol free during Prom weekend. Junior, Renee Meier was the student who initiated the formation of a S.A.D.D. group at M.H.S. There were about 15 members and hopefully the group will grow larger next year.

Mrs. Sue Curkendall

HEY!

Do you know about these clubs?

The German Club

The French Club

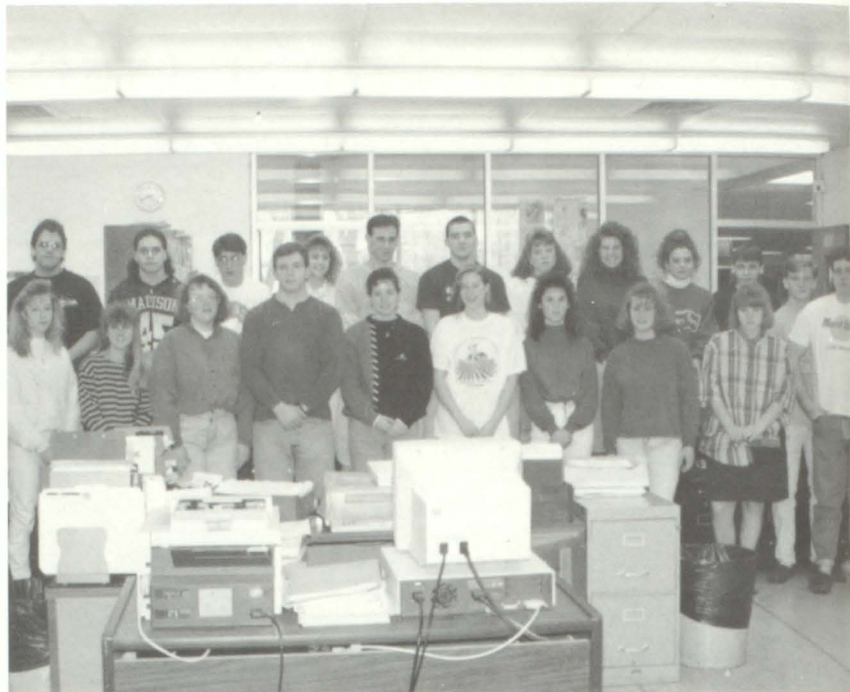

Who had one meeting per month, had 35-40 members and was advised by Mr. Don Strother? Give up? It was the German Club. They planned many events for its members, such as ice skating in November, visits to the Hofbräuhaus restaurant in the fall and spring; and a Language Fair was held on March twenty-second. The fair had a yodeling contest, and dance groups demonstrated dances. By March nineteenth, fourteen German exchange students arrived and stayed for a month.

Parlez-vous français. French Club was a fun way to learn French and put it to use. In November, they taught French to Homer Nash Kimbell's challenge class and set-up for a Community Thanksgiving dinner. To raise money for a French dinner in February, they sponsored two dances in January. Lastly, the club participated in the Language Fair with the German Club and Spanish students.

Running, Scoring, Filing, Shelving . . .

Although they often go unnoticed, aides and statisticians are a very essential part of Madison High School. Both groups helped out in many ways. The stats loyally went to all the sporting events and recorded scores and points. There were many stats that helped out, and they are a vital part of Madison's athletics.

Aides are also a necessity at our school. They run many errands, deliver messages, help teachers, and assist in the library. Just as stats do, aides play an important role in keeping Madison High School running smoothly and efficiently. Both our stats and our aides are a necessity and without them, our school would not stay in order.

Streaks Rock The Field

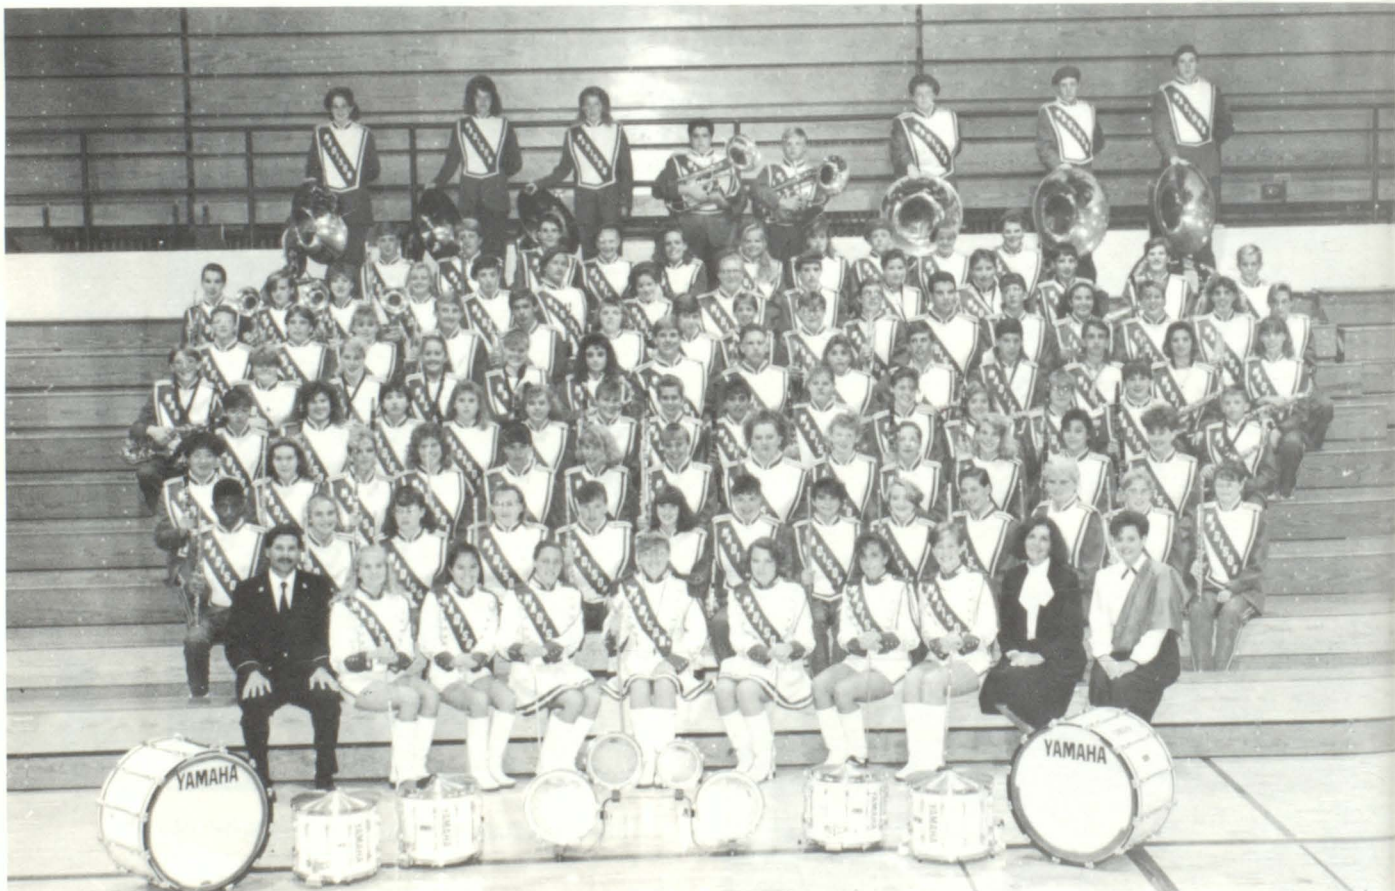

Drums beat and horns blast as the marching Streaks perform. Their blue uniforms shined under the lights as they captivated the fans. Batons flew high as the band forward marched eight and pinwheeled left. It was obvious that the band had worked hard to entertain the roaring crowds during halftime festivities. "Everywhere we attended the band has been paid many compliments on our spirit and our pride and how visible the band was," Mr. Ben Soriano says proudly, and hopes that it continues for years to come. Starting in the early summer, rehearsals were held to learn the new music which included, "Escapade," "Sloopy," "Surfin' U.S.A.," "Takin' Care of Business," "Under the Sea," "Midnight Hour," "Celebration," "Coach," and the all traditional fight song. Then the members attended two weeks of band camp at the end of the summer. Through all the heat, the band worked on perfection and becoming a family. The band practiced playing and marching as the majorettes learned routine after routine. They were seen marching on the hot pavement, preparing for the Old Fashioned

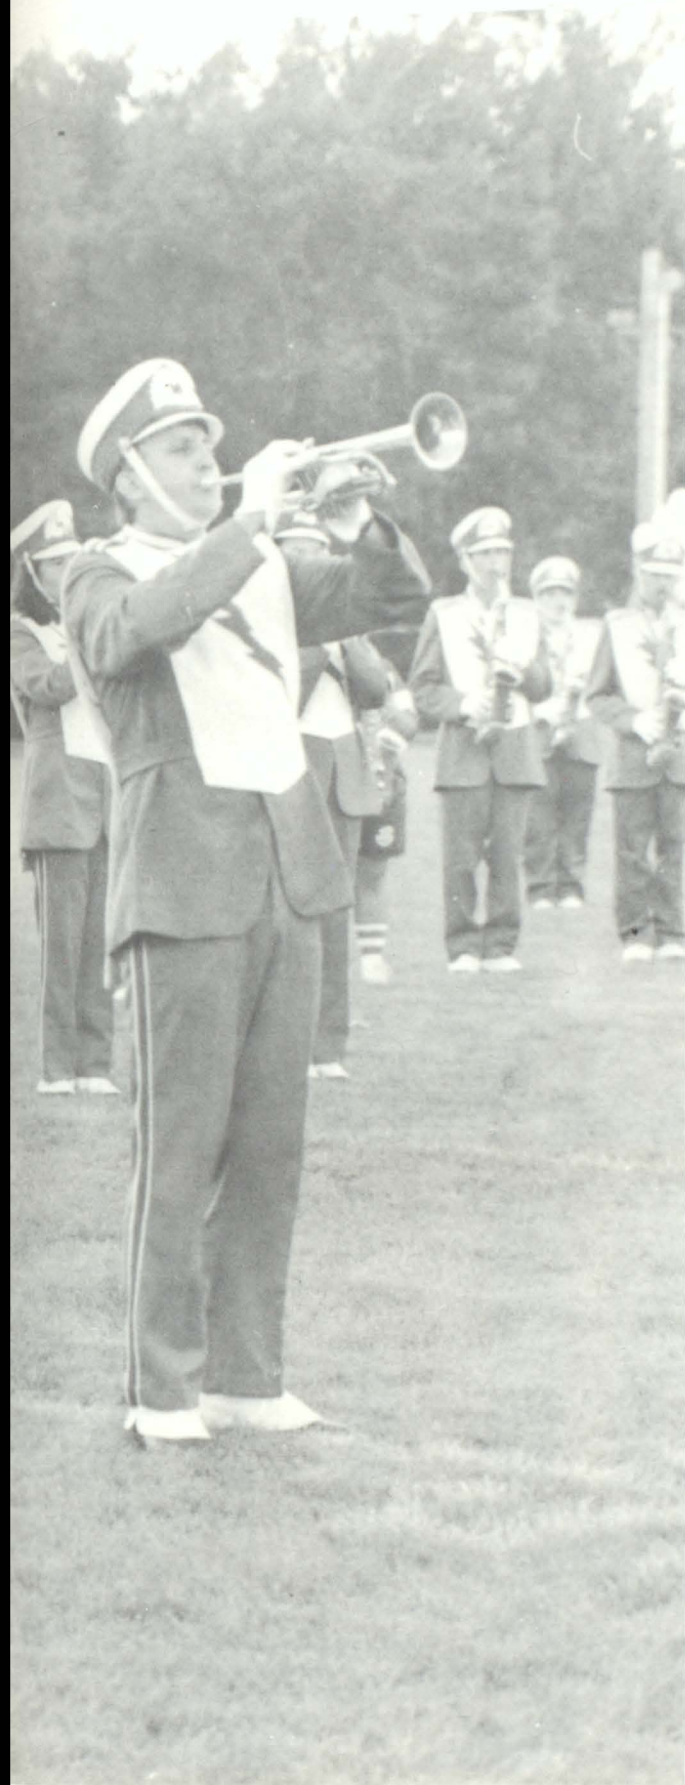

Day's Parade, and the Grape Jamboree Parade. In addition to these, they performed at the Grape Jamboree Festival, the Lake County Band Festival, and above all, they traveled with their football team and played for halftime and pregame and also filled the stands with ultimate pride and spirit for their Blue Streak team. Their marching abilities did not end with the football season. They went on to perform in the St. Patrick's Day Parade in downtown Cleveland, the Memorial Day Parade, and their all time favorite trip to Cedar Point. The band also played for pep assemblies and the Halloween Party in the fall. The band happily welcomed Mr. Soriano and Ms. Emily DePaul as the new band directors. Mr. Soriano expressed his gratitude, "I was happy and grateful to the band for being receptive to the new ideas and attitudes that I have tried to put into effect in taking over as head director." Despite various additions and changes, the band's pride and character was as strong as ever.

The Best Get Better!

Tuning In ... Senior George Boch fixes his radio in Electronics.

The sound of clicking typewriters, snipping scissors, metal being pounded, tools rattled, nails hammered, and computers beeping were some of the sounds heard at Auburn Career Center. Auburn offered a wide variety of occupations which prepared students that were not planning on participating in going to college. Senior Clyde Burnheimer was in the Senior Marketing Program. This prepared him for some type of occupation in sales or salesmanship. The program helped his future, and he benefitted greatly from this. While Clyde was involved in marketing, Junior Dan White preferred going into electronics. He wired circuits, such as those in lamps. Dan liked doing things on his own, and he was glad to take part in a hands-on course rather than just sit in class. Most of the students attended Auburn had benefitted because they learned about life and how it was lived.

Computer Wizes ... Seniors Debbie Wickert and Wendy Knight are working hard in Information Processing.

Car Troubles ... Seniors Jay Vysniauskas and Rick Kerr are replacing a radiator in their auto-mechanics class.

Current Events

Music . . .

M.C. Hammer

Sinead O'Connor

Madonna

Aerosmith

Bell Biv DeVoe

She started to look through her cassette collection to choose a tape which fit her mood, but she couldn't make a decision. Staring at her were tapes ranging from **Beethoven**, to **M.C. Hammer**, to the **B-52's**, to **Phil Collins**, to **Warrent**, and to **Jane's Addiction**. The list goes on and on. It's so amazing to think about how many different types of music there are in the world today. Tastes vary from classical to heavy metal. For every type of person, there is a type of music to make them happy. **Aerosmith** has been around for a long time and they have had a history of good, as well as, bad times. 1990 may have been their best year yet. Their latest album, "Pump," has been on the charts for all of 1990. **Bell Biv DeVoe** rolled into the music scene in a big way. Their album, "Poison," hit the charts near the top. **M.C. Hammer's** second album, "Please Hammer Don't Hurt 'Em," sold close to 5 million copies and is one of a few rap albums in history to land at the top of the pop charts. In 1991, he won 5 American Music Awards. **Sinead O'Connor's** latest album, "I Do Not Want What I Haven't Got," topped the charts in 1990. She won an MTV Music Video Award for "Nothing Compares 2U." And last, but certainly not least, **Madonna**. She has had hit after hit on the charts despite all of the controversy concerning the content of some of her videos.

Take a Look at . . .

World Affairs!

President George Bush and President Mikhail Gorbachev of the Soviet Union met several times during 1990 on economic matters and also on the war in the Persian Gulf. The Cold War ended and an era of cooperation has begun. Gorbachev is struggling to unite and reform the Soviet Union. The country is in a critical economic condition, and the Communist Party and the government agree that reform is needed, but they disagree on how to achieve it. Gorbachev is seen here during a summit meeting with President Bush. It was a time of change in Eastern Europe also. Communism no longer ruled that part of the world. Demonstrators demanding an end to the communist party domination lit candles and placed flowers on blood-stained sidewalks where police attacked protestors in the largest such rally in twenty years. Thousands of students marched for five hours to commemorate student, Jan Opletal, who was killed by Nazis fifty years ago. When demonstrators tried to reach central Wenceslas Square, police attacked them with tear gas, dogs, and clubs. Food was a very scarce commodity in the Soviet Union. As shoppers grumbled, even bread — cheap and always plentiful — joined a growing list of hard-to-get items that included tobacco, paper, and gasoline. Anatoly Znamensky, a sixty-six-year old retired taxi driver, said, "Vegetables, fruit, cheese, butter, meat — they appear and disappear. But with bread there was never a problem, until now." Russia is finding it difficult to feed itself.

War in the Gulf

The Crisis Hits Home

On August 2, 1990, Saddam Hussein, leader of Iraq, invaded and took over the country of Kuwait. The United States quickly sent over troops to aid Kuwait. Over a period of five months, the U.S. and other allied countries tried to negotiate with Iraq to withdraw from Kuwait. The U.S. held sanctions over that time, hoping to weaken Iraq and cause them to leave. Unfortunately, sanctions and peace talks were not getting Iraq to withdraw from Kuwait. Eventually, President Bush gained support from many other countries and was given the go ahead to use force to remove Iraq from Kuwait. President Bush gave Iraq til January 15, 1991, to totally withdraw from Kuwait. Since Saddam did not leave by then and showed no intentions of leaving, a day after

the deadline President Bush ordered an air attack, which turned Operation Desert Shield into Operation Desert Storm. In the meantime, back at the states, there were many peace rallies and war protests. The majority support the cause but never wanted it to come to war. There has been a big wave of patriotism and lots of support for the soldiers who have been over in the Middle East preparing for war. The people of Madison have shown their support with ribbons tied around trees, flags hanging in doorways and moments of silence at athletic events. A tape of a pep assembly was sent over to Saudi Arabia to be viewed by the soldiers that live here. The conflict of the Middle East has brought Americans closer together and shown us what we really can do.

On Guard. Senior aircraftman Paul Worthington, left, and Tom Burgess of the British Royal Air Force, from Manchester, England, are shown wearing their chemical gear as they stand guard at an airbase in Eastern Saudi Arabia.

Looking for belongings. A woman looks through the rubble of her home in the Tel Aviv suburb of Ramat Gan Thursday in search of her belongings. An Iraqi-fired Scud missile landed in the suburb destroying several homes.

Coming Down. Lynda Rains removes the American Flag from the front porch of her Stillwater home at dusk. Many residents and business are showing their support of U.S. troops in the Gulf by flying the Stars and Stripes. Rains said she has been flying her flag since the Gulf crisis began last August.

Back at Base. U.S. flight crews arrive back at their airbase in the Persian Gulf following bomb raids against Iraq.

In the News . . .

Jim Henson was a puppeteer with an enormous following. On May 16, 1990, at the age of 53, he died from a severe case of pneumonia. During his career, he created an endearing menagerie of creatures, characters of timeless appeal. In 1969, Henson's creations — Kermit, Big Bird, and Cookie Monster — first appeared on public TV's Sesame Street. Then in 1976, The Muppet Show was born. His creations will live forever — Miss Piggy, Fozzie Bear, Gonzo, Bert and Ernie, and many, many others.

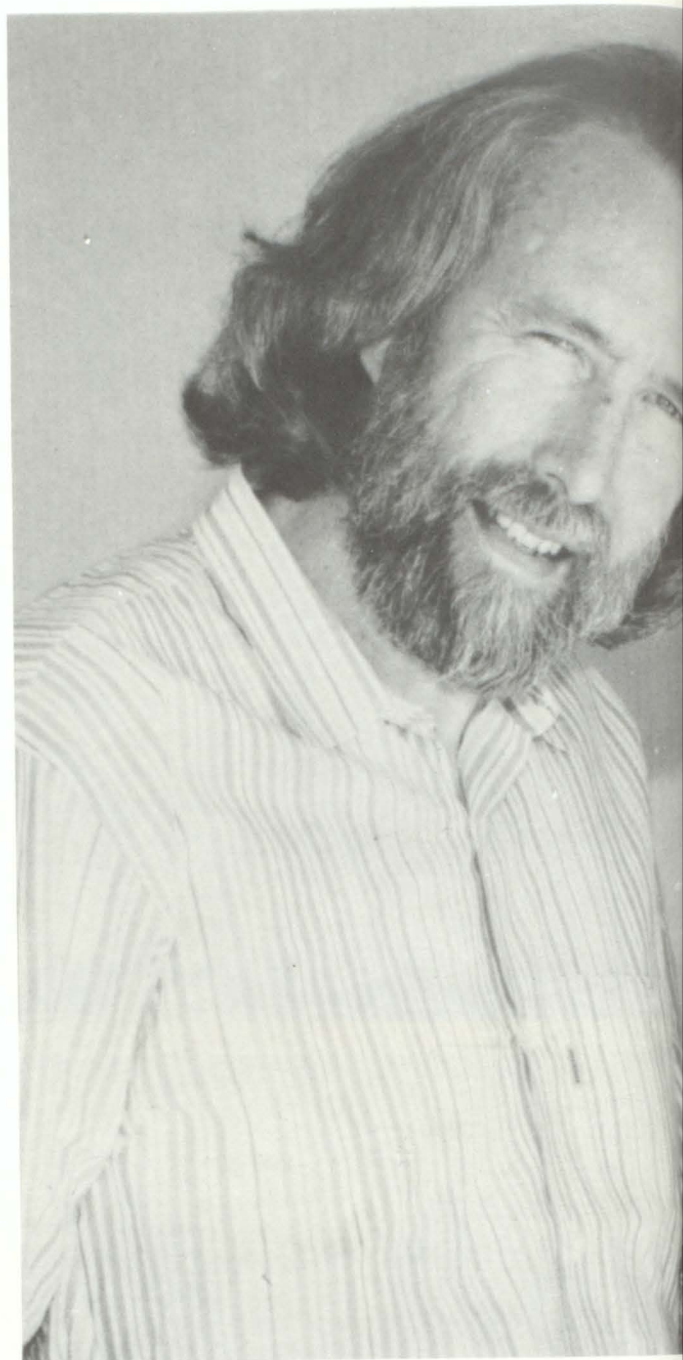

Filmmaker Spike Lee (shown here in this picture with his sister Joie) says he is looking for the day when he no longer has to sell himself to the movie industry like some new kid on the block. "Each time out is another struggle, another battle, another war," he says. But he seems to be winning the war. His second movie, "She's Gotta Have It," won him the Cannes Film Festival prize for best new director. His third, "School Daze," was a huge money-maker, and "Do the Right Thing," was received with rave reviews. The 33-year-old Lee is on a roll. Watch out Cecil B. de Mille.

Nelson Mandela was given a life sentence in 1962 for plotting to overthrow the South African government. He became one of the world's most influential prisoners, but in February, 1990, at the age of 71, Nelson Mandela was released after lengthy negotiations with President F. W. de Klerk.

David Souter became the latest member of the Supreme Court in October. He is known in his adopted home state of New Hampshire as a brilliant legal scholar, a diligent judge, and a private man who never married. The 51-year-old Supreme Court justice was described by one Congressman as "a classic conservative with great reverence for the Constitution and the law." Souter is seen here with President Bush after his nomination was announced.

Ivana and Donald Trump may look the picture of marital bliss, but don't believe it. Trump's millions were slowly eroded in 1990 to the edge of financial disaster, and he and Ivana, his wife of 13 years, separated after Trump was romantically linked with actress/model Marla Maples. 'The Donald' moved out of their 50-room triplex in New York's Trump Tower, and talk of divorce was rumored all year.
