

The background is a solid blue color with a fine, repeating geometric pattern. A white ECG (heart rate) line is overlaid on the left side, extending horizontally across the middle of the page. Behind the ECG line, there is a white, semi-transparent architectural structure that resembles a modern building or a large piece of machinery. The text "IT ALL ENDS WITH US" is printed in a white, sans-serif font on a horizontal white bar that intersects the ECG line.

It All Ends With Us

**3100 Burns Road
Madison, Ohio 44057
Volume 83**

The journey we take through Madison High School will be remembered for a life time. The games we went to, classes we took, and friends we made will always tie us back to our almamater. The theme "It all Ends with Us" doesn't simply mean we are the final class of all time, but it means that we can make a difference. In the end, you only have yourself and your peers. If you can't make a difference, then who can? It's our time and our generation stepping up to the plate. What we do in our lifetime will effect what the future generations to come will be doing with their lives. This is our chance to get it right and start our future. Because in the end, it doesn't matter what others think of you. As long as you made a difference then you're life has been fulfilled. We hope that our final impact will be a positive one because once you're gone, it really does "All End with Us".

Reading Between the Lines

At Madison High School each student has plenty of options to choose from when it comes to English. Despite losing many electives this year, there are still classes offered here and enjoyed in the English Department. Classes range from the AP to the College Placement and include studies such as British and American Literature. The English Department is made up of Mrs. Bowden, Mrs. Garaux, Mr. Herald, Mrs. Kemper, Mrs. Kilpatrick, Mrs. Madore, Mr. Smith and Mrs. Vacca. All of these teachers show their students that reading literature is a good time!

Observe and Record

You begin your high school journey by taking a generic unified science class, but as you grow up and move through the years, you begin to move into the areas of science that interest you. Being offered classes like Biology, Chemistry, Anatomy, Physics, or even Forensic Science, the interests of any young scientist are met. The experiences we gain from our science classes are like no other. Unlike other classes offered at MHS, the students get to be hands on and enjoy their block up close and personal through labs. Learning the skills for life

There is a lot more to learn in high school apart from the core classes needed to graduate. High school is also a time to learn the skills you will need throughout your entire life. There are many classes available at Madison High School to ensure students are learning the skills needed. From learning how to sew, cook, and balance a check book in Life Skills and Family and Consumer Science, to bringing a pretend baby home in Parenting, students are becoming well prepared for the future. In these classes students learn organization skills, money management, how to set and meet goals, and complete tasks that will help them later in life. Advanced Cooking had a cake making contest this year where students voted on the best cake and seniors Sam Short and Kaycee Nikses and juniors Errin Mayer and Leah Camp won. Mrs. Clark the Life Skills teacher said "I really enjoy seeing my students get excited about their future and motivated to learn."

Life is a song, So Sing It

The choirs at Madison offer a wide range of variety for boys, girls, and for those super duper kids who like to both sing and dance. This year a new group full of talent joined the choir department for just those boys who have the urge to sing. All together they are known as The Men Who Stare at Notes. Leading these talents of Madison High School is the director Miss Groah who is also a very talented woman herself. "She does a fantastic job and if she ever leaves it will be a great loss to our department," Said by senior Nichole Gabor who is very sad to leave one of her favorite teachers at MHS. All in all it was a successful year for all those who participated in sharing their love for music.

Madison Jazz Band is filled with not only awesome music, but the students involved aren't so shabby! Jazz Band rocks out the school at all of their concerts and they really know what they're doing. All of their concerts have been extravagant from the winter concert all through their spring concert. These students, along with their super duper director, Mrs. May, have been amazing throughout the whole year. With these students practicing as hard as they do, they definitely deserve applause they receive.

MEDIA MAGIC

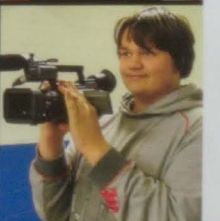

Madison Productions is a class designed to showcase student media creations. Students use professional editing software programs such as Final Cut Pro, Apple Motion, Adobe Photoshop, and Garage Band. Some projects that have been created this year include 3-D photo imaging, music videos, documentaries, public service announcements, and more. Most of the student videos are posted online and can be viewed at our Youtube or Schooltube channels.

Aside from classroom projects, Madison Productions is also responsible for videotaping all district events ranging from concerts to sporting events for the three elementary schools, the middle school, the high school, and our Board of Education.

Taking the Initiative

When it comes to most kids in high school, it's hard to focus on the things that you will never use in the real world. But at Auburn Career Center, the students are all ears. Here at ACC students from around Lake County spend half of their high school day learning about the career field of their choice.

Whether you're into cosmetology, culinary art, landscaping, or childhood education every student's needs are met. Senior Isaac Kleo stated "It's a good school to go to and I loved working on the computer."

Along with him Senior Mason Golding said "It's a great place to learn and prepares you for the work force."

Homecoming this year will be a memory students will always remember. With the theme of "Puttin' On The Ritz" homecoming week was nothing but excitement at Madison High School. Starting it off homecoming court broke down into couples in order to compete in a series of games during the assembly. On Thursday night the homecoming game took place verses Geneva High School, where our Varsity football team brought home their sixth win of the season and senior Elise Bruening was named Homecoming Queen. Ending that eventful week was the day MHS students had been waiting for, the dance. As students danced the night away memories were made to last a lifetime. The addition of a photo-booth was given high praise by many of the students hoping it will be back next year. Finally by the end of the night Senior Tony Bellow was crowned, where he and Queen Elise Bruening shared their first dance to "Learnin' To Fly" by Tom Petty. This years homecoming was super duper and enjoyed by all and will be remembered as one of the greatest nights of the year.

Blood Makes the Grass Grow

This year the spirit fans showed their unity because it was a tough year for spirit. With a much smaller turnout at first, it was obvious that there was a lack of organization. But as games went on the group grew a little stronger and showed that they indeed have spirit. "I'm glad the football team went far this year, I think they deserved it." Said by Senior Ashley Maruna who made it to as many games as she could. Junior Ross McHenry gave his thoughts on the season stating "Compared to last year the energy wasn't as intense, but I made as much noise as possible." This spirited group of students gave it their all and supported the football team through every step of the season.

With many great players the Madison Football team excelled in

great ways. Having a record of 8-2 the boys really showed what they were made of. The season went great. Definitely an improvement from last year. It will be sad watching our seniors go." Said by Coach Gilligan who was very hopeful when the season began.

Some big accomplishment of the year were finally beating our biggest rival Perry and making it to play-offs. Going to the first game against the Aurora Greenmen the Bluestreak football team made an unfortunate loss. All in all it was an super duper season.

At MHS, the band is a vital part of every football game. It was a little hard for them in the beginning with the entrance of a large freshman class, and the loss of a strong senior class but by the end of the season they were a great show to watch. Adding to the rough start was the retirement of the assistant band director, Mr. Soriano but Mrs. Stout came from the elementary school to fill the demanding position.

Despite this, the band rallied through and successfully pepped up each football game. "It was a great year for us," Senior Julia Kuhlman said, "We had some obstacles, but everyone did their best and we all had a great time." Some of the favorite songs from this year include, "Safety Dance", "Love Shack," and the senior song, "Don't Fear the Reaper". The 80's Show was a great end to their season which included plenty of dance moves and the famous Madison High School Band Dance.

HOME OF THE BLUE

BEAT

"I really liked the decorations at Winter Formal! It really made me feel like I was in Hawaii." -Freshman Sydney Ball

"Winter Formal was most definitely a night to remember!" -Senior Emily Schlemann

Winter Formal is by far one of the more fun and exciting dances held at Madison. It isn't so dressy and allows for a lot more creativity and fun when it comes to your outfit choice. Upper classmen enjoy sticking to the theme, dressing the part, and letting loose! With a "Hawaiian" theme students dressed like they were going to a Luau as they danced the night away. Senior Kirsten Weichseldorfer stated, "It was super duper fun and I had a lot of super fun times!" At the end of the night Seniors Kaycee Nikses and Jake Skelton were crowned the 2012 Winter Formal King and Queen.

"My favorite memory this year was playing the alah game at lunch." -Josh Gervan

Madison High School's Fall Play underwent some major changes this year. The largest of these was the moving of the show so that it coincided with the Christmas season. For this year's performance, the drama club donned Victorian skirts and suits and performed Charles Dickens's "A Christmas Carol." The show was directed by Rabbit Run Director, Britt Learned and senior, Tyler Kensinger performed the role of Ebenezer Scrooge and was supported by fellow classmates, Cameron Haase (junior) as Tiny Tim and Tyler Cogar (sophomore) as Bob Cratchit. Of course there were many other students who made the show a rousing success. "There weren't really any small parts. Unless you had a really important role you got to play lots of different people," Julia Kuhlman (senior) explained. Everyone said they had a lot of fun and couldn't wait for next year's show.

The Murder Mystery is an ordeal every year that requires a great deal of work. The director is responsible for organizing the space to perform, the publicity, auditioning, and everything else. Despite this, it was one of the funnest experiences for everyone involved. This year we performed, "Death of a Doornail" and the entire cast was tremendously fun to work with. They were all dedicated and energetic; my only regret is not getting another year to work with them. - Director Nichol Gabor

Wrestling is a sport of hard work, dedication and self-motivation. Even though it is a individual sport, the boys are really close as a team. This year 12 of our Wrestlers made it pass sectionals and advanced on to districts. Their captains, junior Nick Montgomery, senior Soren Iverson and senior Josh Ransom all made it to state along with Sophomore Bo

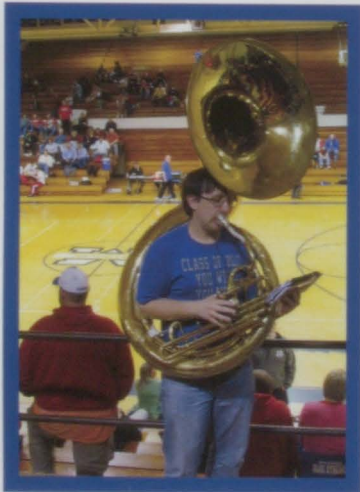

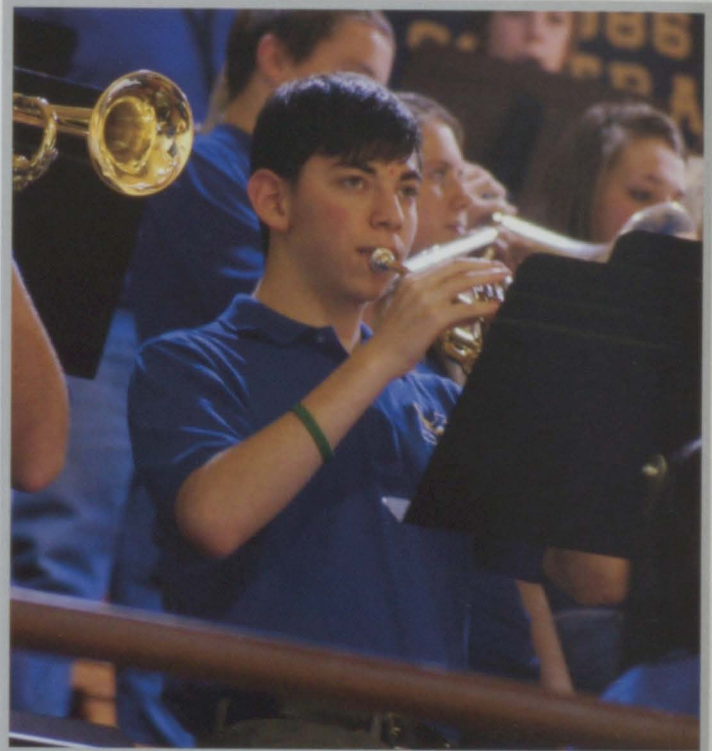

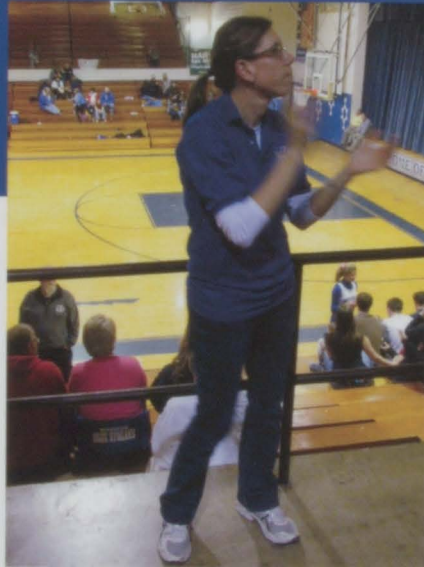

Ransom. Luckily for senior Josh Ransom, he placed 5th overall in the state and made a name for the Madison wrestlers. Captain Soren Iverson said "We had a young hard working team." And Freshman Ryan Montgomery added to that saying "I looked up to my brother this season because he is a very talented wrestler." His brother, Nick Montgomery celebrated his 100th win this season. Coach Willis stated "The team worked hard and hard work did pay off. We had four wrestlers make it to state and that's the most we've ever gotten in a while." Wrestling is a very hard sport, whether it's working to lose your weight or trying to get focused for those long weekend tournaments. Our boys know how it work, they know how to do it and it was a very exciting year for them.

The Madison Pep Band proved this year that they really know how to entertain a crowd. For band members, winter is a great time of year because they get to play all the marching band songs they love without wearing a heavy uniform or facing what mother nature threw at them. This select group of band members helped pump up the crowd during pre game and half time of the boys varsity games. "I really enjoyed the opportunity to lead the band this year because they truly are a great group of musicians." Stated senior drum major Jake Cassidy who was sad to see his high school band years end.

"My friend Jess Simko is my idol." -Amanda Gervan

The Boys and Girls Swim team held strong this year and finished the season with a great record. For the first time in nine years the girls triumphed over Willoughby South. This year The Bluestreaks welcomed a new team to Madison Athletics, a gymnastics team. Junior Captain Haley Richardson said "I've always dreamed of competing in gymnastics for the high school and was determined to make it happen. I'm so glad that I have the oppertunity to represent The BlueSteaks." The team consists of seven girls. Rachel Baird, Hannah Spaid, Mackenzie Mann, Emily Cox, Haley Richardson, Sara Miller, and Mallory Clemons. They practice twice a week for three hours at Inspire in Geneva. These girls worked hard to get the team, and continue to show us what they are made of!

11. The girls came together and showed their spirit in the hall way for a group photo.

SADD & TI really made their presence known at MHS this year. Many super duper events were held by them, including the mocktail, certain Octoberfest activities and the most anticipated mock crash. The mock crash, being the most successful is held every other year right before prom. It's an event that shows upperclassmen the consequences of drinking and driving. These few select students are so passionate about keeping the kids here at Madison safe from the effects of drugs and alcohol

that they make events and talk at pep assemblies to really get their attention. Keep up the good work!

Key Club

To Unlock New Memories

Key Club had a was taken to all new heights this year. They hosted many events including two blood drives and of course their annual winter formal dance, which is a favorite dance for the upper classman, with a luau theme. Advisors Mrs. Vacca and Mrs. Behm were proud of this years group having more than 1350 hours all together. The group worked hard to collect foods, money and shoes for local charities. Kate Kosar was elected president this year and thought this year's group "did an awesome job. The club was bigger than ever and we accomplished a lot. Also a big shout out goes to Brianna Anderson, the Vice President, the club would be nothing without her." Key club is a great organization to get involved in and is a super duper good time!

At Madison High School excellence is taken to a whole new level when the National Honors Society is involved. These fine young students are all at the top of their class but still know how to make the best out of their high school years. All of the members are not only required to make a demanding GPA but have to participate in community service. If this isn't familiar with most of the non-members then the term "Buy-A-Brain" will surely jog their memories. This exciting fundraiser keeps the NHS members working hard and their bidders relaxing all day long. Senior Alexa Miller says "NHS represents a super duper opportunity in school and my community!" By the end of the year all the current members turn into well rounded students ready for their journey into college and ready to bring in the new members with a lovely breakfast and formal ceremony in the spring.

On Issue at a time

The Madison High School Model United Nations team experienced a grand year, a year greater than previous years. The club had lost two members in the year before, making the club consist of only twelve members. In order to fix this problem strong leadership was elected. Which consist of President Lillian Shepherd, Vice President Rory Becker, and Secretary-treasure Julia Kuhlman, with assistant principle Mark Potts as advisor. Throughout the year the club faced the difficult task of funding; which the team battled with the creation of monthly bake sales in order to pay for the conferences. The conference year began with a third place finish at the Jefferson conference and continued on with a disappointing loss at the Kent State conference. Finishing the year the team ended with good marks at the Youngstown conference.

The MHS Robotics team had a great year. The Teams membership improved creating the opportunity for more teams and more robots. The team began the year by picking a company to correspond with in order to design their battle bot and then fight them in a cage of destruction. At the competition held on April 28th 2012 at Lakeland community college the team held strong against other schools, and won a few rounds, but unfortunately they did not win the overall competition. The team is looking forward to designing more robots next year and can't wait to compete again.

Yearbook

To show off your year!

Right: Senior Syan Killian takes a picture of some foolish sophomores. Below: The yearbook members make signs for the rooftop picture.

The 2012 yearbook staff showed great strengths this year. Editor Jordyn Burke and seniors Syan Killian and Sam Short contributed big effort to this yearbook and worked their hardest along side all the other staff members. While on staff, the girls had to take pictures, make spreads, conduct interviews and pretty much stalk their classmates. All the girls hope this yearbook will be their best yet since "It all Ends With us."

Editor's Corner

It has been a tough couple of years for the yearbook staff here at MHS. This year we tried really hard to pull it together and make this yearbook better than previous years. I'd like to give a special thanks to our advisor Mrs. Bowden who helped me out with a good part of the yearbook and being a joy to work with for the past few years. I'd also like to give a HUGE thank you to Syan Killian who, without her, I would of probably ripped my hair out in stress. Not only Syan, but I can't forget about Sam Short, my super duper helper who excelled for her first and last year in the group. I can't believe my years being apart of the staff are over, and it's time to enter the real world. No words can explain how much I loved working on this book. With that said, I hope everyone who sees this enjoys their yearbook. MHS CHEERLEADING RULES! -Jordyn Burke

The Madison High school Newspaper, "The Streak," celebrated their first year back with a successful year. This year "The Streak," got a new advisor, Noelle Madore, who ran the paper with the help from Editor Michelle Brunson. Each month the staff collaborated on ideas for the issues and were assigned issues to write. The articles this year ranged from interesting editorials to controversial issues such as smoking and the cyber cafe. After each completed paper went to print the staff celebrated with cake brought in by Mrs. Madore. The staff is losing 10 of its seniors this year and the remaining staff is looking forward to next year!

Spring

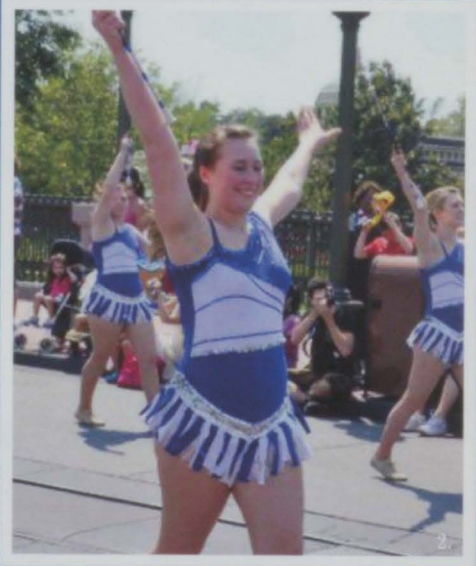

Every four years, the jazz band, marching band, and show choir travel to Disney world. This year they were joined by the ACapella choir as well. The marching band marched down main street in Magic Kingdom playing, 'Eye of the Tiger.' The Show choir performed their entire venue of songs at downtown Disney. The kids went to all the Disney and Universal studio parks. All in all, it was a fantastic trip that everyone had a great time participating in.

The Cast

"All Shook Up" was MHS's Spring Musical this year and despite the rough start, the cast and crew pulled together to have a fun and entertaining show. The musical featured all Elvis music and consisted of confusing love triangles, plenty of dancing, and a very funny script that left the audience breathless every night. The male lead was Chad played by Jake Howell against Natalie, the female lead Cassie Kahr. This year's musical was fun, different, and well put together; defiantly a good way for thespians to end their year.

The MHS Varsity baseball team had a tough year this season but showed their strength through many tough games. With a final record of 9-18-0 this season proved to be a difficult one the the boys were able to unite as one and rise to the occasion. One of their most victorious wins was the game against Lake Catholic. A hard earned win of 10-7 really boosted the guy's spirits and reminded them that they could achieve anything. Good job guys! The JV and Freshman baseball team is a place for learning and growing. These teams worked hard this year in improving their skills as a whole and individuals. Freshman Nick Miller said "The team chemistry was good but we didn't play like a team. I know the talent is there, we just have to work together. I have a feeling that next year we will have a super duper season!" Unfortunately the JV boys had a record of 5-19, showing that their season was tough. But they pulled through and tried their best to work as a team. As for next year, the boys know it will be up from here. Great effort boys and we can't wait till next year!

The MHS Varsity and Junior Varsity Tennis teams played a strong season. The Varsity team played well despite a disappointing record, 4-16. The team will be more experienced next year since they are only saying goodbye to three seniors: Jake Cassidy, Nicholas Elmore, and Christopher Waldron. The Junior Varsity team also played well and is looking forward to another great season next year.

Freshman Monica Colaneri said "I had such a super duper track season and I can't believe my first year is over."

"My junior track season was awesome! We grew, not only as athletes and people, but as a team. I cannot wait for next season because I know we are going to kick butt! -

The competition cheerleaders are a select group of girls from both varsity and jr who know how to get the crowd going. Making it their own sport, a cheerleading competition is full of squads from around the area who compete against each other for the gold. This year the girls had a very successful season going to many competitions, even some out of state. These ladies worked their butts off and went to CCC's Hard Rockin' Nationals where they took 2nd overall.

The most special of the award ceremonies is the Senior Awards Banquet. At this special event the band plays, hor dourves were served, and desert was given out.
